§ 1090.1

exemption shall remain in effect, unless modified or revoked by a subsequent decision of this Board.

[51 FR 46675, Dec. 24, 1986, as amended at 69 FR 58365, Sept. 30, 2004]

§ 1039.21 International joint through rates.

Rail carriers are exempt from the provisions of §1312.37 that require the filing of tariffs containing international joint through rates. Rail carriers must continue to comply with Board accounting and reporting requirements. This exemption shall remain in effect, unless modified or revoked by a subsequent order of this Board.

[51 FR 27046, July 29, 1986]

§ 1039.22 Exemption of certain payments, services, and commitments from the Elkins Act and related provisions.

(a) Whenever a rail carrier:

- (1) Provides payments or services for industrial development activities; or,
- (2) Makes commitments regarding future transportation;

and reasonably determines that such payments, services or commitments would not be eligible for inclusion in rail contracts under 49 U.S.C. 10713, such transaction(s) shall be exempt from 49 U.S.C. 10761(a), 10762(a)(1), 11902, 11903, and 11904(a), subject to the conditions set forth in paragraphs (b) through (e) of this section.

(b) If any interested person(s) believes a transaction is eligible for inclusion in one or more contracts under 49 U.S.C. 10713, that person's exclusive remedy shall be to request the Board to so determine, and if the Board does so, the transaction shall no longer be exempted by this section commencing 60 days after the date of the Board's determination.

(c) Transactions that are exempt under paragraph (a) of this section shall be subject to all other applicable provisions of Title 49 U.S.C. Subtitle IV and to the antitrust laws to the extent that the activity does not fall within the Board's exclusive jurisdiction.

(d) For any actual movement of traffic, a carrier must file any required tariff or section 10713 contract, and

conform to all other applicable provisions of the Interstate Commerce Act, but this paragraph shall not be interpreted to limit, revoke, or remove the effect of the exemption granted under paragraph (a) of this section with respect to any payments, services, or commitments made prior to the filing of the rate or contract.

(e) When any person files with the Board a petition to revoke the exemption granted by this section as to any specific transaction, the rail carrier shall have the burden of showing that, with respect to such transaction, all requirements of paragraph (a) of this section were met, and the carrier reasonably expected, before undertaking such payments, services or commitments, that such payments, services or commitments would result, within a reasonable time, in a contribution to the carrier's going concern value.

(f) This exemption shall remain in effect unless modified or revoked by a subsequent order of this Board.

1090.2 Exemption of rail and highway TOFC/COFC service.

1090.3 Use of TOFC/COFC service by motor and water carriers.

AUTHORITY: 49 U.S.C. 721.

§ 1090.1 Definition of TOFC/COFC service.

(a) Rail trailer-on-flatcar/container-on-flatcar (TOFC/COFC) service means the transportation by rail, in interstate or foreign commerce, of—

(1) Any freight-laden highway truck, trailer, or semitrailer,

(2) The freight-laden container portion of any highway truck, trailer, or semitrailer having a demountable chassis,

§ 1090.2

(3) Any freight-laden multimodal vehicle designed to operate both as a highway truck, trailer, or semitrailer and as a rail car,

(4) Any freight-laden intermodal container comparable in dimensions to a highway truck, trailer, or semitrailer and designed to be transported by more than one mode of transportation, or

(5) Any of the foregoing types of equipment when empty and being transported incidental to its previous or subsequent use in TOFC/COFC service.

(b) Highway TOFC/COFC service means the highway transportation, in interstate or foreign commerce, of any of the types of equipment listed in paragraph (a) of this section as part of a continuous intermodal movement that includes rail TOFC/COFC service, and during which the trailer or container is not unloaded.

[52 FR 23660, June 24, 1987]

§ 1090.2 Exemption of rail and highway TOFC/COFC service.

Except as provided in 49 U.S.C. 10505 (e) and (g), 109229(1), and 10530, rail TOFC/COFC service and highway TOFC/COFC service provided by a rail carrier either itself or jointly with a motor carrier as part of a continuous intermodal freight movement is exempt from the requirements of 49 U.S.C. subtitle IV, regardless of the type, affiliation, or ownership of the carrier performing the highway portion of the service. Motor carrier TOFC/COFC pickup and delivery services arranged independently with the shipper or receiver (or its representative/agent) and performed immediately before or after a TOFC/COFC movement provided

49 CFR Ch. X (10-1-07 Edition)

by a rail carrier are similarly exempt. Tariffs heretofore applicable to any transportation service exempted by this section shall no longer apply to such service. The exemption does not apply to a motor carrier service in which a rail carrier participates only as the motor carrier's agent (Plan I TOFC/COFC), nor does the exemption operate to relieve any carrier of any obligation it would otherwise have, absent the exemption, with respect to providing contractual terms for liability and claims.

[54 FR 51746, Dec. 18, 1989]

§ 1090.3 Use of TOFC/COFC service by motor and water carriers.

(a) Except as otherwise prohibited by these rules, motor and water common and contract carriers may use rail TOFC/COFC service in the performance of all or any portion of their authorized service.

(b) Motor and water common carriers may use rail TOFC/COFC service only if their tariff publications give notice that such service may be used at their option, but that the right is reserved to the user of their services to direct that in any particular instance TOFC/COFC service not be used.

(c) Motor and water contract carriers may use rail TOFC/COFC service only if their transportation contracts and tariffs (for water carriers) make appropriate provisions therefor.

(d) Tariffs of motor and water common or water contract carriers providing for the use of rail TOFC/COFC service shall set forth the points between which TOFC/COFC service may be used.
