

to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, in accordance with the provisions of §1468.24 of this part;

(iv) Agree to forego participation in CRP, EQIP, and the cost-share agreements under WRP, along with future payments associated with these programs, with regard to the land under the CFO contract;

(v) Supply information as required by CCC to determine compliance with the contract and requirements of the program;

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices in accordance with the provisions of §1468.22 of this part, and

(5) Include any other provision determined necessary or appropriate by CCC.

(c) There is a limit of one CFO contract at any one time for each farm, as constituted by FSA.

(d) The contract will incorporate the operation and maintenance of conservation practices applied under the contract, including those practices transferred from terminated CRP and EQIP contracts and WRP cost-share agreements. For persons wishing to transfer from CRP, EQIP, or WRP to CFO, practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate, unless otherwise stated in the conservation farm plan.

(e) Acreage that is subject to a WRP easement will not be included in the CFO contract.

(f) Upon completion, the participant must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract.

**§1468.22 Conservation practice operation and maintenance.**

(a) The participant will operate and maintain the conservation practice for its intended purpose for the life span of the conservation practice, as identified in the conservation farm plan. Conservation practices installed before the execution of a CFO contract, but needed in the contract to obtain the envi-

ronmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the lifespan of the practice as specified in the contract to ensure that the operation and maintenance is occurring.

(b) For those persons who are signatories to existing CRP or EQIP contracts, or WRP cost-share agreements, practices will be transferred from EQIP and CRP contracts or WRP cost-share agreements, as agreed upon in the CFO conservation farm plan and CFO contract. Remaining rights and obligations under CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate. Participants in CFO with CRP, EQIP, or WRP practices incorporated into CFO contracts are responsible for operating and maintaining these practices for the balance of the period specified in the original program contract, unless otherwise stated in the conservation farm plan and CFO contract.

**§ 1468.23 Annual payments.**

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with §1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with §1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice which would have qualified for payment under EQIP which was determined eligible in accordance with §1468.6(c);

**§ 1468.24**

**7 CFR Ch. XIV (1-1-07 Edition)**

(b) The maximum amount of annual payments which a person may receive under the CFO for any fiscal year shall not exceed the total of the amounts calculated in accordance with paragraph (a) of this section after being limited as follows:

(1) The payment calculated in accordance with paragraph (a)(1) of this section is limited in accordance with CRP payment limitation provisions set forth in part 1410 of this chapter.

(2) The payment calculated in accordance with § 1467.9(a)(2) of this chapter is not limited.

(3) The payment calculated in accordance with § 1466.23(a)(3) of this chapter is limited in accordance with EQIP payment limitation provisions in § 1466.23(b) of this chapter.

(c) The regulations set forth at part 1400 of this chapter will be applicable in making payment eligibility determinations for CFO and in making person determination as they apply to the limitation of payments determined in accordance with paragraph (b) of this section.

(d) The CCC cost-share payments to a participant shall be reduced so that total financial contributions for a structural or vegetative practice from all public and private entity sources do not exceed the cost of the practice.

(e) A landowner or producer that enrolls in CFO and terminates a CRP or EQIP contract or WRP cost-share agreement will be eligible to receive payments for practices which have been determined, established, or completed by the technical agency under those contracts or agreements. Once the CFO contract is effective, all payments for practices, including any practice transferred from the terminated contract agreement will be made under the CFO contract, except for payments already earned under prior contracts or cost-share agreements.

(f) Payments will not be made to a participant who has applied or initiated the application of a conservation practice for the purposes of CFO prior to approval of the CFO contract.

(g) When requested by the State Conservationist on a case-by-case basis, the Chief may approve, based upon availability of funding, cost share on the reapplication of a practice to re-

place or repair practice destroyed by unusual circumstances beyond the control of the landowner.

(h) The participant and NRCS must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract before the CCC will approve the payment of any cost-share, incentive, or land retirement payment.

**§ 1468.24 Contract modifications and transfers of land.**

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

**§ 1468.25 Contract violations and termination.**

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto,
