

## National Science Foundation

## § 680.20

(iii) Decisions to open or not open a contract to competitive bidding;

(iv) General policy or rulemaking—including, for example, decisions on particular NSF rules or formal policy, such as adoption or amendment of a resolution by the National Science Board, promulgation or amendment of an NSF regulation or circular, amendment of standard grant or contract terms, or changes to NSF manuals or policy documents; and

(v) Agency positions on particular legislative or regulatory proposals.

(d) Paragraph (a) of this section does not apply to:

(1) Any expression of a former employee's views on policy issues where the circumstances make it obvious that the former employee is only speaking as an informed and interested citizen, not representing any financial or other interests of his or her own or of any other person or institution with which he or she is associated;

(2) Any appearance or communication concerning matters of a personal or individual nature, such as the former employee's taxes, salary, benefits, possible Federal employment, rights as a former employee, or the application of conflict-of-interest rules to something the former employee proposes to do;

(3) Any appearance on the former employee's own behalf in any litigation or administrative proceeding; or

(4) Any presentation of scientific or technical information (at a site visit, for example) or any other communication of scientific or technical information on work being proposed or conducted.

(e) As soon as his or her NSF employment ceases, a former NSF employee (including any former special Government employee described in paragraph (a) of this section) may again be listed as principal investigator on an NSF award, may be listed as principal investigator in any proposal or award, and may sign a proposal as principal investigator. However, the former employee and the grantee institution shall formally designate, subject to NSF approval, a "substitute negotiator" who, though not principally responsible for the work, will represent the former employee and the institution in dealings

with NSF officials on any proposal or project for as long as the former employee would be barred from representational contacts with NSF by paragraph (a) of this section or by statute.

### § 680.13 Purposes for "substitute" requirements.

Appointment of a "substitute principal investigator" or "substitute negotiator" ensures against unthinking violation of the restrictions on dealings with NSF officials. It serves this purpose by flagging proposals or awards affected by the restrictions and by identifying someone else with whom NSF officials can properly discuss them or negotiate over them. Designation of a substitute principal investigator while an employee is at NSF has two additional functions: it identifies another person to be responsible for the work and equipment, and it reminds all concerned that during an employee's NSF service his or her attentions should focus on NSF duties.

## Subpart B—Statutory Exemptions

### § 680.20 Exemptions under 18 U.S.C. 208(b).

(a) The Foundation exempts the interests described in the remainder of this section from the operation of section 208(a) and from case-by-case formal determinations under section 208(b)(1) of title 18, United States Code.

(b) *Minor interests.* The following financial interests are too inconsequential to affect the integrity of an employee's services to the Government:

(1) Noncorporate bonds;

(2) Shares in a well-diversified money market or mutual fund;

(3) Stocks, bonds, or other securities of a corporation listed on the New York or American Stock Exchange if the aggregate market value of all the securities you hold in that corporation does not exceed \$1,000;

(4) Vested pension rights to which no further contributions are being made by your former employer.

(c) *Indirect interests.* An NSF employee may be a stockholder, partner, employee, officer, or director of an institution, such as a mutual fund, that owns a financial interest in a second institution. If the owning institution's
