

claim if it is disallowed or if the district director or director of a service center does not act on the claim within 6 months from the date it is filed. Such claim may be filed before, simultaneously with, or after the filing of the application for a tentative carryback adjustment. A claim for credit or refund under section 6402 filed after the filing of an application for a tentative carryback adjustment is not to be considered an amendment of such application. Such claim, however, in proper cases may constitute an amendment to a prior claim filed under section 6402.

(c) *Time and place for filing application.* Except as otherwise provided in this paragraph the application for a tentative carryback adjustment shall be filed on or after the date of the filing of the return for the taxable year of the net operating loss, net capital loss, unused investment credit, or unused WIN credit and shall be filed within a period of twelve months from the end of such taxable year. With respect to any portion of an investment credit carryback or a WIN credit carryback from a taxable year attributable to a net operating loss carryback or a capital loss carryback from a subsequent taxable year, the twelve-month period shall be measured from the end of such subsequent taxable year. In the case of an application for a tentative carryback adjustment attributable to the carryback of an unused investment credit, the twelve-month period for filing shall not expire before the close of December 31, 1966. Any application filed prior to the date on which the return for the taxable year of the loss or unused credit is filed shall be considered to have been filed on the date such return is filed. In the case of an application filed before April 15, 1968, the application shall be filed with the internal revenue officer to whom the tax was paid or by whom the assessment was made. Except as provided in paragraph (b) of § 301.6091-1 (relating to hand-carried documents), in the case of an application filed after April 14, 1968, if the tax was paid to the Director of International Operations, the application shall be filed with him; otherwise the application shall be filed with the

internal revenue office with which the return was filed.

**§ 1.6411-2 Computation of tentative carryback adjustment.**

(a) *Tax previously determined.* The taxpayer is to determine the amount of decrease, attributable to the carryback, in tax previously determined for each taxable year before the taxable year of the net operating loss, net capital loss, or unused investment credit. The tax previously determined is to be ascertained in accordance with the method prescribed in section 1314(a). Thus, the tax previously determined will be the tax shown on the return as filed, increased by any amounts assessed (or collected without assessment) as deficiencies before the date of the filing of the application for a tentative carryback adjustment, and decreased by any amounts abated, credited, refunded, or otherwise repaid prior to such date. Any items as to which the Commissioner and the taxpayer are in disagreement at the time of the filing of the application shall be taken into account in ascertaining the tax previously determined only if, and to the extent that, they were reported in the return, or were reflected in any amounts assessed (or collected without assessment) as deficiencies, or in any amounts abated, credited, refunded, or otherwise repaid, before the date of filing the application. The tax previously determined, therefore, will reflect the foreign tax credit and the credit for tax withheld at source provided in section 33.

(b) *Decrease attributable to carryback.* The decrease in tax previously determined which is affected by the carryback or any related adjustments, is to be determined, except for such carryback and related adjustments, on the basis of the items which entered into the computation of such tax as previously determined; the tax previously determined being ascertained in the manner described in this section. In determining any such decrease,

items shall be taken into account only to the extent that they were reported in the return, or were reflected in amounts assessed (or collected without assessment) as deficiencies, or in amounts abated, credited, refunded, or otherwise repaid, before the date of filing the application for a tentative carryback adjustment. If the Commissioner and the taxpayer are in disagreement as to the proper treatment of any item, it shall be assumed for purposes of determining the decrease in the tax previously determined that such item was correctly reported by the taxpayer unless, and to the extent that, the disagreement has resulted in the assessment of a deficiency (or the collection of an amount without an assessment), or the allowing or making of an abatement, credit, refund, or other repayment, before the date of filing the application. Thus, if the taxpayer claimed a deduction on its return of \$50,000 for salaries paid its officers but the Commissioner asserts that such deduction should not exceed \$20,000, and the Commissioner and the taxpayer have not agreed on the amount properly deductible before the date the application for a tentative carryback adjustment is filed, \$50,000 shall be considered as the amount properly deductible for purposes of determining the decrease in tax previously determined in respect of the application for a tentative carryback adjustment. In determining the decrease in tax previously determined, any items which are affected by the carryback must be adjusted to reflect such carryback. Thus, unless otherwise provided, any deduction limited, for example, by adjusted gross income, such as the deduction for medical, dental, etc., expenses is to be recomputed on the basis of the adjusted gross income as affected by the carryback.

(c) *Effective/applicability date.* These regulations apply with respect to applications for tentative refund filed on or after August 27, 2007.

[T.D. 6500, 25 FR 12144, Nov. 26, 1960, as amended by T.D. 7301, 39 FR 973, Jan. 4, 1974; T.D. 9355, 72 FR 48933, Aug. 27, 2007; 72 FR 56619, Oct. 4, 2007]

**§ 1.6411-2T Computation of tentative carryback adjustment (temporary).**

(a) *Tax previously determined.* The taxpayer is to determine the amount of decrease, attributable to the carryback, in tax previously determined for each taxable year before the taxable year of the net operating loss, net capital loss, or unused investment credit. The tax previously determined is to be ascertained in accordance with the method prescribed in section 1314(a). Thus, the tax previously determined will be the tax shown on the return as filed, increased by any amounts assessed (or collected without assessment) as deficiencies before the date of the filing of the application for a tentative carryback adjustment, and decreased by any amounts abated, credited, refunded, or otherwise repaid prior to that date. Any items as to which the Commissioner and the taxpayer are in disagreement at the time of the filing of the application shall, for purposes of § 1.6411-2, be taken into account in ascertaining the tax previously determined only if, and to the extent that, they were reported in the return, or were reflected in any amounts assessed (or collected without assessment) as deficiencies, or in any amounts abated, credited, refunded, or otherwise repaid, before the date of filing the application. The tax previously determined, therefore, will reflect the foreign tax credit and the credit for tax withheld at source provided in section 33.

(b) *Decrease attributable to carryback.* After ascertaining the tax previously determined in the manner described in paragraph (a) of this section, the taxpayer shall determine the decrease in tax previously determined attributable to the carryback and any related adjustments on the basis of the items of tax taken into account in computing the tax previously determined. In determining any decrease attributable to the carryback or any related adjustment, items shall be taken into account under this subsection only to the extent that they were reported in the return, or were reflected in amounts assessed (or collected without assessment) as deficiencies, or in amounts abated, credited, refunded, or otherwise
