

§ 251.100 Discretionary review.

(a) Petitions or requests for discretionary review shall not, in and of themselves, give rise to a decision to exercise discretionary review. In electing to exercise discretion, a Reviewing Officer should consider, but is not limited to, such factors as controversy surrounding the decision, the potential for litigation, and whether the appeal decision is precedential in nature or establishes new policy.

(b) As provided for in §§ 251.87(d) and (e), 251.91(k), and 251.92, stay decisions rendered by a Forest Supervisor, certain dismissal decisions rendered by Forest Service line officers, and first-level appeal decisions rendered by Regional Foresters and the Chief (§ 251.99), are subject to discretionary review at the next highest administrative level. Within one day following the date of a decision subject to such discretionary review, the Reviewing Officer shall forward a copy of the decision and the initial decision upon which the appeal is predicated to the next higher officer.

(c) The next higher level officer shall have 15 calendar days from date of receipt to decide whether or not to review an appeal decision and may call for or use the appeal record in deciding whether or not to review the appeal decision. If the record is requested, the 15-day period is suspended at that point. The lower level Reviewing Officer shall forward it within 5 days of the request. Upon receipt, the higher level officer shall have 15 days to decide whether or not to review the lower level decision. If that officer takes no action by the expiration of the discretionary review period, appellants shall be notified by the discretionary level officer that the appeal decision of the Reviewing Officer stands as the final administrative review decision of the Department of Agriculture.

(d) When an official exercises the discretion in § 251.87(d) or § 251.87(e) of this subpart to review a dismissal or appeal decision, the discretionary review shall be made on the existing appeal record and the lower level Reviewing Officer's appeal decision. The record shall not be reopened to accept additional submissions from any source, including the Reviewing Officer whose appeal decision is being reviewed.

(e) When an official exercises discretion to review an appeal decision, a Reviewing Officer may extend a stay, in whole or in part, during pendency of the discretionary review.

(f) The second level Reviewing Officer shall conclude the review within 30 days of the date of notice issued to an appellant that the lower level decision will be reviewed.

(g) If a discretionary review decision is not issued by the end of the 30-day review period, appellants and intervenors shall be deemed to have exhausted their administrative remedies for purposes of judicial review. In such case, appellants, intervenors, and the lower level Reviewing Officer shall be notified by the discretionary level officer.

(h) The Reviewing Officer shall provide a copy of the decision to all appellants, intervenors, the Deciding Officer, and the lower level Reviewing Officer.

§ 251.101 Policy in event of judicial proceedings.

It is the position of the Department of Agriculture that any filing for Federal judicial review of and relief from a decision appealable under this subpart is premature and inappropriate, unless the appellant has first sought to resolve the dispute by invoking and exhausting the procedures of this subpart. This position may be waived only upon a written finding by the Chief.

§ 251.102 Applicability and effective date.

(a) Except where applicants or holders elect the decision review procedures of part 217 of this chapter, appealable decisions arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System lands made on or after February 22, 1989, shall be subject to the procedures of this part.

(b) Decisions made before February 22, 1989, arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System
