Subpart C—Certification

§ 126.300 How may a concern be certified as a qualified HUBZone SBC and what information will SBA consider?

A concern must apply to SBA for certification. SBA will consider the information provided by the concern in order to determine whether the concern qualifies. SBA, in its discretion, may rely solely upon the information submitted to establish eligibility, may request additional information, or may verify the information before making a determination. SBA may draw an adverse inference and deny the certification where a concern fails to cooperate with SBA or submit information

requested by SBA. If SBA determines that the concern is a qualified HUBZone SBC, it will issue a certification to that effect and add the concern to the List.

[69 FR 29423, May 24, 2004]

§ 126.301 Is there any other way for a concern to obtain certification?

No. SBA certification is the only way to qualify for HUBZone program status.

§ 126.302 When may a concern apply for certification?

A concern may apply to SBA and submit the required information whenever it can represent that it meets the eligibility requirements, subject to §126.309. All representations and supporting information contained in the application must be complete and accurate as of the date of submission. The application must be signed by an officer of the concern who is authorized to represent the concern.

§ 126.303 Where must a concern submit its application and certification?

A concern seeking certification as a HUBZone SBC must submit either an electronic application to SBA via <https://eweb1.sba.gov/hubzone/internet/> or a written application to the AA/HUB, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416. Certification pages must be validated electronically or signed by a person authorized to represent the concern.
