

§ 292.17

(6) No signs, billboards or advertising devices except a property identification sign and one sale or rental sign not to exceed 2 square feet in area, harmonious in design and color with the surroundings. Signs not complying with this standard may be approved by certifications issued pursuant to § 292.15(d) in special cases.

(7) Any tree removal and related slash disposal and soil erosion prevention measures to be conducted in a manner that will minimize detrimental effects to the site and adjoining lands.

(8) The general topography of the landscape to be unaltered except for incidental excavation or topographic change required by ranching activities.

(9) Structures and improvements, including fences, to be maintained in usable condition or removed. Those recognized as having historic or esthetic value may remain.

(10) Roads to be designed, located and constructed to minimize esthetic impact and soil movement.

(11) Agricultural practices to be limited to hay production and pasture and range grazing in a manner which does not degrade water quality or result in accelerated soil erosion.

(h) *Mineral operations.* The standards set forth in this paragraph shall apply to a private property or portion thereof in any land use category which is used for mineral operations. To aid in determining whether a planned mineral operation will conform to these standards, the owner of the property shall submit to the Area Ranger a proposed plan of operations. If the Area Ranger determines that the proposed operation conforms to the standards established herein he will approve the plan and such approval shall constitute the certification provided for in § 292.15(d).

(1) Operations will be confined to those locations where they may be conducted without substantially impairing or detracting from the scenic, natural, historic, pastoral, and fish and wildlife values of the area.

(2) The general standards set forth in paragraph (c) of this section shall apply to any mineral operations.

(3) The operations as described in the plan of operation and as they are carried out in accordance with the plan shall:

(i) Comply with Federal and State air and water quality and waste disposal standards.

(ii) Minimize adverse impacts on scenic values.

(iii) Provide for prompt stabilization and restoration of areas disturbed by the operations.

Subpart D—Sawtooth National Recreation Area—Federal Lands

AUTHORITY: Sec. 1, 30 Stat. 35, 36, as amended, 16 U.S.C. 478, 551; sec. 11, 86 Stat. 612, 16 U.S.C. 460aa-10.

§ 292.17 General provisions.

(a) The use, management and utilization of natural resources on the Federal lands in the Sawtooth National Recreation Area (SNRA) are subject to the General Management Plan and the laws, rules, and regulations pertaining to the National Forests with the exception that part 252 of this chapter does not apply to these resources. No use or disposal of such resources shall be authorized which will result in substantial impairment of the natural values of the Recreation Area.

(b) *Definitions:*

(1) *Act* means Pub. L. 92-400 (86 Stat. 612), which established the SNRA.

(2) *Area Ranger or Superintendent* means the Forest Service officer having administrative authority for the SNRA.

(3) *General management plan* means the document setting forth the land allocation and resource decisions for management of the SNRA.

(4) *Letter of authorization* means a letter signed by the Area Ranger, or his designee, authorizing an operator to conduct operations as approved in the operating plan.

(5) *Mineral resources* means all locatable minerals.

(6) *Operator* means a person conducting or proposing to conduct operations.

(7) *Operations* means all functions works, and activities in connection with exploration, development, mining or processing of mineral resources and all uses reasonably incident thereto,

including roads and other means of access on lands, regardless of whether said operations take place on or off mining claims.

(8) *Operating plan* means a written instrument describing proposed operations on Federal lands and containing such information as required by § 292.18.

(9) *Person* means any individual, partnership, association, corporation, or other legal entity.

(10) *Substantial impairment* means that level of disturbance of the values of the SNRA which is incompatible with the standards of the General Management Plan. The proposed activities will be evaluated as to:

- (i) The period of impact,
- (ii) The area affected, and
- (iii) The importance of the impact on the SNRA values.

(11) *Unpatented mining claims* means any mining claim or millsite claim located prior to August 22, 1972, pursuant to the Mining Law of 1872, but not patented.

[42 FR 39387, Aug. 4, 1977]

§ 292.18 Mineral resources.

(a) *Occupancy*. No unpatented mining claim may be used or occupied, except as otherwise permitted for any purpose other than exploration, mining, or processing operations and uses reasonably incident thereto.

(b) *Letter of authorization*. A letter of authorization with the posting of an appropriate bond is required prior to conducting operations in the SNRA.

(c) *Operating plan*. A proposed operating plan must be filed with the Area Ranger prior to conducting any operations and prior to construction, reconstruction, improvement or maintenance of roads and trails, bridges, or other facilities for access within the SNRA; provided, that an operating plan is not required for—

- (1) Operations which only involve vehicular travel on existing roads open to public use;
- (2) Marking and/or reestablishing claims corners;
- (3) Sampling and exploration work which will not cause significant damage to surface resources and will not involve the removal of more than 100 pounds of material for analysis and

study, provided the Area Ranger has prior notice of such activities; or

(4) The evaluation and study of existing underground mine workings not involving surface disturbances.

(d) *Operating plan—requirements*. Each operating plan shall include:

(1) The names and mailing addresses of operators and their agents, along with a statement of ownership and/or authorization under which the operation is to be conducted, and including a copy of the location notice(s), proof of assessment labor, and quit claim deeds if ownership has changed within the assessment year.

(2) A map or sketch showing information sufficient to locate the proposed area of operations on the ground, existing and/or proposed roads or access routes to be used in connection with the operations and the approximate location and size of areas where surface resources will be disturbed.

(3) Information describing the nature of operations proposed and how they will be conducted, the type and standard of existing and proposed roads or access routes, the means of transportation to be used, the period during which the proposed operations will take place, and measures to be taken for protecting the values of the SNRA and reclaiming the lands.

(e) *Operating plan—approval*. (1) The Area Ranger shall promptly acknowledge receipt of any operating plan to the operator. The Area Ranger shall review the environmental effects and conduct a technical examination of each proposed operating plan.

The technical examination shall identify the resources and the land uses in the area of operations. The Area Ranger shall use the current General Management Plan of the SNRA and the Final Environmental Statement as guides in determining whether the proposed operations may result in substantial impairment of the values of the SNRA. In his review, the Area Ranger may solicit comments from the general public and/or other government agencies in analysis of environmental effects. In his review, the Area Ranger will consider the compatibility of the proposed operating plan with the Act and the General Management Plan. The Area Ranger may not approve an
