

§ 1427.6

available to producers through a CMA under part 1425 of this chapter, the beneficial interest in the cotton must always have been held by the producer-member who delivered the cotton to the CMA or its member, except as otherwise provided in this section. Cotton delivered to such a CMA shall not be eligible to receive a marketing assistance loan or a loan deficiency payment if the producer-member who delivered the cotton does not retain the right to share in the proceeds from the marketing of the cotton as provided in part 1425 of this chapter.

[67 FR 64459, Oct. 18, 2002, as amended at 68 FR 49328, Aug. 18, 2003; 69 FR 12056, Mar. 15, 2004; 71 FR 32426, June 6, 2006; 71 FR 51427, Aug. 30, 2006; 71 FR 60413, Oct. 13, 2006]

§ 1427.6 Disbursement of loans.

(a) Disbursement of loans to individual producers may be made by:

- (1) County in CCC and FSA offices;
- (2) Loan servicing agents; or

(3) An approved cotton clerk who has entered into a written agreement with CCC on a form prescribed by CCC.

(b) Loan proceeds may be disbursed by CCC or a cotton commercial bank.

(c) The loan documents shall not be presented for disbursement unless the cotton covered by the mortgage or pledged as security is eligible under §1427.5. If the cotton was not eligible cotton at the time of disbursement, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.7 Maturity of loans.

(a)(1) Form A loans and Form G loans mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed under §1427.5(a).

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess

7 CFR Ch. XIV (1–1–07 Edition)

of the amount of the loan, plus interest and charges.

§ 1427.8 Amount of loan.

(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.

(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600 pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section by the applicable loan rate.

(d) CCC will not increase the amount of the loan made for any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made for the weight of the bale or the classification for the bale, such error may be corrected.

§ 1427.9 Classification of cotton.

(a) References made to “classification” in this subpart shall include color grade, leaf, staple length, extraneous matter and micronaire, and for upland cotton, strength readings. All cotton tendered for loan must be classed by an AMS Cotton Classing Office or other entity approved by CCC and tendered on the basis of such classification.

(b) An AMS cotton classification or other entity’s classification acceptable by CCC showing the classification of a bale must be based upon a representative sample drawn from the bale under instructions to samplers drawing samples under AMS procedures.

(c) If the producer’s cotton has not been classed or sampled in a manner acceptable by CCC, the warehouse shall sample such cotton and forward the

samples to the AMS Cotton Classing Office or other entity approved by CCC serving the district in which the cotton is located. Such warehouse must be licensed by AMS or be approved by CCC to draw samples for submission to the AMS Cotton Classing Office or other entity approved by CCC.

(d) If a sample has been submitted for classification, another sample shall not be drawn, except for a review classification.

(e) Where review classification is not involved, if through error or otherwise two or more samples from the same bale are submitted for classification, the loan rate shall be based on the classification having the lower loan value.

(f) If a review classification is obtained, the loan value of the cotton represented thereby will be based on such review classification.

§ 1427.10 Approved storage.

(a) Eligible cotton may be pledged as collateral for loans only if stored at warehouses approved by CCC.

(1) Persons desiring approval of their facilities should contact the Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141-6205.

(2) The names of approved warehouses may be obtained from the Kansas City Commodity Office or from State or county offices.

(b) When the operator of a warehouse receives notice from CCC that a loan has been made by CCC on a bale of cotton, the operator shall, if such cotton is not stored within the warehouse, as directed by CCC place such cotton within such warehouse.

(c) An approved cotton storage warehouse may temporarily store cotton pledged as collateral for a CCC loan outside, subject to the following conditions:

(1) The warehouse submits an application for approval of outside storage on a form prescribed by CCC.

(2) The warehouse is located in a storage deficit area as determined by CCC.

(3) The warehouse complies with all outside storage requirements established by CCC including but not limited to the duration of such outside storage as granted by CCC for the individual application, all-risk insurance for the

loan value of the cotton with CCC as loss payee, and use of additional protective coverings and materials that elevate the entire bottom surface of the bale to protect such cotton from damage by water or airborne contaminants.

(4) The electronic warehouse receipt for any bale or bales of cotton pledged as collateral for a CCC loan must include the dates that the bale was initially stored outside, and the date that outside storage stopped.

(5) The warehouse provides CCC a weekly report in a format proscribed by CCC identifying individual bales of cotton pledged as collateral for a CCC loan that are stored outside.

(d) Warehouse charges paid by a producer will not be refunded by CCC.

(e) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in §1427.23.

(f) With respect to 2003 and subsequent crops of ELS cotton, a producer may obtain a loan on cotton that is not stored as otherwise provided in this section if such cotton is stored:

(1) At a commercial entity that is involved in the handling or storage of cotton in a county or area determined and announced by CCC as approved for outside storage of loan collateral;

(2) The site is constructed so as to prevent the accumulation of water under such cotton; and

(3) As otherwise provided in the loan agreement. The collateral for such loan shall be as specified in the loan agreement and may include the actual bale of cotton.

[67 FR 64459, Oct. 18, 2002, as amended at 68 FR 49328, Aug. 18, 2003; 69 FR 12056, Mar. 15, 2004; 71 FR 51427, Aug. 30, 2006]

§ 1427.11 Warehouse receipts.

(a) Producers may obtain loans on eligible cotton represented by warehouse receipts only if the warehouse receipts meet the definition of a warehouse receipt and provide for delivery of the cotton to bearer or are properly assigned by endorsement in blank, so as to vest title in the holder of the receipt or are otherwise acceptable to CCC. The warehouse receipt must:
