

§ 501.4

39 CFR Ch. I (7–1–07 Edition)

continental United States as it has in the past, provided the costs are not associated with particular security issues related to a provider's Postage Evidencing System or supporting infrastructure, or with the start-up or implementation of a new plant or of a new or substantially changed manufacturing process.

(1) When conducting an inspection outside the continental United States, the Postal Service will make every effort to combine the inspection with other inspections in the same general geographic area in order to enable affected providers to share the costs. The Postal Service team conducting such inspections will be limited to the minimum number necessary to conduct the inspection. All air travel will be contracted for at the rates for official government business, when available, under such rules respecting class of travel as apply to those Postal Service representatives inspecting the facility at the time the travel occurs.

(2) If political or other impediments prevent the Postal Service from conducting security evaluations of Postage Evidencing System facilities in foreign countries, Postal Service approval of the activities conducted in such facilities may be suspended until such time as satisfactory inspections may be conducted.

(d) Have, or establish, and keep under its active supervision and control adequate facilities for the control, distribution, and maintenance of Postage Evidencing Systems and their replacement or secure disposal or destruction when necessary and appropriate.

§ 501.4 Changes in ownership or control, bankruptcy, or insolvency.

(a) Any person or entity authorized under § 501.2 must promptly notify the Postal Service when it has a reasonable expectation that there may be a change in its ownership or control including changes in the ownership of an affiliate which exercises control over its Postage Evidencing System operations in the United States. A change of ownership or control within the meaning of this section includes entry into a strategic alliance or other agreement whereby a third party either has access to data related to the security

of the system or is a competitor to the Postal Service. Any person or entity seeking to acquire ownership or control of a person or entity authorized under § 501.2 must provide the Postal Service satisfactory evidence that upon completion of the contemplated transaction, it will satisfy the conditions for approval stated in § 501.2. Early notification of a proposed change in ownership or control will facilitate expeditious review of an application to acquire ownership or control under this section.

(b) Any person or entity authorized under § 501.2 must promptly notify the Postal Service when it has a reasonable expectation that there may be a change in the status of its financial condition either through bankruptcy, insolvency, assignment for the benefit of creditors, or other similar financial action. Any person or entity authorized under § 501.2 who experiences a change in the status of its financial condition may, at the discretion of the Postal Service, have its authorization under § 501.2 modified or terminated.

§ 501.5 Burden of proof standard.

The burden of proof is on the Postal Service in administrative determinations of suspension and revocation under § 501.6 and administrative sanctions under § 501.12. Except as otherwise indicated in those sections, the standard of proof shall be the preponderance-of-evidence standard.

§ 501.6 Suspension and revocation of authorization.

(a) The Postal Service may suspend and/or revoke authorization to manufacture and/or distribute any or all of a provider's approved Postage Evidencing System(s) if the provider engages in any unlawful scheme or enterprise, fails to comply with any provision in this Part 501, fails to implement instructions issued in accordance with any final decision issued by the Postal Service within its authority over Postage Evidencing Systems or if the Postage Evidencing System or infrastructure of the provider is determined to constitute an unacceptable risk to Postal Service revenues.
