

§ 1546.211

49 CFR Ch. XII (10-1-07 Edition)

property the foreign air carrier must ensure that a sign is posted in a conspicuous place at the screening checkpoint.

(2) At locations at which a foreign air carrier or TSA uses an X-ray system to inspect checked baggage the foreign air carrier must ensure that a sign is posted in a conspicuous place where the foreign air carrier accepts checked baggage.

(3) The signs required under this paragraph must notify individuals that such items are being inspected by an X-ray and advise them to remove all X-ray, scientific, and high-speed film from accessible property and checked baggage before inspection. This sign must also advise individuals that they may request that an inspection be made of their photographic equipment and film packages without exposure to an X-ray system. If the X-ray system exposes any accessible property or checked baggage to more than one milliroentgen during the inspection, the sign must advise individuals to remove film of all kinds from their articles before inspection.

(4) If requested by individuals, their photographic equipment and film packages must be inspected without exposure to an X-ray system.

(f) *Radiation survey verification after installation or moving.* Each foreign air carrier must maintain at least one copy of the results of the most recent radiation survey conducted under paragraph (b) or (c) of this section and must make it available for inspection upon request by TSA at each of the following locations—

(1) The foreign air carrier's principal business office; and

(2) The place where the X-ray system is in operation.

(g) *Incorporation by reference.* The American Society for Testing and Materials (ASTM) Standard F792-88 (Reapproved 1993), "Standard Practice for Design and Use of Ionizing Radiation Equipment for the Detection of Items Prohibited in Controlled Access Areas," is approved for incorporation by reference by the Director of the Federal Register pursuant to 5 U.S.C. 552(a) and 1 CFR part 51. ASTM Standard F792-88 may be examined at the Department of Transportation (DOT)

Docket, 400 Seventh Street SW, Room Plaza 401, Washington, DC 20590, or on DOT's Docket Management System (DMS) web page at <http://dms.dot.gov/search> (under docket number FAA-2001-8725). Copies of the standard may be examined also at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html). In addition, ASTM Standard F792-88 (Reapproved 1993) may be obtained from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.

(h) Each foreign air carrier must comply with the X-ray operator duty time limitations specified in its security program.

[67 FR 8377, Feb. 22, 2002, as amended at 69 FR 18803, Apr. 9, 2004]

§ 1546.211 Law enforcement personnel.

(a) At airports within the United States not governed by part 1542 of this chapter, each foreign air carrier engaging in public charter passenger operations must—

(1) When using a screening system required by § 1546.101(a), (b), or (c), provide for law enforcement officers meeting the qualifications and standards, and in the number and manner, specified in part 1542; and

(2) When using an airplane having a passenger seating configuration of 31 or more but 60 or fewer seats for which a screening system is not required by § 1546.101(a), (b), or (c), arrange for law enforcement officers meeting the qualifications and standards specified in part 1542 of this chapter to be available to respond to an incident and provide to appropriate employees, including crewmembers, current information with respect to procedures for obtaining law enforcement assistance at that airport.

(b) At airports governed by part 1542 of this chapter, each foreign air carrier engaging in scheduled passenger operations or public charter passenger operations when using an airplane with a passenger seating configuration of 31 or more and 60 or fewer seats under

§1546.101(c), must arrange for law enforcement personnel meeting the qualifications and standards specified in part 1542 of this chapter to be available to respond to an incident and provide to appropriate employees, including crewmembers, current information with respect to procedures for obtaining law enforcement assistance at that airport.

**§ 1546.213 Access to cargo: Security threat assessments for cargo personnel in the United States.**

This section applies in the United States to each foreign air carrier operating under §1546.101(a), (b), or (e).

(a) This section applies to each employee or agent in the United States whom the foreign air carrier authorizes to have unescorted access to cargo from the time—

(1) The cargo reaches a location where a foreign air carrier operating under §1546.101(e) consolidates or inspects it pursuant to security program requirements, until the cargo enters an airport Security Identification Display Area or is transferred to another TSA-regulated aircraft operator, foreign air carrier, or indirect air carrier, or

(2) A foreign air carrier under §1546.101(a) or (b) accepts the cargo, until the cargo—

(i) Enters an airport Security Identification Display Area;

(ii) Is removed from the destination airport; or

(iii) Is transferred to another TSA-regulated aircraft operator, foreign air carrier, or indirect air carrier.

(b) Before a foreign air carrier authorizes, and before an employee or agent gains, unescorted access to cargo as described in paragraph (a) of this section, each employee or agent must successfully complete one of the following:

(1) A criminal history records check under §§1542.209, 1544.229, or 1544.230 of this chapter, if the employee or agent is otherwise required to undergo that check.

(2) A Security Threat Assessment under part 1540 subpart C of this chapter. An employee or agent who has successfully completed this Security Threat Assessment for one employer need not complete it for another em-

ployer, if the employee or agent has been continuously employed in a position that requires a Security Threat Assessment.

(3) Another Security Threat Assessment approved by TSA as comparable to paragraphs (b)(1) or (2) of this section.

(c) Each foreign air carrier must ensure that each individual who has access to its cargo—

(1) Has successfully completed one of the checks in paragraph (b) of this section;

(2) Is escorted by an employee or agent who has successfully completed one of the checks in paragraph (b) of this section; or

(3) Is authorized to serve as law enforcement personnel at that location.

(d) Operators must submit to TSA the names and other identifying information required by TSA of all individuals required to successfully complete an assessment under paragraph (b) not later than May 15, 2007, for direct employees and not later than July 15, 2007, for agents. After those dates, the operators may not allow an individual to perform a function for which a STA is required, unless the operator has submitted the information for that individual to TSA.

(e) Operators must comply with the requirements of paragraphs (a), (b), and (c) of this section not later than the dates to be specified by TSA in a future rule in the FEDERAL REGISTER.

[71 FR 30512, May 26, 2006; 71 FR 31964, June 2, 2006, as amended at 71 FR 62549, Oct. 25, 2006; 72 FR 13026, Mar. 20, 2007]

**§ 1546.215 Known shipper program.**

This section applies to each foreign air carrier operating a program under §1546.101(a) or (b).

(a) For cargo to be loaded on its aircraft in the United States, each foreign air carrier must have and carry out a known shipper program in accordance with its security program. The program must—

(1) Determine the shipper's validity and integrity as provided in the foreign air carrier's security program;

(2) Provide that the foreign air carrier will separate known shipper cargo from unknown shipper cargo; and
