

§ 622.39

50 CFR Ch. VI (10–1–07 Edition)

(c) Shark, swordfish, and tuna species are exempt from the requirements of paragraph (a) of this section.

(d) In the Gulf EEZ or Caribbean EEZ:

(1) Bait is exempt from the requirement to be maintained with head and fins intact. See §622.31(m) regarding a prohibition on the use of Gulf reef fish as bait.

(i) For the purpose of this paragraph (d)(1), “bait” means--

(A) Packaged, headless fish fillets that have the skin attached and are frozen or refrigerated;

(B) Headless fish fillets that have the skin attached and are held in brine; or

(C) Small pieces no larger than 3 in3 (7.6 cm3) or strips no larger than 3 inches by 9 inches (7.6 cm by 22.9 cm) that have the skin attached and are frozen, refrigerated, or held in brine.

(ii) Paragraph (d)(1)(i) of this section notwithstanding, a finfish or part thereof possessed in or landed from the Gulf EEZ or Caribbean EEZ that is subsequently sold or purchased as a finfish species, rather than as bait, is not bait.

(2) Legal-sized finfish possessed for consumption at sea on the harvesting vessel are exempt from the requirement to have head and fins intact, provided--

(i) Such finfish do not exceed any applicable bag limit;

(ii) Such finfish do not exceed 1.5 lb (680 g) of finfish parts per person aboard; and

(iii) The vessel is equipped to cook such finfish on board.

(e) A golden crab in or from the South Atlantic EEZ must be maintained in whole condition through landing ashore. For the purposes of this paragraph, whole means a crab that is in its natural condition and that has not been gutted or separated into component pieces, e.g., clusters.

(f) Queen conch in or from the Caribbean EEZ must be maintained with meat and shell intact.

(g) Cut-off (damaged) king or Spanish mackerel that comply with the minimum size limits in §622.37(c)(2) and (c)(3), respectively, and the trip limits in §622.44(a) and (b), respectively, may be possessed in the Gulf, Mid-Atlantic, or South Atlantic EEZ on, and offloaded ashore from, a vessel that is

operating under the respective trip limits. Such cut-off fish also may be sold. A maximum of five additional cut-off (damaged) king mackerel, not subject to the size limits or trip limits, may be possessed or offloaded ashore but may not be sold or purchased and are not counted against the trip limit.

(h) In the South Atlantic EEZ, snapper-grouper lawfully harvested in Bahamian waters are exempt from the requirement that they be maintained with head and fins intact, provided valid Bahamian fishing and cruising permits are on board the vessel and the vessel is in transit through the South Atlantic EEZ. For the purpose of this paragraph, a vessel is in transit through the South Atlantic EEZ when it is on a direct and continuous course through the South Atlantic EEZ and no one aboard the vessel fishes in the EEZ.

[61 FR 34934, July 3, 1996, as amended at 61 FR 43959, Aug. 27, 1996; 61 FR 65483, Dec. 13, 1996; 63 FR 10567, Mar. 4, 1998; 63 FR 38303, July 16, 1998; 64 FR 3628, Jan. 25, 1999; 65 FR 16340, Mar. 28, 2000; 67 FR 22362, May 3, 2002; 69 FR 30242, May 27, 2004; 70 FR 62081, Oct. 28, 2005; 71 FR 45436, Aug. 9, 2006]

§ 622.39 Bag and possession limits.

(a) *Applicability.* (1) The bag and possession limits apply for species/species groups listed in this section in or from the EEZ. Unless specified otherwise, bag limits apply to a person on a daily basis, regardless of the number of trips in a day. Unless specified otherwise, possession limits apply to a person on a trip after the first 24 hours of that trip. The bag and possession limits apply to a person who fishes in the EEZ in any manner, except a person aboard a vessel in the EEZ that has on board the commercial vessel permit required under §622.4(a)(2) for the appropriate species/species group. However, see §622.32 for limitations on taking prohibited and limited-harvest species. The limitations in §622.32 apply without regard to whether the species is harvested by a vessel operating under a commercial vessel permit or by a person subject to the bag limits. The possession of a commercial vessel permit notwithstanding, the bag and possession limits apply when the vessel is operating as a charter vessel or headboat.

