

§ 663.585 May individuals choose training providers located outside of the local area?

Yes, individuals may choose any of the eligible providers and programs on the State list. A State may also establish a reciprocal agreement with another State(s) to permit providers of eligible training programs in each State to accept individual training accounts provided by the other State. (WIA secs. 122(e)(4) and (e)(5).)

§ 663.590 May a community-based organization (CBO) be included on an eligible provider list?

Yes, CBO's may apply and they and their programs may be determined eligible providers of training services, under WIA section 122 and this subpart. As eligible providers, CBO's provide training through ITA's and may also receive contracts for training special participant populations when the requirements of § 663.430 are met.

§ 663.595 What requirements apply to providers of OJT and customized training?

For OJT and customized training providers, One-Stop operators in a local area must collect such performance information as the Governor may require, determine whether the providers meet such performance criteria as the Governor may require, and disseminate a list of providers that have met such criteria, along with the relevant performance information about them, through the One-Stop delivery system. Providers determined to meet the criteria are considered to be identified as eligible providers of training services. These providers are not subject to the other requirements of WIA section 122 or this subpart.

Subpart F—Priority and Special Populations

§ 663.600 What priority must be given to low-income adults and public assistance recipients served with adult funds under title I?

(a) WIA states, in section 134(d)(4)(E), that in the event that funds allocated to a local area for adult employment and training activities are limited, priority for intensive and training serv-

ices funded with title I adult funds must be given to recipients of public assistance and other low-income individuals in the local area.

(b) Since funding is generally limited, States and local areas must establish criteria by which local areas can determine the availability of funds and the process by which any priority will be applied under WIA section 134(d)(2)(E). Such criteria may include the availability of other funds for providing employment and training-related services in the local area, the needs of the specific groups within the local area, and other appropriate factors.

(c) States and local areas must give priority for adult intensive and training services to recipients of public assistance and other low-income individuals, unless the local area has determined that funds are not limited under the criteria established under paragraph (b) of this section.

(d) The process for determining whether to apply the priority established under paragraph (b) of this section does not necessarily mean that only the recipients of public assistance and other low income individuals may receive WIA adult funded intensive and training services when funds are determined to be limited in a local area. The Local Board and the Governor may establish a process that gives priority for services to the recipients of public assistance and other low income individuals and that also serves other individuals meeting eligibility requirements.

§ 663.610 Does the statutory priority for use of adult funds also apply to dislocated worker funds?

No, the statutory priority applies to adult funds for intensive and training services only. Funds allocated for dislocated workers are not subject to this requirement.

§ 663.620 How do the Welfare-to-Work program and the TANF program relate to the One-Stop delivery system?
