### § 1015.3 Requests for records and copies.

(a) A request for access to records of the Commission shall be in writing addressed to the Secretary, Consumer Product Safety Commission, Washington, DC 20207. Any written request for records covered by this part shall be deemed to be a request for records pursuant to the Freedom of Information Act, whether or not the Freedom of Information Act is mentioned in the request. An oral request for records will not be considered a request for records pursuant to the Freedom of Information Act. Responses to oral requests for records shall be made as promptly as resources and time restraints permit.

(b) A request for access to records must reasonably describe the records requested. Where possible, specific information regarding dates, title, file designations, and other information which may help identify the records should be supplied by the requester. If the request relates to a matter in pending litigation, where the Commission is a party, the court and its location should be identified. Where the information supplied by the requester is not sufficient to permit identification and location of the records by Commission personnel without an unreasonable amount of effort, the requester will be contacted and asked to supply the necessary information. Every reasonable effort shall be made by Commission

personnel to assist in the identification and location of requested records.

(c) If it is determined that a request would unduly burden or interfere with the operations of the Commission, the response shall so state and shall extend to the requester an opportunity to confer with appropriate Commission personnel in an attempt to reduce the request to manageable proportions by reformulation and by agreeing on an orderly procedure for the production of the records.

(d) If a requested record cannot be located from the information supplied, or is known to have been destroyed or otherwise disposed of, the requester shall be so notified by the Secretary or delegate of the Secretary.

(e) The Consumer Product Safety Commission uses a multitrack system to process requests under the Freedom of Information Act that is based on the amount of work and/or time involved in processing requests. Requests for records are processed in the order they are received within each track. Upon receipt of a request for records, the Secretary or delegate of the Secretary will determine which track is appropriate for the request. The Secretary or delegate of the Secretary may contact requesters whose requests do not appear to qualify for the fastest tracks and provide such requesters the opportunity to limit their requests so as to qualify for a faster track. Requesters who believe that their requests qualify for the fastest tracks and who wish to be notified if the Secretary or delegate of the Secretary disagrees may so indicate in the request and, where appropriate and feasible, will also be given an opportunity to limit their requests.

### § 1015.4 Responses to requests for records; responsibility.

The ultimate responsibility for responding to requests for records is vested in the Secretary of the Consumer Product Safety Commission. The Secretary or delegate of the Secretary may respond directly or forward the request to any other office of the Commission for response. In any case where the Secretary or delegate of the