A person who fishes in the EEZ may not combine a bag limit specified in this section with a bag or possession limit applicable to state waters. A species/species group subject to a bag limit specified in this section taken in the EEZ by a person subject to the bag limits may not be transferred at sea, regardless of where such transfer takes place, and such fish may not be transferred in the EEZ. The operator of a vessel that fishes in the EEZ is responsible for ensuring that the bag and possession limits specified in this section are not exceeded.

(2) Paragraph (a)(1) of this section notwithstanding, bag and possession limits also apply for Gulf reef fish in or from the EEZ to a person aboard a vessel that has on board a commercial permit for Gulf reef fish—

(i) When trawl gear or entangling net gear is on board. A vessel is considered to have trawl gear on board when trawl doors and a net are on board. Removal from the vessel of all trawl doors or all nets constitutes removal of trawl gear.

(ii) When a longline or buoy gear is on board and the vessel is fishing or has fished on a trip in the reef fish longline and buoy gear restricted area specified in §622.34(c). A vessel is considered to have a longline on board when a power-operated longline hauler, a cable of diameter and length suitable for use in the longline fishery, and gangions are on board. Removal of any one of these three elements, in its entirety, constitutes removal of a longline.

(iii) For a species/species group when its quota has been reached and closure has been effected, provided that no commercial quantities of Gulf reef fish, i.e., Gulf reef fish in excess of applicable bag/possession limits, are on board as specified in paragraph (a)(5) of this section.

(iv) When the vessel has on board or is tending any trap other than a fish trap authorized under §622.40(a)(2), a stone crab trap, or a spiny lobster trap.

(3) Paragraph (a)(1) of this section notwithstanding, the bag and other limits specified in §622.35(b) apply for South Atlantic snapper-grouper in or from the EEZ to a person aboard a vessel for which a commercial permit for South Atlantic snapper-grouper has

been issued that has on board a longline in the longline closed area.

(4) Paragraph (a)(1) of this section notwithstanding, a person aboard a vessel for which a commercial permit for South Atlantic snapper-grouper has been issued must comply with the bag limits specified in paragraph (d)(1) of this section for South Atlantic snapper-grouper taken with a powerhead, regardless of where taken, when such snapper-grouper are possessed in an SMZ specified in §622.35(e)(1)(xii) through (e)(1)(xviii) or (e)(1)(xl) through (e)(1)(li).

(5) A person aboard a vessel that has a Federal commercial vessel permit for Gulf reef fish and commercial quantities of Gulf reef fish, i.e., Gulf reef fish in excess of applicable bag/possession limits, may not possess Gulf reef fish caught under a bag limit.

(b) *Gulf reef fish*—(1) *Bag limits.* (i) Greater amberjack—1.

(ii) Groupers, combined, excluding goliath grouper and Nassau grouper -5 per person per day, but not to exceed 1 speckled hind or 1 warsaw grouper per vessel per day or 1 red grouper per person per day. However, no grouper may be retained by the captain or crew of a vessel operating as a charter vessel or headboat—their bag limit is zero.

(iii) Red snapper—4.

(iv) Snappers, combined, excluding red, lane, and vermilion snapper—10.

(v) Gulf reef fish, combined, excluding those specified in paragraphs (b)(1)(i) through (b)(1)(iv) and paragraphs (b)(1)(vi) through (b)(1)(vii) of this section and excluding dwarf sand perch and sand perch--20, but not to exceed 10 vermilion snapper.

(vi) Banded rudderfish and lesser amberjack, combined—5.

(vii) Hogfish—5.

(2) *Possession limits.* A person, or a vessel in the case of speckled hind or Warsaw grouper, on a trip that spans more than 24 hours may possess no more than two daily bag limits, provided such trip is on a vessel that is operating as a charter vessel or headboat, the vessel has two licensed operators aboard, and each passenger is issued and has in possession a receipt issued on behalf of the vessel that verifies the length of the trip.

(c) *King and Spanish mackerel*—(1) *Bag limits.* (i) Atlantic migratory group king mackerel—

(A) Mid-Atlantic and South Atlantic, other than off Florida—3.

