

Postal Regulatory Commission

§ 3001.172

submitted pursuant to § 3001.162(h). If the Postal Service's plan for reporting test data does not provide for periodic reporting during the conduct of the test, the Postal Service shall submit all test data to the Commission no later than 60 days following the conclusion of the test.

§ 3001.166 Suspension, continuation or termination of proceeding.

(a) In any case in which the Commission has issued a recommended decision in favor of a market test requested by the Postal Service, and the Board of Governors has put the market test recommended by the Commission into effect, the Postal Service may move for suspension of the proceeding in which its request for a permanent change in mail classification is to be considered. The Commission shall grant the Postal Service's motion for suspension if, in the Commission's opinion, it would be reasonable under the circumstances to defer consideration of the request until the information to be produced in connection with the market test becomes available.

(b) At any time during the pendency of a market test recommended by the Commission pursuant to this subpart, or following the completion of such a market test, the Postal Service may move to revise or withdraw its request for a permanent change in mail classification. If the Postal Service moves to revise its request, it shall file with the Commission all data necessary to support its amended request. If the Postal Service moves to withdraw its request, it shall explain the circumstances leading to its motion, but need not produce the test data that would otherwise be submitted pursuant to § 3001.165.

Subpart J—Rules for Expedited Review of Requests for Provisional Service Changes of Limited Duration

SOURCE: 66 FR 54443, Oct. 29, 2001, unless otherwise noted.

§ 3001.171 Applicability.

This section and §§ 3001.172 through 3001.176 apply in cases in which the Postal Service requests that the Com-

mission recommend the establishment of a provisional service which will supplement, but will not alter, existing mail classifications and rates for a limited and fixed duration. The requirements and procedures specified in these sections apply exclusively to the Commission's determination to recommend in favor of or against a provisional service proposed by the Postal Service, and do not supersede the rules applicable to requests for permanent changes in rates, fees, mail classifications, and in the nature of postal services. In administering this subpart, it shall be the policy of the Commission to recommend the introduction of provisional services that enhance the range of postal services available to the public, without producing a material adverse effect overall on postal revenues or costs, and without causing unnecessary or unreasonable harm to competitors of the Postal Service. Except in extraordinary circumstances and for good cause shown, the Commission shall not recommend provisional services of more than two years in duration; however, the Commission may grant a request to extend a provisional service for an additional year if a Postal Service request to establish the provisional service as a permanent mail classification is pending before the Commission.
