§ 2522.600 Who approves my performance measures?

(a) The Corporation will review and approve performance measures, as part of the grant application review process, for all non-formula programs. If the Corporation selects your application for funding, the Corporation will approve your performance measures as part of your grant award.

(b) If you are a program submitting an application under the State formula category, the applicable State commission is responsible for reviewing and approving your performance measures. The Corporation will not separately approve these measures.

§ 2522.610 What is the difference in performance measurements requirements for competitive and formula programs?

(a) Except as provided in paragraph (b) of this section, State commissions are responsible for making the final determination of performance measures for State formula programs, while the Corporation makes the final determination for all other programs.

(b) The Corporation may, through the State commission, require that formula programs meet certain national performance measures above and beyond what the State commission has individually negotiated with its formula grantees.

(c) While State commissions must hold their sub-grantees responsible for their performance measures, a State commission, as a grantee, is responsible to the Corporation for its formula programs' performance measures.

§ 2522.620 How do I report my performance measures to the Corporation?

The Corporation sets specific reporting requirements, including frequency

and deadlines, for performance measures in the grant award.

(a) In general, you are required to report on the actual results that occurred when implementing the grant and to regularly measure your program's performance.

(b) Your report must include the results on the performance measures approved as part of your grant award.

(c) At a minimum, you are required to report on outputs at the end of year one; outputs and intermediate-outcomes at the end of year two; and outputs, intermediate-outcomes and end-outcomes at the end of year three. We encourage you to exceed these minimum requirements and report results earlier.
