

repealed, whereupon the certification of the statute (and any districts designated thereunder) will be withdrawn by the Secretary. If a certified statute is amended, the duly authorized representative shall submit the amendment(s) to the Secretary, with a copy to the SHPO, for review in accordance with the procedures outlined above. Written notification of the Secretary's decision as to whether the amended statute continues to meet these criteria will be sent to the duly authorized representative and the SHPO within 60 days of receipt.

(g) The Secretary may withdraw certification of a statute (and any districts designated thereunder) on his own initiative if it is repeal or amended to be inconsistent with certification requirements after providing the duly authorized representative and the SHPO 30 days in which to comment prior to the withdrawal of certification.

**§ 67.9 Certifications of State or local historic districts.**

(a) The particular State or local historic district must also be certified by the Secretary as substantially meeting National Register criteria, thereby qualifying it as a registered historic district, before the Secretary will process requests for certification of individual properties within a district or districts established under a certified statute.

(b) The provision described herein will not apply to properties within a State or local district until the district has been certified, even if the statute creating the district has been certified by the Secretary.

(c) The Secretary considers the duly authorized representative requesting certification of a statute to be the official responsible for submitting district documentation for certification. If another person is to assume responsibility for the district documentation, the letter requesting statute certification shall indicate that person's name, address, and telephone number. The Secretary considers the authorizing statement of the duly authorized representative to indicate that the jurisdiction involved wishes not only that the statute in question be cer-

tified but also wishes all historic districts designated by the statute to be certified unless otherwise indicated.

(d) Requests shall be sent to the SHPO in participating States and directly to the appropriate NPS regional office in nonparticipating States. The SHPO shall be given a 30-day opportunity to comment upon an adequately documented request. Comments received from the SHPO within this time period will be considered by the Secretary in the review process. The guidelines in National Register Bulletin 16, "Guidelines for Completing National Register of Historic Places Forms," provide information on how to document historic districts for the National Register. Each request should include the following documentation:

(1) A description of the general physical or historical qualities which make this a district; and explanation for the choice of boundaries for the district; descriptions of typical architectural styles and types of buildings in the district.

(2) A concise statement of why the district has significance, including an explanation of the areas and periods of significance, and why it meets National Register criteria for listing (see 36 CFR part 60); the relevant criteria should be identified (A, B, C, and D).

(3) A definition of what types of properties contribute and do not contribute to the significance of the district as well as an estimate of the percentage of properties within the district that do not contribute to its significance.

(4) A map showing all district properties with, if possible, identification of contributing and noncontributing properties; the map should clearly show the district's boundaries.

(5) Photographs of typical areas in the district as well as major types of contributing and noncontributing properties; all photographs should be keyed to the map.

(e) Districts designated by certified State or local statutes shall be evaluated using the National Register criteria (36 CFR part 60) within 30 days of the receipt of the required documentation by the Secretary. Written notification of the Secretary's decision will be sent to the duly authorized representative or to the person designated

as responsible for the district documentation.

(f) Certification of statutes and districts does not constitute certification of significance of individual properties within the district or of rehabilitation projects by the Secretary.

(g) Districts certified by the Secretary as substantially meeting the requirements for listing will be determined eligible for listing in the National Register at the time of certification and will be published as such in the FEDERAL REGISTER.

(h) Documentation on additional districts designated under a State or local statute the has been certified by the Secretary should be submitted to the Secretary for certification following the same procedures and including the same information outlined in the section above.

(i) State or local governments, as appropriate, shall notify the Secretary if a certified district designation is amended (including boundary changes) or repealed. If a certified district designation is amended, the duly authorized representative shall submit documentation describing the change(s) and, if the district has been increased in size, information on the new areas as outlined in § 67.9. A revised statement of significance for the district as a whole shall also be included to reflect any changes in overall significance as a result of the addition or deletion of areas. Review procedures shall follow those outlined in § 67.9 (d) and (e). The Secretary will withdraw certification of repealed or inappropriately amended certified district designations, thereby disqualifying them as registered historic districts.

(j) The Secretary may withdraw certification of a district on his own initiative if it ceases to meet the National Register Criteria for Evaluation after providing the duly authorized representative and the SHPO 30 days in which to comment prior to withdrawal of certification.

(k) The Secretary urges State and local review boards of commissions to become familiar with the Standards used by the Secretary of the Interior for certifying the rehabilitation of historic properties and to consider their adoption for local design review.

#### § 67.10 Appeals.

(a) An appeal by the owner, or duly authorized representative as appropriate, may be made from any of the certifications or denials of certification made pursuant to this part or any decisions made pursuant to § 67.6(f). Such appeals must be in writing and received by the Chief Appeals Officer, Cultural Resources, National Park Service, U.S. Department of the Interior, P.O. Box 37127, Washington, DC 20013-7127, within 30 days of receipt of the decision which is the subject of the appeal. The appellant may request an opportunity for a meeting to discuss the appeal but all information the owner wishes the Chief Appeals Officer to consider must be submitted in writing. The SHPO will be notified that an appeal is pending. The Chief Appeals Officer will consider the record of the decision in question, any further written submissions by the owner, and other available information and shall provide the appellant a written decision as promptly as circumstances permit. Such appeals constitute an administrative review of the decision appealed from and are not conducted as an adjudicative proceeding.

(b) The denial of a preliminary determination of significance for an individual property may not be appealed by the owner because the denial itself does not exhaust the administrative remedy that is available. The owner instead must seek recourse by undertaking the usual nomination process (36 CFR part 60). Similarly, the denial of preliminary certification for a rehabilitation for a rehabilitation project for a property that is not a certified historic structure may not be appealed. The owner must seek a final certification of significance as the next step, rather than appealing the denial of rehabilitation certification. Administrative reviews in these circumstances may be performed at the discretion of the Chief Appeals Officer. The decision to undertake an administrative review will be made on a case-by-case basis, depending on particular facts and circumstances and the Chief Appeals Officer's schedule, the expected date for
