covered Part D spending between the initial coverage limit described in §423.104(d)(3) and the out-of-pocket threshold described in §423.104(d)(5)(iii).

# § 423.132 Public disclosure of pharmaceutical prices for equivalent drugs.

- (a) General requirements. Except as provided under paragraph (c) of this section, a Part D sponsor must require a pharmacy that dispenses a covered Part D drug to inform an enrollee of any differential between the price of that drug and the price of the lowest priced generic version of that covered Part D drug that is therapeutically equivalent and bioequivalent and available at that pharmacy, unless the particular covered Part D drug being purchased is the lowest-priced therapeutically equivalent and bioequivalent version of that drug available at that pharmacy.
- (b) *Timing of notice*. Subject to paragraph (d) of this section, the information under paragraph (a) of this section must be provided after the drug is dispensed at the point of sale or, in the case of dispensing by mail order, at the time of delivery of the drug.
- (c) Waiver of public disclosure requirement. CMS waives the requirement under paragraph (a) of this section in the case of—
- (1) An MA private fee-for-service plan described in  $\S422.4$  of this chapter that—
- (i) Offers qualified prescription drug coverage and provides plan enrollees with access to covered Part D drugs dispensed at all pharmacies, without regard to whether they are contracted network pharmacies; and
- (ii) Does not charge additional costsharing for access to covered Part D drugs dispensed at out-of-network pharmacies.
  - (2) An out-of-network pharmacy;
  - (3) An I/T/U network pharmacy;
- (4) A network pharmacy that is located in any of the U.S. territories; and
- (5) Other circumstances where CMS deems compliance with the requirements of paragraph (a) of this section to be impossible or impracticable.
- (d) Modification of timing requirement. CMS modifies the requirement under paragraph (b) of this section as follows—

- (1) For long-term care network pharmacies, which must meet the requirement in paragraph (a) of this section by providing such information to Part D plans for inclusion in the written explanations of benefits required under § 423.128(e); and
- (2) Under other circumstances where CMS deems compliance with the requirement under paragraph (b) of this section to be impossible or impracticable.

## § 423.136 Privacy, confidentiality, and accuracy of enrollee records.

For any medical records or other health and enrollment information it maintains with respect to enrollees, a PDP sponsor must establish procedures to do the following—

- (a) Abide by all Federal and State laws regarding confidentiality and disclosure of medical records, or other health and enrollment information. The PDP sponsor must safeguard the privacy of any information that identifies a particular enrollee and have procedures that specify—
- (1) For what purposes the information is used within the organization; and
- (2) To whom and for what purposes it discloses the information outside the organization.
- (b) Ensure that medical information is released only in accordance with applicable Federal or State law, or under court orders or subpoenas.
- (c) Maintain the records and information in an accurate and timely manner.
- (d) Ensure timely access by enrollees to the records and information that pertain to them.

#### § 423.153 Drug utilization management, quality assurance, and medication therapy management programs (MTMPs).

- (a) General rule. Each Part D sponsor must have established, for covered Part D drugs furnished through a Part D plan, a drug utilization management program, quality assurance measures and systems, and an MTMP as described in paragraphs (b), (c), and (d) of this section.
- (b) Drug utilization management. A Part D sponsor must have established a reasonable and appropriate drug utilization management program that—
- (1) Includes incentives to reduce costs when medically appropriate;
- (2) Maintains policies and systems to assist in preventing over-utilization and under-utilization of prescribed medications; and
- (3) Provides CMS with information concerning the procedures and performance of its drug utilization management program, according to guidelines specified by CMS.
- (c) Quality assurance. A Part D sponsor must have established quality assurance measures and systems to reduce medication errors and adverse drug interactions and improve medication use that include all of the following—
- (1) Representation that network providers are required to comply with minimum standards for pharmacy practice as established by the States.
- (2) Concurrent drug utilization review systems, policies, and procedures designed to ensure that a review of the prescribed drug therapy is performed before each prescription is dispensed to an enrollee in a sponsor's Part D plan,

typically at the point-of-sale or point of distribution. The review must include, but not be limited to,

- (i) Screening for potential drug therapy problems due to therapeutic duplication.
- $\label{eq:contraindications} \mbox{(ii) Age/gender-related contraindications.}$
- (iii) Over-utilization and under-utilization.
  - (iv) Drug-drug interactions.
- (v) Incorrect drug dosage or duration of drug therapy. (vi) Drug-allergy contraindications.
  - (vii) Clinical abuse/misuse.
- (3) Retrospective drug utilization review systems, policies, and procedures designed to ensure ongoing periodic examination of claims data and other records, through computerized drug claims processing and information retrieval systems, in order to identify patterns of inappropriate or medically unnecessary care among enrollees in a sponsor's Part D plan, or associated with specific drugs or groups of drugs.
- (4) Internal medication error identification and reduction systems.
- (5) Provision of information to CMS regarding its quality assurance measures and systems, according to guidelines specified by CMS.
- (d) Medication therapy management program (MTMP)—(1) General rule. A Part D sponsor must have established a MTMP that—
- (i) Is designed to ensure that covered Part D drugs prescribed to targeted beneficiaries described in paragraph (d)(2) of this section are appropriately used to optimize therapeutic outcomes through improved medication use;
- (ii) Is designed to reduce the risk of adverse events, including adverse drug interactions, for targeted beneficiaries described in paragraph (d)(2) of this section;
- (iii) May be furnished by a pharmacist or other qualified provider; and
- (iv) May distinguish between services in ambulatory and institutional settings.
- (2) Targeted beneficiaries. Targeted beneficiaries for the MTMP described in paragraph (d)(1) of this section are enrollees in the sponsor's Part D plan who—
  - (i) Have multiple chronic diseases;
