

§ 609.3 Definitions.

As used herein:

Elderly and handicapped persons means those individuals who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, including those who are nonambulatory wheelchair-bound and those with semi-ambulatory capabilities, are unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected.

§ 609.5 Applicability.

This part, which applies to projects approved by the Federal Transit Administrator on or after May 31, 1976, applies to all planning, capital, and operating assistance projects receiving Federal financial assistance under sections 5307 or 5308 of the Federal transit laws (49 U.S.C. Chapter 53), and non-highway public mass transportation projects receiving Federal financial assistance under: (1) Subsection (a) or (c) of section 142 of title 23, United States Code; and (2) paragraph (4) of subsection (e) of section 103, title 23, United States Code. However, under certain circumstances evident in §§ 609.13 through 609.21, the latter sections apply to fixed facilities and vehicles included in projects approved before May 31, 1976. Sections in this part on capital assistance applications, fixed facilities, and vehicles apply expressly to capital assistance projects receiving Federal financial assistance under any of the above statutes.

§ 609.23 Reduced fare.

Applicants for financial assistance under section 5307 of the Federal transit laws (49 U.S.C. APPENDIX A TO PART 609—ELDERLY AND HANDICAPPED

The definitions of the term *elderly and handicapped* as applied under FTA's elderly and handicapped half-fare program (49 CFR part 609) shall apply to this rule. This permits a broader class of handicapped persons to take advantage of the exception than would be permitted under the more restrictive definition applied to the non-discrimination provisions of the Department's section 504 program (49 CFR 27.5), which includes only handicapped persons otherwise unable to use the recipient's bus service for the general public.

Accordingly, for the purposes of this part, the definition of *elderly persons* may be determined by the FTA recipient but must, at a minimum, include all persons 65 years of age or over.

Similarly, the definition of *handicapped persons* is derived from the existing regulations at 49 CFR 609.3 which provide that *Handicapped persons* means those individuals who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, including those who are nonambulatory wheelchair-bound and those with semi-ambulatory capabilities, are unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected.

To assist in understanding how the definitions might be applied to administration of the charter rule, the following questions and answers previously published by FTA for the half-fare program in FTA C 9060.1, April 20, 1978, are reproduced:

1. *Question:* Can the definition of *elderly* or *handicapped* be restricted on the basis of residency, citizenship, income, employment status, or the ability to operate an automobile?

Answer: No. Section 5(m) is applicable to *elderly and handicapped persons*. It is FTA's policy that such categorical exceptions are not permitted under the Act.
