

repaid, before the date of filing the application for a tentative carryback adjustment. If the Commissioner and the taxpayer are in disagreement as to the proper treatment of any item, it shall be assumed for purposes of determining the decrease in the tax previously determined that the item was correctly reported by the taxpayer unless, and to the extent that, the disagreement has resulted in the assessment of a deficiency (or the collection of an amount without an assessment), or the allowing or making of an abatement, credit, refund, or other repayment, before the date of filing the application. Thus, if the taxpayer claimed a deduction on its return of \$50,000 for salaries paid its officers but the Commissioner proposes that the deduction should not exceed \$20,000, and the Commissioner and the taxpayer have not agreed on the amount properly deductible before the date the application for a tentative carryback adjustment is filed, \$50,000 shall be considered as the amount properly deductible for purposes of determining the decrease in tax previously determined in respect of the application for a tentative carryback adjustment. In determining the decrease in tax previously determined, any items which are affected by the carryback must be adjusted to reflect the carryback. Thus, unless otherwise provided, any deduction limited, for example, by adjusted gross income, such as the deduction for medical, dental, etc., expenses, is to be recomputed on the basis of the adjusted gross income as affected by the carryback. See § 1.6411-3T(d) for rules on the application of the decrease in tax to any tax liability.

(c) *Effective/applicability date.* (1) These regulations apply with respect to applications for tentative refund filed on or after August 27, 2007. (2) The applicability of this section expires on or before August 24, 2010.

§ 1.6411-3 Allowance of adjustments.

(a) *Time prescribed.* The Commissioner shall act upon any application for a tentative carryback adjustment filed under section 6411(a) within a period of 90 days from whichever of the following two dates is the later:

(1) The date the application is filed; or

(2) The last day of the month in which falls the last date prescribed by law (including any extension of time granted the taxpayer) for filing the return for the taxable year of the net operating loss, net capital loss, or unused investment credit from which the carryback results.

(b) *Examination.* Within the 90-day period described in paragraph (a) of this section, the Commissioner shall make, to the extent deemed practicable in such period, an examination of the application to discover omissions and errors of computation. The Commissioner shall determine within such period the decrease in tax previously determined, affected by the carryback or any related adjustments, upon the basis of the application and such examination. Such decrease shall be determined in the same manner as that provided in section 1314(a) for the determination by the taxpayer of the decrease in taxes previously determined which must be set forth in the application for a tentative carryback adjustment. The Commissioner, however, may correct any errors of computation or omissions discovered upon examination of the application. In determining the decrease in tax previously determined which is affected by the carryback or any related adjustment, the Commissioner accordingly may correct any mathematical error appearing on the application and may likewise correct any modification required by the law and incorrectly made by the taxpayer in computing the net operating loss, net capital loss, or unused investment credit, the resulting carrybacks, or the net operating loss deduction, capital loss deduction, or investment credit allowable. If the required modification has not been made by the taxpayer and the Commissioner has available the necessary information to make such modification within the 90-day period, the Commissioner may, in the Commissioner's discretion, make such modification. In determining such decrease, however, the Commissioner will not, for example, change the amount claimed on the return as a deduction for depreciation because the Commissioner believes that

the taxpayer has claimed an excessive amount; likewise, the Commissioner will not include in gross income any amount not so included by the taxpayer, even though the Commissioner believes that such amount is subject to tax and properly should be included in gross income.

(c) *Disallowance in whole or in part.* If the Commissioner finds that an application for a tentative carryback adjustment contains material omissions or errors of computation, the Commissioner may disallow such application in whole or in part without further action. If, however, the Commissioner deems that any error of computation can be corrected within the 90-day period, the Commissioner may do so and allow the application in whole or in part. The Commissioner's determination as to whether the Commissioner can correct any error of computation within the 90-day period shall be conclusive. Similarly, the Commissioner's action in disallowing, in whole or in part, any application for a tentative carryback adjustment shall be final and may not be challenged in any proceeding. The taxpayer in such case, however, may file a claim for credit or refund under section 6402, and may maintain a suit based on such claim if it is disallowed or if the Commissioner does not act upon the claim within 6 months from the date it is filed.

(d) *Application of decrease.* (1) Each decrease determined by the Commissioner in any previously determined tax which is affected by the carryback or any related adjustments shall first be applied against any unpaid amount of the tax with respect to which such decrease was determined. Such unpaid amount of tax may include one or more of the following:

(i) An amount with respect to which the taxpayer is delinquent;

(ii) An amount the time for payment of which has been extended under section 6164 and which is due and payable on or after the date of the allowance of the decrease; and

(iii) An amount (not including an amount the time for payment of which has been extended under section 6164) which is due and payable on or after

the date of the allowance of the decrease.

(2) In case the unpaid amount of tax includes more than one of such amounts, the Commissioner in his discretion, shall determine against which amount or amounts, and in what proportion, the decrease is to be applied. In general, however, the decrease will be applied against any amounts described in subparagraph (1) (i), (ii), and (iii) of this paragraph in the order named. If there are several amounts of the type described in subparagraph (1)(iii) of this paragraph, any amount of the decrease which is to be applied against such amount will be applied by assuming that the tax previously determined minus the amount of the decrease to be so applied is "the tax" and that the taxpayer had elected to pay such tax in installments. The unpaid amount of tax against which a decrease may be applied under subparagraph (1) of this paragraph may not include any amount of tax for any taxable year other than the year of the decrease. After making such application, the Commissioner will credit any remainder of the decrease against any unsatisfied amount of any tax for the taxable year immediately preceding the taxable year of the net operating loss, capital loss, or unused investment credit, the time for payment of which has been extended under section 6164.

(3) Any remainder of the decrease after such application and credits may, within the 90-day period, in the discretion of the Commissioner, be credited against any tax or installment thereof then due from the taxpayer, and, if not so credited, shall be refunded to the taxpayer within such 90-day period.

(e) *Effective/applicability date.* These regulations apply with respect to applications for tentative refund filed on or after August 27, 2007.
