Subpart A—Introduction

§ 13.1 General.

(a) A person must obtain a valid permit before commencing an activity for which a permit is required by this subchapter, except as provided in § 23.53 of this subchapter for retrospective permits for certain CITES shipments under very specific situations.

(b) A person must apply for such a permit under the general permit procedures of this part and any other regulations in this subchapter that apply to the proposed activity.

(1) The requirements of all applicable parts of this subchapter must be met.

(2) A person may submit one application that includes the information required in each part of this subchapter, and a single permit will be issued if appropriate.

[72 FR 48445, Aug. 23, 2007]

§ 13.2 Purpose of regulations.

The regulations contained in this part provide uniform rules, conditions, and procedures for the application for and the issuance, denial, suspension, revocation, and general administration of all permits issued pursuant to this subchapter B.

[54 FR 38147, Sept. 14, 1989]

§ 13.3 Scope of regulations.

The provisions in this part are in addition to, and are not in lieu of, other permit regulations of this subchapter and apply to all permits issued thereunder, including "Importation, Exportation and Transportation of Wildlife" (part 14), "Wild Bird Conservation Act" (part 15), "Injurious Wildlife" (part 16), "Endangered and Threatened Wildlife and Plants" (part 17), "Marine Mammals" (part 18), "Migratory Bird Permits" (part 21), "Eagle Permits" (part 22), and "Endangered Species Convention" (the Convention on International Trade in Endangered Species of Wild Fauna and Flora) (part 23). As used in this part 13, the term "permit" will refer to a license, permit, certificate, letter of authorization, or other document as the context may require, and to all such documents issued by the Service or other authorized U.S. or foreign government agencies.

§ 13.4 Emergency variation from requirements.

The Director may approve variations from the requirements of this part when he finds that an emergency exists and that the proposed variations will not hinder effective administration of this subchapter B, and will not be unlawful.

§ 13.5 Information collection requirements.

(a) The Office of Management and Budget approved the information collection requirements contained in this part 13 under 44 U.S.C. and assigned OMB Control Number 1018-0092. The Service may not conduct or sponsor, and you are not required to respond, to a collection of information unless it displays a currently valid OMB control number. We are collecting this information to provide information necessary to evaluate permit applications. We will use this information to review permit applications and make decisions, according to criteria established in various Federal wildlife conservation statutes and regulations, on the issuance, suspension, revocation, or denial permits. You must respond to obtain or retain a permit.

§ 13.11

50 CFR Ch. I (10–1–07 Edition)

(b) We estimate the public reporting burden for these reporting requirements to vary from 15 minutes to 4 hours per response, with an average of 0.803 hours per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the forms. Direct comments regarding the burden estimate or any other aspect of these reporting requirements to the Service Information Collection Control Officer, MS-222 ARLSQ, U.S. Fish and Wildlife Service, Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction Project (1018-0092), Washington, DC 20603.

Subpart B—Application for Permits

§ 13.11 Application procedures.

The Service may not issue a permit for any activity authorized by this subchapter B unless you have filed an application under the following procedures:

(a) *Forms.* Applications must be submitted in writing on a Federal Fish and Wildlife License/Permit Application (Form 3-200) or as otherwise specifically directed by the Service.

(b) *Forwarding instructions.* Applications for permits in the following categories should be forwarded to the issuing office indicated below.

(1) You may obtain applications for migratory bird banding permits (50 CFR 21.22) by writing to: Bird Banding Laboratory, USGS Patuxent Wildlife Research Center, 12100 Beech Forest Road, Laurel, Maryland 20708-4037. Submit completed permit applications to the same address.

(2) You may obtain applications for designated port exception permits and import/export licenses (50 CFR 14) by writing to the Special Agent in Charge (SAC) of the Region in which you reside (see 50 CFR 2.2 or the Service Web site, <http://www.fws.gov>, for addresses and boundaries of the Regions). Submit completed permit applications to the same address.

(3) You may obtain applications for Wild Bird Conservation Act permits (50 CFR 15); injurious wildlife permits (50 CFR 16); captive-bred wildlife registra-

tions (50 CFR 17); permits authorizing import, export, or foreign commerce of endangered and threatened species, and interstate commerce of non-native endangered or threatened species (50 CFR 17); marine mammal permits (50 CFR 18); and permits and certificates for import, export, and reexport of species listed under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) (50 CFR 23) from: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 N. Fairfax Drive, Room 700, Arlington, Virginia 22203-1610. Submit completed permit applications to the same address.

(4) You may obtain Endangered Species Act permit applications (50 CFR 17) for activities involving native endangered and threatened species, including incidental take, scientific purposes, enhancement of propagation or survival (*i.e.*, recovery), and enhancement of survival by writing to the Regional Director (Attention: Endangered Species Permits) of the Region where the activity is to take place (see 50 CFR 2.2 or the Service Web site, <http://www.fws.gov>, for addresses and boundaries of the Regions). Submit completed applications to the same address (the Regional office covering the area where the activity will take place). Permit applications for interstate commerce for native endangered and threatened species should be obtained by writing to the Regional Director (Attention: Endangered Species Permits) of the Region that has the lead for the particular species, rather than the Region where the activity will take place. You can obtain information on the lead Region via the Service's Endangered Species Program Web page (<http://endangered.fws.gov/wildlife.html>) by entering the common or scientific name of the listed species in the Regulatory Profile query box. Send interstate commerce permit applications for native listed species to the same Regional Office that has the lead for that species. Endangered Species Act permit applications for the import or export of native endangered and threatened species may be obtained from the Division of Management Authority in accordance with paragraph (b)(3) of this section.
