§ 1105.10 Board procedures.

(a) *Environmental Impact Statements*—

(1) *Prefiling Notice.* Where an environmental impact statement is required or contemplated, the prospective applicant must provide the Section of Environmental Analysis with written notice of its forthcoming proposal at least 6 months prior to filing its application.

(2) *Notice and scope of EIS.* When an Environmental Impact Statement is

prepared for a proposed action, the Board will publish in the FEDERAL REGISTER a notice of its intent to prepare an EIS, with a description of the proposed action and a request for written comments on the scope of the EIS. Where appropriate, the scoping process may include a meeting open to interested parties and the public. After considering the comments, the Board will publish a notice of the final scope of the EIS. (3) *Notice of availability.* The Board will serve copies of both the draft Environmental Impact Statement (or an appropriate summary) and the full final Environmental Impact Statement (or an appropriate summary) on all parties to the proceeding and on appropriate Federal, State, and local agencies. A notice that these documents are available to the public will be published (normally by the Environmental Protection Agency) in the FEDERAL REGISTER. (Interested persons may obtain copies of the documents by contacting the Section of Environmental Analysis.)

(4) *Comments.* The notice of availability of the draft Environmental Impact Statement will establish the time for submitting written comments, which will normally be 45 days following service of the document. When the Board decides to hold an oral hearing on the merits of a proposal, the draft Environmental Impact Statement will be made available to the public in advance, normally at least 15 days prior to the portion of the hearing relating to the environmental issues. The draft EIS will discuss relevant environmental and historic preservation issues. The final Environmental Impact Statement will discuss the comments received and any changes made in response to them.
