from major medical sources and the appropriateness of the examinations authorized.

(e) We will take steps to ensure that consultative examinations are scheduled only with medical sources who have access to the equipment required to provide an adequate assessment and record of the existence and level of severity of your alleged impairments.

### § 404.1519q Conflict of interest.

All implications of possible conflict of interest between medical or psychological consultants and their medical or psychological practices will be avoided. Such consultants are not only those physicians and psychologists who work for us directly but are also those who do review and adjudication work in the State agencies. Physicians and psychologists who work for us directly as employees or under contract will not work concurrently for a State agency. Physicians and psychologists who do review work for us will not perform consultative examinations for us without our prior approval. In such situations, the physician or psychologist will disassociate himself or herself from further involvement in the case and will not participate in the evaluation, decision, or appeal actions. In addition, neither they, nor any member of their families, will acquire or maintain, either directly or indirectly, any financial interest in a medical partnership, corporation, or similar relationship in which consultative examinations are provided. Sometimes physicians and psychologists who do review work for us will have prior knowledge of a case; for example, when the claimant was a patient. Where this is so, the physician or psychologist will not participate in the review or determination of the case. This does not preclude the physician or psychologist from submitting medical evidence based on treatment or examination of the claimant.

## AUTHORIZING AND MONITORING THE REFERRAL PROCESS

### § 404.1519s Authorizing and monitoring the consultative examination.

(a) Day-to-day responsibility for the consultative examination process rests with the State agencies that make disability determinations for us.

(b) The State agency will maintain a good working relationship with the medical community in order to recruit sufficient numbers of physicians and other providers of medical services to ensure ready availability of consultative examination providers.

(c) Subject to the provisions of § 405.805(b)(2) of this chapter in claims adjudicated under the procedures in part 405 of this chapter, and consistent with Federal and State laws, the State agency administrator will work to achieve appropriate rates of payment for purchased medical services.

(d) Each State agency will be responsible for comprehensive oversight management of its consultative examination program, with special emphasis on key providers.

(e) A key consultative examination provider is a provider that meets at least one of the following conditions:

(1) Any consultative examination provider with an estimated annual billing to the Social Security disability programs of at least \$100,000; or

(2) Any consultative examination provider with a practice directed primarily towards evaluation examinations rather than the treatment of patients; or

(3) Any consultative examination provider that does not meet the above criteria, but is one of the top five consultative examination providers in the State by dollar volume, as evidenced by prior year data.

(f) State agencies have flexibility in managing their consultative examination programs, but at a minimum will provide:

(1) An ongoing active recruitment program for consultative examination providers;

(2) A process for orientation, training, and review of new consultative examination providers, with respect to SSA's program requirements involving
