The Commission shall make this statement available to any person to whom the record is later disclosed, together with a brief statement, if appropriate, of the Commission's reasons for denying requested access or amendment. § 515.11 General exemptions. [Reserved]

§ 515.12 Specific exemptions.

(a) The following system of records is exempt from 5 U.S.C. 552a(c)(3), (d), (e)(1) and (f):

Indian Gaming Individuals Records System

(b) The exemptions under paragraph (a) of this section apply only to the extent that information in this system is subject to exemption under 5 U.S.C. 552a(k)(2). When compliance would not appear to interfere with or adversely affect the overall responsibilities of the Commission with respect to licensing of key employees and primary management officials for employment in an Indian gaming operation, the applicable exemption may be waived by the Commission.

(c) Exemptions from the particular sections are justified for the following reasons:

(1) From 5 U.S.C. 552a(c)(3), because making available the accounting of disclosures to an individual who is the subject of a record could reveal investigative interest. This would permit the individual to take measures to destroy evidence, intimidate potential witnesses, or flee the area to avoid the investigation.

(2) From 5 U.S.C. 552a(d), (e)(1), and (f) concerning individual access to records, when such access could compromise classified information related to national security, interfere with a pending investigation or internal inquiry, constitute an unwarranted invasion of privacy, reveal a sensitive investigative technique, or pose a potential threat to the Commission or its employees or to law enforcement personnel. Additionally, access could reveal the identity of a source who provided information under an express promise of confidentiality.

(3) From 5 U.S.C. 552a(d)(2), because to require the Commission to amend information thought to be incorrect, irrelevant, or untimely, because of the nature of the information collected and the length of time it is maintained,
