

§ 64.606

(g) VRS and IP Relay providers certified under this section shall file with the Commission, on an annual basis, a report providing evidence that they are in compliance with § 64.604.

[70 FR 76215, Dec. 23, 2005]

§ 64.606 Furnishing related customer premises equipment.

(a) Any communications common carrier may provide, under tariff, customer premises equipment (other than hearing aid compatible telephones as defined in part 68 of this chapter, needed by persons with hearing, speech, vision or mobility disabilities. Such equipment may be provided to persons with those disabilities or to associations or institutions who require such equipment regularly to communicate with persons with disabilities. Examples of such equipment include, but are not limited to, artificial larynxes, bone conductor receivers and TTs.

(b) Any carrier which provides telecommunications devices for persons with hearing and/or speech disabilities, whether or not pursuant to tariff, shall respond to any inquiry concerning:

(1) The availability (including general price levels) of TTs using ASCII, Baudot, or both formats; and

(2) The compatibility of any TT with other such devices and computers.

EFFECTIVE DATE NOTE: At 72 FR 43560, Aug. 6, 2007, § 64.606 was amended by adding a note to paragraph (b), effective October 5, 2007. This amendment contains information collection requirements that have not been approved by the Office of Management and Budget (OMB). For the convenience of the user, the added text is set forth as follows:

§ 64.606 Furnishing related customer premises equipment.

(b) * * *
* * * * *

Note to paragraph (b): The application of the reporting or recordkeeping provisions included in paragraph (b) of this section to interconnected VoIP providers will be submitted for approval to the Office of Management and Budget (OMB). They are not effective as to interconnected VoIP providers until OMB approval has been obtained. The FCC will publish a notice of the effective date of the reporting and recordkeeping pro-

47 CFR Ch. I (10-1-07 Edition)

visions of this rule as to interconnected VoIP providers after it obtains OMB approval.

§ 64.607 Provision of hearing aid compatible telephones by exchange carriers.

In the absence of alternative suppliers in an exchange area, an exchange carrier must provide a hearing aid compatible telephone, as defined in § 68.316 of this chapter, and provide related installation and maintenance services for such telephones on a detariffed basis to any customer with a hearing disability who requests such equipment or services.

[61 FR 42185, Aug. 14, 1996]

§ 64.608 Enforcement of related customer premises equipment rules.

Enforcement of §§ 64.606 and 64.607 is delegated to those state public utility or public service commissions which adopt those sections and provide for their enforcement. Subpart G—Furnishing of Enhanced Services and Customer-Premises Equipment by Communications Common Carriers

Subpart G—Furnishing of Enhanced Services and Customer-Premises Equipment by Bell Operating Companies; Telephone Operator Services

§ 64.702 Furnishing of enhanced services and customer-premises equipment.

(a) For the purpose of this subpart, the term *enhanced service* shall refer to services, offered over common carrier transmission facilities used in interstate communications, which employ computer processing applications that act on the format, content, code, protocol or similar aspects of the subscriber's transmitted information; provide the subscriber additional, different, or restructured information; or involve subscriber interaction with stored information. Enhanced services are not regulated under title II of the Act.

(b) Bell Operating Companies common carriers subject, in whole or in part, to the Communications Act may directly provide enhanced services and

customer-premises equipment; provided, however, that the Commission may prohibit any such common carrier from engaging directly or indirectly in furnishing enhanced services or customer-premises equipment to others except as provided for in paragraph (c) of this section, or as otherwise authorized by the Commission.

(c) A Bell Operating Company common carrier prohibited by the Commission pursuant to paragraph (b) of this section from engaging in the furnishing of enhanced services or customer-premises equipment may, subject to other provisions of law, have a controlling or lesser interest in, or be under common control with, a separate corporate entity that furnishes enhanced services or customer-premises equipment to others provided the following conditions are met:

(1) Each such separate corporation shall obtain all transmission facilities necessary for the provision of enhanced services pursuant to tariff, and may not own any network or local distribution transmission facilities or equipment.

(2) Each such separate corporation shall operate independently in the furnishing of enhanced services and customer-premises equipment. It shall maintain its own books of account, have separate officers, utilize separate operating, marketing, installation, and maintenance personnel, and utilize separate computer facilities in the provision of enhanced services.

(3) Each such separate corporation which provides customer-premises equipment or enhanced services shall deal with any affiliated manufacturing entity only on an arm's length basis.

(4) Any research or development performed on a joint or separate basis for the subsidiary must be done on a compensatory basis. Except for generic software within equipment, manufactured by an affiliate, that is sold "off the shelf" to any interested purchaser, the separate corporation must develop its own software, or contract with non-affiliated vendors.

