## § 300.61

after the vessel's departure from port. When the vessel is in a shipyard, the VMS unit may be shut down and the submission of manual position reports is not required, provided that the Administrator has been notified by telephone, facsimile, or e-mail that the vessel is in the shipyard and of the intended VMS unit shutdown. If the VMS unit is shut down while the vessel is in a shipyard, the vessel owner or operator must notify the Administrator by telephone, facsimile, or e-mail as soon as possible after the vessel's departure from the shipyard.

(h) *VMS unit repair and replacement.* After a fishing trip during which interruption of automatic position reports has occurred, the vessel's owner or operator must have the VMS unit repaired or replaced prior to the vessel's next trip. If the VMS unit is replaced, the new VMS unit must be installed by an Administrator-authorized VMS unit installer, as specified in paragraph (c) of this section. In making such repairs or replacements, conformity with the current requirements must be met before the vessel may lawfully operate under the Treaty.

(i) *Access to data.* As a condition to obtaining a license, holders of vessel licenses issued under § 300.32 must allow the Regional Administrator, an authorized officer, the Administrator or an authorized party officer or designees access to the vessel's position data obtained from the VMS unit at the time of, or after, its transmission to the vendor or receiver.

### § 300.46 Transshipping requirements.

(a) *Applicability.* This section applies to vessels licensed under § 300.32.

(b) Transshipping may only be done at the time and place authorized for transshipment by the Pacific Island Parties, following the notification and request requirements of § 300.34(c)(5).

(c) The operator and each member of the crew of a vessel from which any fish taken in the Licensing Area is transshipped must:

(1) Allow and assist any person identified as an officer of the Pacific Island Party to:

(i) Have full access to the vessel and any place where such fish is being

transshipped and the use of facilities and equipment that the officer may determine is necessary to carry out his or her duties;

(ii) Have full access to the bridge, fish on board and areas which may be used to hold, process, weigh and store fish;

(iii) Remove samples;

(iv) Have full access to the vessel's records, including its log and documentation, for the purpose of inspection and copying; and

(v) Gather any other information required to fully monitor the activity without interfering unduly with the lawful operation of the vessel; and

(2) Not assault, obstruct, resist, delay, refuse boarding to, intimidate, or interfere with any person identified as an officer of the Pacific Island Party in the performance of his or her duties.

(d) Transshipping at sea may only be done:

(1) In a designated area in accordance with such terms and conditions as may be agreed between the operator of the vessel and the Pacific Island Party in whose jurisdiction the transshipment is to take place;

(2) In accordance with the requirements of § 300.34; and

(3) If the catch is transshipped to a carrier vessel duly authorized in accordance with national laws.

## Subpart E—Pacific Halibut Fisheries

AUTHORITY: 16 U.S.C. 773–773k.

### § 300.60 Purpose and scope.

This subpart implements the North Pacific Halibut Act of 1982 (Act) and is intended to supplement, not conflict with, the annual fishery management measures adopted by the International Pacific Halibut Commission (Commission) under the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea (Convention).

### § 300.61 Definitions.

In addition to the terms defined in § 300.2 and those in the Act and the

§ 300.61

50 CFR Ch. III (10–1–07 Edition)

Convention, the terms used in this subpart have the following meanings. If a term is defined differently in § 300.2, the Act, or the Convention, the definition in this section shall apply.

*Alaska Native tribe* means, for purposes of the subsistence fishery for Pacific halibut in waters in and off Alaska, a Federally recognized Alaska Native tribe that has customary and traditional use of halibut and that is listed in § 300.65(f)(2) of this part.

*Area 2A* includes all waters off the States of California, Oregon, and Washington.

*Area 2C* includes all waters off Alaska that are east of a line running 340° true from Cape Spencer Light (58° 11' 54" N. lat., 136° 38' 24" W. long.) and south and east of a line running 205° true from said light.

*Charter vessel* means a vessel used for hire in sport fishing for halibut, but not including a vessel without a hired operator.

*Commercial fishing* means fishing, the resulting catch of which either is, or is intended to be, sold or bartered but does not include subsistence fishing.

*Commission* means the International Pacific Halibut Commission.

*Commission regulatory area* means an area defined by the Commission for purposes of the Convention identified in 50 CFR 300.60 and prescribed in the annual management measures published pursuant to 50 CFR 300.62.

*Customary trade* means, for purposes of the subsistence fishery for Pacific halibut in waters in and off Alaska, the non-commercial exchange of subsistence halibut for anything other than items of significant value.

*Fishing* means the taking, harvesting, or catching of fish, or any activity that can reasonably be expected to result in the taking, harvesting, or catching of fish, including specifically the deployment of any amount or component part of setline gear anywhere in the maritime area.

*Guideline harvest level (GHL)* means a level of allowable halibut harvest by the charter vessel fishery.

*Halibut harvest* means the catching and retaining of any halibut.

*Head-on length* means a straight line measurement passing over the pectoral fin from the tip of the lower jaw with

the mouth closed to the extreme end of the middle of the tail.

*Individual Fishing Quota (IFQ)*, for purposes of this subpart, means the annual catch limit of halibut that may be harvested by a person who is lawfully allocated a harvest privilege for a specific portion of the TAC of halibut.

*IFQ fishing trip*, for purposes of the subpart, means the period beginning when a vessel operator commences harvesting IFQ halibut and ending when the vessel operator lands any species.

*IFQ halibut* means any halibut that is harvested with setline or other hook and line gear while commercial fishing in any IFQ regulatory area defined at § 679.2 of this title.

*Overall length* of a vessel means the horizontal distance, rounded to the nearest ft/meter, between the foremost part of the stem and the aftermost part of the stern (excluding bowsprits, rudders, outboard motor brackets, and similar fittings or attachments).

*Person* includes an individual, corporation, firm, or association.

*Rural* means, for purposes of the subsistence fishery for Pacific halibut in waters in and off Alaska, a community or area of Alaska in which the non-commercial, customary and traditional use of fish and game for personal or family consumption is a principal characteristic of the economy or area and in which there is a long-term, customary and traditional use of halibut, and that is listed in § 300.65(f)(1).

*Rural resident* means, for purposes of the subsistence fishery for Pacific halibut in waters in and off Alaska, a person domiciled in a rural community listed in the table in § 300.65(f)(1) of this part and who has maintained a domicile in a rural community listed in the table in § 300.65(f)(1) for the 12 consecutive months immediately preceding the time when the assertion of residence is made, and who is not claiming residency in another state, territory, or country.

*Setline gear* means one or more stationary, buoyed, and anchored lines with hooks attached.

*Sport fishing* means:

(1) In regulatory area 2A, all fishing other than commercial fishing and treaty Indian ceremonial and subsistence fishing; and

### § 300.62 Annual management measures.

Annual management measures may be added and modified through adoption by the Commission and publication in the FEDERAL REGISTER by the Assistant Administrator, with immediate regulatory effect. Such measures may include, *inter alia*, provisions governing: Licensing of vessels, inseason actions, regulatory areas, fishing periods, closed periods, closed areas, catch limits (quotas), fishing period limits, size limits, careful release of halibut, vessel clearances, logs, receipt and possession of halibut, fishing gear, retention of tagged halibut, supervision of unloading and weighing, and sport fishing for halibut. The Assistant Administrator will publish the Commission's regulations setting forth annual management measures in the FEDERAL REGISTER by March 15 each year. Annual management measures may be adjusted inseason by the Commission.

### § 300.63 Catch sharing plan and domestic management measures in Area 2A.

(a) A catch sharing plan (CSP) may be developed by the Pacific Fishery Management Council and approved by NMFS for portions of the fishery. Any approved CSP may be obtained from the Administrator, Northwest Region, NMFS.

(b)(1) Each year, before January 1, NMFS will publish a proposal to govern the recreational fishery under the CSP for the following year and will seek public comment. The comment period will extend until after the Commission's annual meeting, so the public will have the opportunity to consider the final area 2A total allowable catch (TAC) before submitting comments. After the Commission's annual meeting and review of public comments, NMFS will publish in the FEDERAL REGISTER the final rule governing sport fishing in area 2A. Annual management measures may be adjusted inseason by NMFS.

(2) A portion of the commercial TAC is allocated as incidental catch in the salmon troll fishery in Area 2A. Each year the landing restrictions necessary to keep the fishery within its allocation will be recommended by the Pacific Fishery Management Council at its spring meetings, and will be published in the FEDERAL REGISTER along with the annual salmon management measures.

(3) A portion of the Area 2A Washington recreational TAC is allocated as incidental catch in the primary directed longline sablefish fishery north of 46°53.30' N. lat. (Pt. Chehalis, Washington), which is regulated under 50 CFR 660.372. This fishing opportunity is only available in years in which the Area 2A TAC is greater than 900,000 lb (408.2 mt), provided that a minimum of 10,000 lb (4.5 mt) is available above a Washington recreational TAC of 214,100 lb (97.1 mt). Each year that this harvest is available, the landing restrictions necessary to keep this fishery within its allocation will be recommended by the Pacific Fishery Management Council at its spring meetings, and will be published in the FEDERAL REGISTER. These restrictions will
