

§ 1001.151

20 CFR Ch. IX (4-1-08 Edition)

by the number of veterans in the civilian labor force across all States (CPS for the individual States / CPS for all States). The result of these two ratios will be averaged and converted to a percentage of veterans seeking employment in the State compared to the percentage of veterans seeking employment in all States. Three-year averages of the CPS and LAUS data will be used in calculating the funding formula to stabilize the effect of annual fluctuations in the data in order to avoid undue fluctuations in the annual basic grant amounts allocated to States.

(d) State Plans are prepared in response to estimated basic grant allocation amounts prepared by the Department of Labor, based upon a projection of the appropriation. Variations from Department of Labor projections will be treated as follows:

(1) If the actual appropriation varies from the projection, the Secretary will make every reasonable effort to avoid recalculating the estimated basic grant allocation amounts, in order to maintain the delivery of services to veterans and to minimize the administrative workload required to recalculate grant allocations and to revise State Plans. Therefore upon enactment and allotment of an appropriated amount, it is the Department's intent to proceed by awarding the estimated basic grant allocation amounts to State agencies, unless the difference between the projection and the appropriation creates a compelling reason to do otherwise.

(2) If the actual appropriation exceeds the projection, the Secretary will determine whether the appropriation and the projection is large enough to warrant recalculating the State basic grant amounts. In such case, state basic grant amounts will be recalculated in accordance with paragraphs (a) through (c) of this section. If it is determined that no compelling reason to recalculate exists, the increased amount available for basic grants will be retained as undistributed funds. These undistributed basic grant funds will be retained separately from the funds retained for TAP workload and other exigencies, as established by §1001.151(a). The intent will be to award these undistributed basic grant funds

to States as basic grant supplements, in response to circumstances arising during the applicable fiscal year.

(3) If the actual appropriation falls below the projection, the Secretary will determine whether the lower appropriation creates a compelling reason to recalculate the State basic grant amounts. If it is determined that not recalculating the State basic grant amounts would jeopardize the availability of sufficient funding for TAP workload and other exigencies, a compelling reason to recalculate would exist. In that case, the State basic grant amounts will be recalculated under paragraphs (a) through (c) of this section in response to the reduced appropriation, to the extent required to assure that sufficient funding is available for TAP workload and other exigencies.

§ 1001.151 Other funding criteria.

(a) Up to four percent of the total amount available for allocation will be available for distribution based on Transition Assistance Program (TAP) workload and other exigencies.

(b) Funding for TAP workshops will be allocated on a per workshop basis. Funding to the States will be provided pursuant to the approved State Plan.

(c) Funds for exigent circumstances, such as unusually high levels of unemployment, surges in the demand for transitioning services, including the need for TAP workshops, will be allocated based on need.

§ 1001.152 Hold-harmless criteria and minimum funding level.

(a) A hold-harmless rate of 90 percent of the prior year's funding level will be applied after the funding formula phase-in period is completed (beginning fiscal year 2006 and subsequent years).

(b) A hold-harmless rate of 80 percent of the prior year's funding level will be applied for fiscal year 2005.

(c) A minimum funding level is established to ensure that in any year, no State will receive less than 0.28 percent (.0028) of the previous year's total funding for all States.

(d) If the appropriation for a given fiscal year does not provide sufficient funds to comply with the hold-harmless provision, the Department will:
