§ 3.31 Commencement of the period of payment.

Regardless of VA regulations concerning effective dates of awards, and except as provided in paragraph (c) of this section, payment of monetary benefits based on original, reopened, or increased awards of compensation, pension, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran may not be made for any period prior to the first day of the calendar month following the month in which the award became effective. However, beneficiaries will be deemed to be in receipt of monetary benefits during the period between the effective date of the award and the date payment commences for the purpose of all laws administered by the Department of Veterans Affairs except that nothing in this section will be construed as preventing the receipt of retired or retirement pay prior to the effective date of waiver of such pay in accordance with 38 U.S.C. 5305.

(a) *Increased award defined.* For the purposes of this section the term *increased award* means an award which is increased because of an added dependent, increase in disability or disability rating, or reduction in income. The term also includes elections of improved pension under section 306 of

§ 3.32

38 CFR Ch. I (7–1–07 Edition)

(b) *General rule of applicability.* The provisions of this section apply to all original, reopened, or increased awards unless such awards provide only for continuity of entitlement with no increase in rate of payment.

(c) *Specific exclusions.* The provisions of this section do not apply to the following types of awards.

(1) Surviving spouse's rate for the month of a veteran's death (for exception see § 3.20(b))

(2) In cases where military retired or retirement pay is greater than the amount of compensation payable, compensation will be paid as of the effective date of waiver of such pay. However, in cases where the amount of compensation payable is greater than military retired or retirement pay, payment of the available difference for any period prior to the effective date of total waiver of such pay is subject to the general provisions of this section.

(3) Adjustments of awards—such as in the case of original or increased apportionments or the termination of any withholding, reduction, or suspension by reason of:

- (i) Recoupment,
- (ii) An offset to collect indebtedness,
- (iii) Institutionalization (hospitalization),
- (iv) Incompetency,
- (v) Incarceration,
- (vi) An estate that exceeds the limitation for certain hospitalized incompetent veterans, or

§ 3.32 Exchange rates for foreign currencies.

When determining the rates of pension or parents' DIC or the amounts of burial, plot or headstone allowances or accrued benefits to which a claimant or beneficiary may be entitled, income received or expenses paid in a foreign currency shall be converted into U.S. dollar equivalents employing quarterly exchange rates established by the Department of the Treasury.

(a) *Pension and parents' DIC.* (1) Because exchange rates for foreign currencies cannot be determined in advance, rates of pension and parents' DIC shall be projected using the most recent quarterly exchange rate and shall be adjusted retroactively based upon actual exchange rates when an annual eligibility verification report is filed.

(2) Retroactive adjustments due to fluctuations in exchange rates shall be calculated using the average of the four most recent quarterly exchange rates. If the claimant reports income and expenses for a prior reporting period, the retroactive adjustment shall be calculated using the average of the four quarterly rates which were the most recent available on the closing date of the twelve-month period for which income and expenses are reported.

(b) *Burial, plot or headstone allowances and accrued benefits.* Payment amounts for burial, plot or headstone allowances and claims for accrued benefits as reimbursement from the person who bore the expenses of a deceased beneficiary's last illness or burial shall be determined using the quarterly exchange rate for the quarter in which the expenses forming the basis of the claim
