

§416.640a

(5) The restrictions described in this section and the income and resource exclusions described in §§416.1124(c)(20) and 416.1247 shall continue to apply until all funds in the dedicated account are depleted or eligibility for benefits terminates, whichever comes first. This continuation of the restrictions and exclusions applies in situations where funds remain in the account in any of the following situations—

(i) A child attains age 18, continues to be eligible and receives payments directly;

(ii) A new representative payee is appointed. When funds remaining in a dedicated account are returned to us by the former representative payee, the new representative payee must establish an account in a financial institution into which we will deposit these funds, even if the amount is less than that prescribed in §416.546; or

(iii) During a period of suspension due to ineligibility as described in §416.1320, administrative suspension, or a period of eligibility for which no payment is due.

§416.640a Compensation for qualified organizations serving as representative payees.

(a) *Organizations that can request compensation.* A qualified organization can request us to authorize it to collect a monthly fee from your benefit payment. A qualified organization is:

(1) Any State or local government agency with fiduciary responsibilities or whose mission is to carry out income maintenance, social service, or health care-related activities; or

(2) Any community-based nonprofit social service organization founded for religious, charitable or social welfare purposes, which is tax exempt under section 501(c) of the Internal Revenue Code and which is bonded/insured to cover misuse and embezzlement by officers and employees and which is licensed in each State in which it serves as representative payee (if licensing is available in the State). The minimum amount of bonding or insurance coverage must equal the average monthly amount of supplemental security in-

come payments received by the organization plus the amount of the beneficiaries' conserved funds (*i.e.*, beneficiaries' saved supplemental security income payments) plus interest on hand. For example, an organization that has conserved funds of \$5,000 and receives an average of \$12,000 a month in supplemental security income payments must be bonded/insured for a minimum of \$17,000. The license must be appropriate under the laws of the State for the type of services the organization provides. An example of an appropriately licensed organization is a community mental health center holding a State license to provide community mental health services.

(b) *Requirements qualified organizations must meet.* Organizations that are qualified under paragraphs (a)(1) or (a)(2) of this section must also meet the following requirements before we can authorize them to collect a monthly fee.

(1) A qualified organization must regularly provide representative payee services concurrently to at least five beneficiaries. An organization which has received our authorization to collect a fee for representative payee services, but is temporarily (not more than 6 months) not a payee for at least five beneficiaries, may request our approval to continue to collect fees.

(2) A qualified organization must demonstrate that it is not a creditor of the beneficiary. See paragraph (c) of this section for exceptions to the requirement regarding creditors.

(c) *Creditor relationship.* On a case-by-case basis, we may authorize an organization to collect a fee for payee services despite the creditor relationship. (For example, the creditor is the beneficiary's landlord.) To provide this authorization, we will review all of the evidence submitted by the organization and authorize collection of a fee when:

(1) The creditor services (e.g., providing housing) provided by the organization help to meet the current needs of the beneficiary; and

(2) The amount the organization charges the beneficiary for these services is commensurate with the beneficiary's ability to pay.

(d) *Authorization process.* (1) An organization must request in writing and

Social Security Administration

§416.641

receive an authorization from us *before* it may collect a fee.

(2) An organization seeking authorization to collect a fee must also give us evidence to show that it is qualified, pursuant to paragraphs (a), (b), and (c) of this section, to collect a fee.

(3) If the evidence provided to us by the organization shows that it meets the requirements of this section, and additional investigation by us proves it suitable to serve, we will notify the organization in writing that it is authorized to collect a fee. If we need more evidence, or if we are not able to authorize the collection of a fee, we will also notify the organization in writing that we have not authorized the collection of a fee.

(e) *Revocation and cancellation of the authorization.* (1) We will revoke an authorization to collect a fee if we have evidence which establishes that an organization no longer meets the requirements of this section. We will issue a written notice to the organization explaining the reason(s) for the revocation.

(2) An organization may cancel its authorization at any time upon written notice to us.

(f) *Notices.* The written notice we will send to an organization authorizing the collection of a fee will contain an effective date for the collection of a fee pursuant to paragraphs (a), (b) and (c) of this section. The effective date will be no earlier than the month in which the organization asked for authorization to collect a fee. The notice will be applicable to all beneficiaries for whom the organization was payee at the time of our authorization and all beneficiaries for whom the organization becomes payee while the authorization is in effect.

(g) *Limitation on fees.* (1) An organization authorized to collect a fee under this section may collect from a beneficiary a monthly fee for expenses (including overhead) it has incurred in providing payee services to a beneficiary. The limit on the fee a qualified organization may collect for providing payee services increases by the same percentage as the annual cost of living adjustment (COLA). The increased fee amount (rounded to the nearest dollar)

is taken beginning with the payment for January.

(2) Any agreement providing for a fee in excess of the amount permitted shall be void and treated as misuse of your benefits by the organization under §416.641.

(3) A fee may be collected for any month during which the organization—

(i) Provides representative payee services;

(ii) Receives a benefit payment for the beneficiary; and

(iii) Is authorized to receive a fee for representative payee services.

(4) Fees for services may not be taken from any funds conserved for the beneficiary by a payee in accordance with §416.645.

(5) Generally, an organization may not collect a fee for months in which it does not receive a benefit payment. However, an organization will be allowed to collect a fee for months in which it did not receive a payment if we later issue payment for these months and the organization:

(i) Received our approval to collect a fee for the months for which payment is made;

(ii) Provided payee services in the months for which payment is made; and

(iii) Was the payee when the retroactive payment was paid by us.

(6) Fees for services may not be taken from beneficiary benefits for the months for which we or a court of competent jurisdiction determine(s) that the representative payee misused benefits. Any fees collected for such months will be treated as a part of the beneficiary's misused benefits.

(7) An authorized organization can collect a fee for providing representative payee services from another source if the total amount of the fee collected from both the beneficiary and the other source does not exceed the amount authorized by us.