(B) Off Florida—2, which is the daily bag limit specified by Florida for its waters (Rule 46-12.004(1), Florida Administrative Code). If Florida changes its limit, the bag limit specified in this paragraph (c)(1)(i)(B) will be changed to conform to Florida's limit, provided such limit does not exceed 5.

(ii) Gulf migratory group king mackerel—2.

(iii) Atlantic migratory group Spanish mackerel—15.

(iv) Gulf migratory group Spanish mackerel—15.

(2) *Possession limits.* A person who is on a trip that spans more than 24 hours may possess no more than two daily bag limits, provided such trip is on a vessel that is operating as a charter vessel or headboat, the vessel has two licensed operators aboard, and each passenger is issued and has in possession a receipt issued on behalf of the vessel that verifies the length of the trip.

(d) *South Atlantic snapper-grouper*—(1) *Bag limits.* (i) Greater amberjack—1.

(ii) Groupers and tilefish, combined—5. However, within the 5-fish aggregate bag limit:

(A) No more than two fish may be gag or black grouper, combined;

(B) No more than one fish may be a snowy grouper;

(C) No more than one fish may be a golden tilefish; and

(D) No goliath grouper or Nassau grouper may be retained.

(iii) Hogfish in the South Atlantic off Florida—5.

(iv) Snappers, combined, excluding cubera snapper measuring 30 inches (76.2 cm), TL, or larger, in the South Atlantic off Florida, and excluding vermilion snapper—10, of which no more than 2 may be red snapper. (See § 622.32(c)(2) for limitations on cubera snapper measuring 30 inches (76.2 cm), TL, or larger, in or from the South Atlantic EEZ off Florida.)

(v) Vermilion snapper—10.

(vi) Red porgy—3.

(vii) Black sea bass—15.

(viii) South Atlantic snapper-grouper, combined, excluding tomate and blue runner and those specified in paragraphs (d)(1)(i) through (vii) of this section—20.

(2) *Possession limits.* (i) Provided each passenger is issued and has in possession a receipt issued on behalf of the vessel that verifies the duration of the trip—

(A) A person aboard a charter vessel or headboat on a trip that spans more than 24 hours may possess no more than two daily bag limits of species other than red porgy.

(B) A person aboard a headboat on a trip that spans more than 48 hours and who can document that fishing was conducted on at least 3 days may possess no more than three daily bag limits of species other than red porgy.

(ii) A person aboard a vessel may not possess red porgy in or from the EEZ in excess of three per day or three per trip, whichever is more restrictive.

(3) *Longline bag limits.* Other provisions of this paragraph (d) notwithstanding, a person on a trip aboard a vessel for which the bag limits apply that has a longline on board is limited on that trip to the bag limit for South Atlantic snapper-grouper for which a bag limit is specified in paragraph (d)(1) of this section, and to zero for all other South Atlantic snapper-grouper. For the purpose of this paragraph (d)(3), a vessel is considered to have a longline on board when a power-operated longline hauler, a cable or monofilament of diameter and length suitable for use in the longline fishery, and gangions are on board. Removal of any one of these three elements constitutes removal of a longline.

(e) *Caribbean queen conch*—(1) *Applicability.* Paragraph (a)(1) of this section notwithstanding, the bag limit of paragraph (e)(2) of this section does not apply to a fisherman who has a valid commercial fishing license issued by Puerto Rico or the U.S. Virgin Islands. See § 622.44 for the commercial daily trip limit.

(2) *Bag limit.* The bag limit for queen conch in or from the Caribbean EEZ is 3 per person or, if more than 4 persons are aboard, 12 per boat.

(f) *Atlantic dolphin and wahoo.* Bag and possession limits are as follows:

## Fishery Conservation and Management

## § 622.40

(1) Dolphin—10, not to exceed 60 per vessel, whichever is less, except, on board a headboat, 10 per paying passenger.

(2) Wahoo—2.