(5) All transactions between the separate corporation and the carrier or its affiliates which involve the transfer, either direct or by accounting or other record entries, of money, personnel, re-

sources, other assets or anything of value, shall be reduced to writing. A copy of any contract, agreement, or other arrangement entered into between such entities shall be filed with the Commission within 30 days after the contract, agreement, or other arrangement is made. This provision shall not apply to any transaction governed by the provision of an effective state or federal tariff.

(d) A carrier subject to the proscription set forth in paragraph (c) of this section:

(1) Shall not engage in the sale or promotion of enhanced services or customer-premises equipment, on behalf of the separate corporation, or sell, lease or otherwise make available to the separate corporation any capacity or computer system component on its computer system or systems which are used in any way for the provision of its common carrier communications services. (This does not apply to communications services offered the separate subsidiary pursuant to tariff);

(2) Shall disclose to the public all information relating to network design and technical standards and information affecting changes to the telecommunications network which would affect either intercarrier interconnection or the manner in which customer-premises equipment is attached to the interstate network prior to implementation and with reasonable advance notification. Such information shall be disclosed in compliance with the procedures set forth in 47 CFR 51.325 through 51.335.

(3) [Reserved]

(4) Must obtain Commission approval as to the manner in which the separate corporation is to be capitalized, prior to obtaining any interest in the separate corporation or transferring any assets, and must obtain Commission approval of any modification to a Commission approved capitalization plan.

(e) Except as otherwise ordered by the Commission, the carrier provision of customer premises equipment used

§ 64.703

47 CFR Ch. I (10–1–07 Edition)

in conjunction with the interstate telecommunications network may be offered in combination with the provision of common carrier communications services, except that the customer premises equipment shall not be offered on a tariffed basis.

[45 FR 31364, May 13, 1980, as amended at 46 FR 6008, Jan. 21, 1981; 63 FR 20338, Apr. 24, 1998; 64 FR 14148, Mar. 24, 1999; 66 FR 19402, Apr. 16, 2001]

EFFECTIVE DATE NOTE: At 64 FR 14148, Mar. 24, 1999, § 64.702(b), (c) and (d)(2) were amended. These paragraphs contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 64.703 Consumer information.

(a) Each provider of operator services shall:

(1) Identify itself, audibly and distinctly, to the consumer at the beginning of each telephone call and before the consumer incurs any charge for the call;

(2) Permit the consumer to terminate the telephone call at no charge before the call is connected;

(3) Disclose immediately to the consumer, upon request and at no charge to the consumer—

(i) A quotation of its rates or charges for the call;

(ii) The methods by which such rates or charges will be collected; and

(iii) The methods by which complaints concerning such rates, charges, or collection practices will be resolved; and

(4) Disclose, audibly and distinctly to the consumer, at no charge and before connecting any interstate non-access code operator service call, how to obtain the total cost of the call, including any aggregator surcharge, or the maximum possible total cost of the call, including any aggregator surcharge, before providing further oral advice to the consumer on how to proceed to make the call. The oral disclosure required in this subsection shall instruct consumers that they may obtain applicable rate and surcharge quotations either, at the option of the provider of operator services, by dialing no more than two digits or by remaining on the line. The phrase “total

cost of the call” as used in this paragraph means both the variable (duration-based) charges for the call and the total per-call charges, exclusive of taxes, that the carrier, or its billing agent, may collect from the consumer for the call. It does not include additional charges that may be assessed and collected without the involvement of the carrier, such as a hotel surcharge billed by a hotel. Such charges are addressed in paragraph (b) of this section.

(b) Each aggregator shall post on or near the telephone instrument, in plain view of consumers:

(1) The name, address, and toll-free telephone number of the provider of operator services;

(2) Except for CMRS aggregators, a written disclosure that the rates for all operator-assisted calls are available on request, and that consumers have a right to obtain access to the interstate common carrier of their choice and may contact their preferred interstate common carriers for information on accessing that carrier’s service using that telephone;

(3) In the case of a pay telephone, the local coin rate for the pay telephone location; and

(4) The name and address of the Consumer Information Bureau of the Commission (Federal Communications Commission, Consumer Information Bureau, Consumer Complaints—Telephone, Washington, D.C. 20554), to which the consumer may direct complaints regarding operator services. An existing posting that displays the address that was required prior to the amendment of this rules (*i.e.*, the address of the Common Carrier Bureau’s Enforcement Division, which no longer exists) may remain until such time as the posting is replaced for any other purpose. Any posting made after the effective date of this amendment must display the updated address (*i.e.*, the address of the Consumer Information Bureau).

(c) *Updating of postings.* The posting required by this section shall be updated as soon as practicable following any change of the carrier presubscribed to provide interstate service at an aggregator location, but no later than
