

(2) With respect to section 4(C) of the form, the applicant must provide information on an attached page concerning the address/location, ownership/lease status, current value of property or lease, and fees/lease payments paid to the airport.

(3) The applicant need not complete section 4(I) and (J). However, the applicant must provide information on an attached page concerning any other airport concession businesses the applicant firm or any affiliate owns and/or operates, including name, location, type of concession, and start date of concession.

(h) Car rental companies and private terminal owners or lessees are not authorized to certify firms as ACDBEs. As a car rental company or private terminal owner or lessee, you must obtain ACDBE participation from firms which a recipient or UCPs have certified as ACDBEs.

(i) You must use the certification standards of this part to determine the ACDBE eligibility of firms that provide goods and services to concessionaires.

Subpart D—Goals, Good Faith Efforts, and Counting

§ 23.41 What is the basic overall goal requirement for recipients?

(a) If you are a recipient who must implement an ACDBE program, you must, except as provided in paragraph (b) of this section, establish two separate overall ACDBE goals. The first is for car rentals; the second is for concessions other than car rentals.

(b) If your annual car rental concession revenues, averaged over the three years preceding the date on which you are required to submit overall goals, do not exceed \$200,000, you are not required to submit a car rental overall goal. If your annual revenues for concessions other than car rentals, averaged over the three years preceding the date on which you are required to submit overall goals, do not exceed \$200,000, you are not required to submit a non-car rental overall goal.

(c) Each overall goal must cover a three-year period. You must review your goals annually to make sure they continue to fit your circumstances appropriately. You must report to the

FAA any significant adjustments that you make to your goal in the time before your next scheduled submission.

(d) Your goals established under this part must provide for participation by all certified ACDBEs and may not be subdivided into group-specific goals.

(e) If you fail to establish and implement goals as provided in this section, you are not in compliance with this part. If you establish and implement goals in a way different from that provided in this part, you are not in compliance with this part. If you fail to comply with this requirement, you are not eligible to receive FAA financial assistance.

§ 23.43 What are the consultation requirements in the development of recipients' overall goals?

(a) As a recipient, you must consult with stakeholders before submitting your overall goals to FAA.

(b) Stakeholders with whom you must consult include, but are not limited to, minority and women's business groups, community organizations, trade associations representing concessionaires currently located at the airport, as well as existing concessionaires themselves, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the recipient's efforts to increase participation of ACDBEs.

§ 23.45 What are the requirements for submitting overall goal information to the FAA?

(a) You must submit your overall goals to the appropriate FAA Regional Civil Rights Office for approval. Your first set of overall goals meeting the requirements of this subpart are due on the following schedule:

(1) If you are a large or medium hub primary airport on April 21, 2005, by January 1, 2006. You must make your next submissions by October 1, 2008.

(2) If you are a small hub primary airport on April 21, 2005, by October 1, 2006.

(3) If you are a nonhub primary airport on April 21, 2005, by October 1, 2007.

§ 23.47

(b) You must then submit new goals every three years after the date that applies to you.

(c) Timely submission and FAA approval of your overall goals is a condition of eligibility for FAA financial assistance.

(d) In the time before you make your first submission under paragraph (a) of this section, you must continue to use the overall goals that have been approved by the FAA before the effective date of this part.

(e) Your overall goal submission must include a description of the method used to calculate your goals and the data you relied on. You must “show your work” to enable the FAA to understand how you concluded your goals were appropriate. This means that you must provide to the FAA the data, calculations, assumptions, and reasoning used in establishing your goals.

(f) Your submission must include your projection of the portions of your overall goals you propose to meet through use of race-neutral and race-conscious means, respectively, and the basis for making this projection (see § 23.51(d)(5)).

(g) FAA may approve or disapprove the way you calculated your goal, including your race-neutral/race-conscious “split,” as part of its review of your plan or goal submission. Except as provided in paragraph (h) of this section, the FAA does not approve or disapprove the goal itself (*i.e.*, the number).

(h) If the FAA determines that your goals have not been correctly calculated or the justification is inadequate, the FAA may, after consulting with you, adjust your overall goal or race-conscious/race-neutral “split.” The adjusted goal represents the FAA’s determination of an appropriate overall goal for ACDBE participation in the recipient’s concession program, based on relevant data and analysis. The adjusted goal is binding on you.

(i) If a new concession opportunity the estimated average annual gross revenues of which are anticipated to be \$200,000 or greater arises at a time that falls between normal submission dates for overall goals, you must submit an appropriate adjustment to your overall goal to the FAA for approval at least

49 CFR Subtitle A (10–1–07 Edition)

six months before executing the concession agreement for the new concession opportunity.

§ 23.47 What is the base for a recipient’s goal for concessions other than car rentals?

(a) As a recipient, the base for your goal includes the total gross receipts of concessions, except as otherwise provided in this section.

(b) This base does not include the gross receipts of car rental operations.

(c) The dollar amount of a management contract or subcontract with a non-ACDBE and the gross receipts of business activities to which a management or subcontract with a non-ACDBE pertains are not added to this base.

(d) This base does not include any portion of a firm’s estimated gross receipts that will not be generated from a concession.

Example to paragraph (d): A firm operates a restaurant in the airport terminal which serves the traveling public and, under the same lease agreement, provides in-flight catering service to air carriers. The projected gross receipts from the restaurant are included in the overall goal calculation, while the gross receipts to be earned by the in-flight catering services are not.

§ 23.49 What is the base for a recipient’s goal for car rentals?

Except in the case where you use the alternative goal approach of § 23.51(c)(5)(ii), the base for your goal is the total gross receipts of car rental operations at your airport. You do not include gross receipts of other concessions in this base.

§ 23.51 How are a recipient’s overall goals expressed and calculated?

(a) Your objective in setting a goal is to estimate the percentage of the base calculated under §§ 23.47–23.49 that would be performed by ACDBEs in the absence of discrimination and its effects.

(1) This percentage is the estimated ACDBE participation that would occur if there were a “level playing field” for firms to work as concessionaires for your airport.

(2) In conducting this goal setting process, you are determining the extent, if any, to which the firms in your
