

§ 654.404

20 CFR Ch. V (4-1-08 Edition)

and, as appropriate, shall either grant or deny the request.

(c) *Authorization.* The authorization for conditional access to the intrastate or interstate clearance system shall be in writing, and shall state that although the housing does not comply with the applicable standards, the employer's job order may be placed into intrastate or interstate clearance until a specified date. The RA shall send the authorization to the employer and shall send copies to the appropriate State agency and local Job Service office. The employer shall submit and the local Job Service shall attach copies of the authorization to each of the employer's job orders which is placed into intrastate or interstate clearance.

(d) *Notice of denial.* If the RA denies the request for conditional access to the intrastate or interstate clearance system, the RA shall provide written notice to the employer, the appropriate State agency, and the local Job Service office, stating the reasons for the denial.

(e) *Inspection.* (1) The local Job Service office serving the area containing the housing of any employer granted conditional access to the intrastate or interstate clearance system shall assure that the housing is inspected no later than the date by which the employer has promised to have its housing in compliance with the requirements of this subpart. An employer, however, may request an earlier preliminary inspection. If, on the date set forth in the authorization, the housing is not in full compliance with the applicable housing standards as assured in the request for conditional access, the local Job Service office shall afford the employer five calendar days to bring the housing into full compliance. After the five-calendar-day period, if the housing is not in full compliance with the applicable housing standards as assured in the request for conditional access, the local Job Service office immediately:

- (i) Shall notify the RA;
- (ii) Shall remove the employer's job orders from intrastate and interstate clearance; and
- (iii) Shall, if workers have been recruited against these orders, in cooperation with the employment service

agencies in other States, make every reasonable attempt to locate and notify the appropriate crew leaders or workers, and to find alternative and comparable employment for the workers.

HOUSING STANDARDS

§ 654.404 Housing site.

(a) Housing sites shall be well drained and free from depressions in which water may stagnate. They shall be located where the disposal of sewage is provided in a manner which neither creates nor is likely to create a nuisance, or a hazard to health.

(b) Housing shall not be subject to, or in proximity to conditions that create or are likely to create offensive odors, flies, noise, traffic, or any similar hazards.

(c) Grounds within the housing site shall be free from debris, noxious plants (poison ivy, etc.) and uncontrolled weeds or brush.

(d) The housing site shall provide a space for recreation reasonably related to the size of the facility and the type of occupancy.

§ 654.405 Water supply.

(a) An adequate and convenient supply of water that meets the standards of the State health authority shall be provided.

(b) A cold water tap shall be available within 100 feet of each individual living unit when water is not provided in the unit. Adequate drainage facilities shall be provided for overflow and spillage.

(c) Common drinking cups shall not be permitted.

§ 654.406 Excreta and liquid waste disposal.

(a) Facilities shall be provided and maintained for effective disposal of excreta and liquid waste. Raw or treated liquid waste shall not be discharged or allowed to accumulate on the ground surface.

(b) Where public sewer systems are available, all facilities for disposal of excreta and liquid wastes shall be connected thereto.

(c) Where public sewers are not available, a subsurface septic tank-seepage system or other type of liquid waste treatment and disposal system, privies or portable toilets shall be provided. Any requirements of the State health authority shall be complied with.

§ 654.407 Housing.

(a) Housing shall be structurally sound, in good repair, in a sanitary condition and shall provide protection to the occupants against the elements.

(b) Housing shall have flooring constructed of rigid materials, smooth finished, readily cleanable, and so located as to prevent the entrance of ground and surface water.

(c) The following space requirements shall be provided:

(1) For sleeping purposes only in family units and in dormitory accommodations using single beds, not less than 50 square feet of floor space per occupant;

(2) For sleeping purposes in dormitory accommodations using double bunk beds only, not less than 40 square feet per occupant;

(3) For combined cooking, eating, and sleeping purposes not less than 60 square feet of floor space per occupant.

(d) Housing used for families with one or more children over 6 years of age shall have a room or partitioned sleeping area for the husband and wife. The partition shall be of rigid materials and installed so as to provide reasonable privacy.

(e) Separate sleeping accommodations shall be provided for each sex or each family.

(f) Adequate and separate arrangements for hanging clothing and storing personal effects for each person or family shall be provided.

(g) At least one-half of the floor area in each living unit shall have a minimum ceiling height of 7 feet. No floor space shall be counted toward minimum requirements where the ceiling height is less than 5 feet.

(h) Each habitable room (not including partitioned areas) shall have at least one window or skylight opening directly to the out-of-doors. The minimum total window or skylight area, including windows in doors, shall equal at least 10 percent of the usable floor area. The total openable area shall

equal at least 45 percent of the minimum window or skylight area required, except where comparably adequate ventilation is supplied by mechanical or some other method.

§ 654.408 Screening.

(a) All outside openings shall be protected with screening of not less than 16 mesh.

(b) All screen doors shall be tight fitting, in good repair, and equipped with self-closing devices.

§ 654.409 Heating.

(a) All living quarters and service rooms shall be provided with properly installed, operable heating equipment capable of maintaining a temperature of at least 68° F. if during the period of normal occupancy the temperature in such quarters falls below 68°.

(b) Any stoves or other sources of heat utilizing combustible fuel shall be installed and vented in such a manner as to prevent fire hazards and a dangerous concentration of gases. No portable heaters other than those operated by electricity shall be provided. If a solid or liquid fuel stove is used in a room with wooden or other combustible flooring, there shall be a concrete slab, insulated metal sheet, or other fireproof material on the floor under each stove, extending at least 18 inches beyond the perimeter of the base of the stove.

(c) Any wall or ceiling within 18 inches of a solid or liquid fuel stove or a stovepipe shall be of fireproof material. A vented metal collar shall be installed around a stovepipe, or vent passing through a wall, ceiling, floor or roof.

(d) When a heating system has automatic controls, the controls shall be of the type which cut off the fuel supply upon the failure or interruption of the flame or ignition, or whenever a predetermined safe temperature or pressure is exceeded.
