§ 635.4 Permits and fees.

Information on permits and permit requirements may be obtained from the Division Chief or where otherwise stated in this part.

(a) *General*—(1) *Authorized activities*. Each permit issued by NMFS authorizes certain activities, and persons may not conduct these activities without the appropriate permit, unless otherwise authorized by NMFS in accordance with this part. In certain cases, additional permits may be required to authorize these same or related activities under federal, state or local jurisdictions.

(2) *Vessel permit inspection*. The owner or operator of a vessel of the United States must have the appropriate valid permit on board the vessel to fish for, take, retain, or possess Atlantic HMS when engaged in recreational fishing and to fish for, take, retain or possess Atlantic tunas, swordfish, or sharks when engaged in commercial fishing. The vessel operator must make such permit available for inspection upon request by NMFS or by a person authorized by NMFS. The owner of the vessel is responsible for satisfying all of the requirements associated with obtaining, maintaining, and making available for inspection all required vessel permits.

(3) *Property rights*. Limited access vessel permits or any other permit issued pursuant to this part do not represent either an absolute right to the resource or any interest that is subject to the takings provision of the Fifth Amendment of the U.S. Constitution. Rather, limited access vessel permits represent only a harvesting privilege that may be revoked, suspended, or

amended subject to the requirements of the Magnuson-Stevens Act or other applicable law.

(4) *Dealer permit inspection*. A dealer permit issued under this section, or a copy thereof, must be available at each of the dealer's places of business. A dealer must present the permit or a copy for inspection upon the request of a NMFS-authorized officer.

(5) *Display upon offloading*. Upon transfer of Atlantic HMS, the owner or operator of the harvesting vessel must present for inspection the vessel's HMS Charter/Headboat permit and/or Atlantic tunas, shark, or swordfish permit to the receiving dealer. The permit must be presented prior to completing any applicable landing report specified at § 635.5(a)(1), (a)(2) and (b)(2)(i).

(6) *Sanctions and denials*. A permit issued under this section may be revoked, suspended, or modified, and a permit application may be denied, in accordance with the procedures governing enforcement-related permit sanctions and denials found at subpart D of 15 CFR part 904.

(7) *Alteration*. A vessel or dealer permit that is altered, erased, mutilated, or otherwise modified is invalid.

(8) *Replacement*. NMFS may issue a replacement permit upon the request of the permittee. An application for a replacement permit will not be considered a new application. An appropriate fee, consistent with paragraph (b) of this section, may be charged for issuance of the replacement permit.

(9) *Fees*. NMFS may charge a fee for each application for a permit or for each transfer or replacement of a permit. The amount of the fee is calculated in accordance with the procedures of the NOAA Finance Handbook, available from NMFS, for determining administrative costs of each special product or service. The fee may not exceed such costs and is specified in the instructions provided with each application form. Each applicant must include the appropriate fee with each application or request for transfer or replacement. A permit will not be issued to anyone who fails to pay the fee.

(10) *Permit condition*. An owner of a vessel with a valid swordfish, shark, HMS Angling, or HMS Charter/Headboat permit issued pursuant to
