

Environmental Protection Agency

§ 52.2781

(iv) A copy of the notice required by paragraph (h)(2) of this section shall also be sent to the Administrator through the appropriate regional office, and to all other State and local air pollution control agencies having jurisdiction in the region in which such new or modified installation will be located. The notice shall also be sent to any other agency in the region having responsibility for implementing the procedures required under this section.

[37 FR 10905, May 31, 1972, as amended at 40 FR 42013, Sept. 10, 1975]

§§ 52.2776–52.2778 [Reserved]

§ 52.2779 Significant deterioration of air quality.

(a) The requirements of sections 160 through 165 of the Clean Air Act are not met, since the plan does not include approvable procedures for preventing the significant deterioration of air quality.

(b) Regulations for preventing significant deterioration of air quality. The provisions of § 52.21 except paragraph (a)(1) are hereby incorporated and made a part of the applicable State plan for the Virgin Islands.

[43 FR 26410, June 19, 1978, as amended at 45 FR 52741, Aug. 7, 1980; 68 FR 11325, Mar. 10, 2003; 68 FR 74491, Dec. 24, 2003]

§ 52.2780 Control strategy for sulfur oxides.

(a) The requirements of subpart G of this chapter are not met since there has not been a satisfactory demonstration that the Virgin Islands plan provides for the attainment and maintenance of the national ambient air quality standards for sulfur oxides on the island of St. Croix.

(b) The following parts of regulation 12 V.I.R. and R. 9:204–26, “Sulfur Compounds Emission Control,” as submitted to EPA on January 21, 1976 and as amended and resubmitted to EPA on June 3, 1976 are approved:

(1) The entire regulation as it applies to the islands of St. Thomas and St. John.

(2) The entire regulation as it applies to the Virgin Islands Water and Power Authority’s Christiansted Power Plant on the island of St. Croix.

(3) The entire regulation excluding subsection (a)(2) as it applies to the remaining sources on the island of St. Croix.

Subsection (a)(2) of the regulation is not approved as it applies to the remaining sources on St. Croix because of the inadequacy of the control strategy demonstration noted in paragraph (a) of this section. Accordingly, all sources on St. Croix with the exception of the Virgin Islands Water and Power Authority’s Christiansted Power Plant are required to conform to the sulfur-in-fuel-oil limitations contained in 12 V.I.R. and R. 9:204–26 as originally submitted to EPA on January 31, 1972.

(c) Reference to “Section (a)(2)” in subsection (d) of 12 V.I.R. and R. 9:204–26, as submitted to EPA on January 21, 1976 and as amended and resubmitted to EPA on June 3, 1976, refers to the following approved limitations: (1) For the islands of St. Thomas and St. John, subsection (a)(2) of section 204–26 as submitted to EPA on January 21, 1976 and as amended and resubmitted to EPA on June 3, 1976; (2) for the island of St. Croix, subsection (a)(2) of section 204–26 as originally submitted to EPA on January 31, 1972 and approved by EPA on May 31, 1972.

[41 FR 28493, July 12, 1976, as amended at 41 FR 55531, Dec. 21, 1976; 43 FR 4016, Jan. 31, 1978; 51 FR 40676, Nov. 7, 1986]

§ 52.2781 Visibility protection.

(a) The requirements of section 169A of the Clean Air Act are not met, because the plan does not include approvable procedures for protection of visibility in mandatory Class I Federal areas.

(b) Regulation for visibility monitoring. The provisions of § 52.26 are hereby incorporated and made a part of the applicable plan for the Virgin Islands.

(c) *Long-term strategy.* The provisions of § 52.29 are hereby incorporated and made part of the applicable plan for the Virgin Islands.

[50 FR 28553, July 12, 1985, as amended at 52 FR 45137, Nov. 24, 1987]
