

§ 1240.103

(f) *Contractor* means the party who has undertaken to perform work under a contract or subcontract.

(g) *Innovation* means a mathematical, engineering or scientific concept, idea, design, process, or product, reported as new technology on NASA Form 1679.

(h) *Innovator* means any person listed as a contributor, inventor, or author of an innovation.

(i) *Invention* includes any act, method, process, machine, manufacture, design, or composition of matter, or any new and useful improvement thereof, or any variety of plant, which is or may be patentable under the patent laws of the United States or any foreign country.

(j) *Qualified User* means any person that has legally acquired computer software and has the right to use it for a legal purpose.

(k) *Verified* means passing rigorous testing to ascertain whether the functionality claimed in the innovation's documentation is realized.

§ 1240.103 Criteria.

(a) Only those contributions to NASA which have been:

(1) Used in a NASA program or adopted or sponsored or supported by NASA, and

(2) Found to have significant value in the conduct of aeronautical and space activities, will be recommended for award under this subpart.

(b) In determining the amount, terms, and conditions of any award, the following criteria will be considered:

(1) The value of the contribution to the United States;

(2) The aggregate amount of any sums which have been expended by the applicant for the development of such contribution;

(3) The amount of any compensation (other than salary received for services rendered as an officer or employee of the Government) previously received by the applicant for or on account of the use of such contributions by the United States; and

(4) Such other factors as the Administrator shall determine to be material.

14 CFR Ch. V (1-1-07 Edition)

§ 1240.104 Applications for awards.

(a) *Eligibility*. Applications for award may be submitted by any person including any individual, partnership, corporation, association, institution, or other entity.

(b) *Information required*. Applications for award should be addressed to the Inventions and Contributions Board (herein referred to as the Board), National Aeronautics and Space Administration, Washington, DC 20546-0001, and will contain:

(1) The name and address of the applicant, the person's relationship to the contributor if the contribution is made by one other than the applicant, and the names and addresses of any others having information as to the value or usage of the contribution;

(2) A complete written description of the contribution, in the English language, using electronic media, accompanied by drawings, sketches, diagrams, or photographs illustrating the nature of the contribution and the technical and scientific principles upon which it is based, any available test or performance data or observations of pertinent scientific phenomena, and the aeronautics or space application of the contribution;

(3) The date and manner of any previous submittal of the contribution to any other United States Government agency, and the name of such agency;

(4) The aggregate amount of any sums which have been expended by the applicant for the development of the contribution;

(5) The nature and extent of any known use of the contribution by the United States and by any agency of the United States Government;

(6) The amount of any compensation (other than salary received for services rendered as an officer or employee of the Government) previously received by the applicant for or on account of the use of such contribution by the United States;

(7) Identification of any United States and foreign patents applied for or issued relating to the contribution; and

(8) An agreement to surrender all claims which such applicant may have for the use of such contribution by the Government.
