

**§ 641.530 Must the grantee/subgrantee always select priority or preference individuals?**

Grantees must always select qualified individuals in accordance with § 641.520. Grantees must apply the preference, to the extent feasible, when selecting individuals within the priority groups, unless the grantee determines based on an assessment of their circumstances and the available community service employment opportunities, that a non-preference individual should receive services over a preference individual. When the Department examines the characteristics of a grantee's participant population, the grantee may be asked to provide evidence that it is adhering to the enrollment priorities and preferences set forth in §§ 641.515, 641.520, and 641.525.