[61 FR 34934, July 3, 1996, as amended at 61 FR 65483, Dec. 13, 1996; 61 FR 65985, Dec. 16, 1996; 62 FR 23674, May 1, 1997; 62 FR 67723, Dec. 30, 1997; 63 FR 8356, Feb. 19, 1998; 63 FR 38303, July 16, 1998; 63 FR 72203, Dec. 31, 1998; 64 FR 3628, Jan. 25, 1999; 64 FR 33800, June 24, 1999; 64 FR 45459, Aug. 20, 1999; 64 FR 47713, Sept. 1, 1999; 64 FR 57404, Oct. 25, 1999; 65 FR 30363, May 11, 2000; 65 FR 41016, July 3, 2000; 65 FR 50162, Aug. 17, 2000; 65 FR 51252, Aug. 23, 2000; 65 FR 61116, Oct. 16, 2000; 66 FR 17369, Mar. 30, 2001; 69 FR 30242, May 27, 2004; 69 FR 33320, June 15, 2004; 70 FR 33389, June 8, 2005; 71 FR 34536, June 15, 2006; 71 FR 45436, Aug. 9, 2006; 71 FR 55107, Sept. 21, 2006]

### § 622.40 Limitations on traps and pots.

(a) *Tending*—(1) *Caribbean EEZ*. A fish trap or Caribbean spiny lobster trap in the Caribbean EEZ may be pulled or tended only by a person (other than an authorized officer) aboard the fish trap or spiny lobster trap owner's vessel, or aboard another vessel if such vessel has on board written consent of the trap owner, or if the trap owner is aboard and has documentation verifying his identification number and color code. An owner's written consent must specify the time period such consent is effective and the trap owner's gear identification number and color code.

(2) *Gulf EEZ*. A fish trap in the Gulf EEZ may be pulled or tended only by a person (other than an authorized officer) aboard the vessel with the fish trap endorsement to fish such trap. If such vessel has a breakdown that prevents it from retrieving its traps, the owner or operator must immediately notify the nearest NMFS Office of Enforcement and must obtain authorization for another vessel to retrieve and land its traps. The request for such authorization must include the requested effective period for the retrieval and landing, the persons and vessel to be authorized to retrieve the traps, and the point of landing of the traps. Such authorization will be specific as to the effective period, authorized persons and vessel, and point of landing. Such authorization is valid solely for the removal of fish traps from the EEZ and

for harvest of fish incidental to such removal.

(3) *South Atlantic EEZ*. A sea bass pot or golden crab trap in the South Atlantic EEZ may be pulled or tended only by a person (other than an authorized officer) aboard the vessel permitted to fish such pot or trap or aboard another vessel if such vessel has on board written consent of the owner or operator of the vessel so permitted. For golden crab only, a vessel with written consent on board must also possess a valid commercial vessel permit for golden crab.

(b) *Escape mechanisms*—(1) *Caribbean EEZ*. (i) A fish trap used or possessed in the Caribbean EEZ must have a panel located on one side of the trap, excluding the top, bottom, and side containing the trap entrance. The opening covered by the panel must measure not less than 8 by 8 inches (20.3 by 20.3 cm). The mesh size of the panel may not be smaller than the mesh size of the trap. The panel must be attached to the trap with untreated jute twine with a diameter not exceeding 1/8 inch (3.2 mm). An access door may serve as the panel, provided it is on an appropriate side, it is hinged only at its bottom, its only other fastening is untreated jute twine with a diameter not exceeding 1/8 inch (3.2 mm), and such fastening is at the top of the door so that the door will fall open when such twine degrades. Jute twine used to secure a panel may not be wrapped or overlapped.

(ii) A spiny lobster trap used or possessed in the Caribbean EEZ must contain on any vertical side or on the top a panel no smaller in diameter than the throat or entrance of the trap. The panel must be made of or attached to the trap by one of the following degradable materials:

(A) Untreated fiber of biological origin with a diameter not exceeding 1/8 inch (3.2 mm). This includes, but is not limited to tyre palm, hemp, jute, cotton, wool, or silk.

(B) Ungalvanized or uncoated iron wire with a diameter not exceeding 1/16 inch (1.6 mm), that is, 16 gauge wire.

(2) *Gulf EEZ*. A fish trap used or possessed in the Gulf EEZ must have at least two escape windows on each of two sides, excluding the bottom (a total of four escape windows), that are
