§ 622.43 Closures.

(a) *General*. When a quota specified in § 622.42 is reached, or is projected to be reached, the Assistant Administrator will file a notification to that effect with the Office of the Federal Register. On and after the effective date of such notification, for the remainder of the fishing year, the following closure restrictions apply:

(1) *Gulf reef fish*—(i) *Commercial quotas*. The application of bag limits described in this paragraph (a)(1)(i) notwithstanding, bag limits of Gulf reef fish may not be possessed on board a vessel with commercial quantities of Gulf reef fish, i.e., Gulf reef fish in excess of applicable bag/possession limits, on board, as specified in § 622.39(a)(5).

(A) If the recreational fishery for the indicated species is open, the bag and possession limits specified in § 622.39(b) apply to all harvest or possession in or from the Gulf EEZ of the indicated species, and the sale or purchase of the indicated species taken from the Gulf EEZ is prohibited. In addition, the bag and possession limits for red snapper, when applicable, apply on board a vessel for which a commercial permit for Gulf reef fish has been issued, as required under § 622.4(a)(2)(v), without regard to where such red snapper were harvested.

(B) If the recreational fishery for the indicated species is closed, all harvest or possession in or from the Gulf EEZ of the indicated species is prohibited.

(ii) *Recreational quota for red snapper*. The bag and possession limit for red snapper in or from the Gulf EEZ is zero.

(2) *Gulf and South Atlantic allowable octocoral*. Allowable octocoral may not be harvested or possessed in the Gulf EEZ or South Atlantic EEZ and the sale or purchase of allowable octocoral in or from the Gulf EEZ or South Atlantic EEZ is prohibited.

In addition, the bag and possession limits for the applicable species and the prohibition on sale/purchase apply in the South Atlantic on board a vessel for which a valid Federal commercial or charter vessel/headboat permit for South Atlantic snapper-grouper has been issued, without regard to where such species were harvested.

(2) The prohibition on sale/purchase during a closure for allowable octocoral in paragraph (a)(2) of this section or for pelagic sargassum in paragraph (a)(7) of this section does not apply to allowable octocoral or pelagic sargassum that was harvested and landed ashore prior to the effective date of the closure.

(c) *Reopening.* When a fishery has been closed based on a projection of the quota specified in §622.42 being reached and subsequent data indicate that the quota was not reached, the Assistant Administrator may file a notification to that effect with the Office of the Federal Register. Such notification may reopen the fishery to provide an opportunity for the quota to be reached.
