

with respect to that amount. The provisions of this paragraph may be illustrated by the following example:

Example. Corporation M's return for the calendar year 1954 was filed on March 15, 1955, and the tax liability shown thereon was paid in equal installments on March 15, 1955, and June 15, 1955. M filed a statement on December 15, 1955, showing the increase in its tax liability resulting from the repeal of sections 452 and 462 and paid at that time the increase in tax shown thereon. No interest will be imposed with respect to the amount of such payment.

Interest shall be computed under the applicable provisions of the internal revenue laws on any portion of the increase in tax shown on the statement which is due after December 15, 1955, and which is not paid when due.

(b) *Limitation on application of waiver.* The provisions of paragraph (a) of this section shall not apply to any portion of the increase in tax shown on the statement if such increase reflects an amount in excess of that attributable solely to the repeal of sections 452 and 462, i. e., is attributable in whole or in part to excessive or unwarranted deferrals or accruals under section 452 or 462, as the case may be, in computing the tax liability with the application of such sections. Notwithstanding the preceding sentence, paragraph (a) of this section shall be applicable if the taxpayer can show that the tax liability as computed with the application of sections 452 and 462 is based upon a reasonable interpretation and application of such sections as they existed prior to repeal. If the taxpayer complied with the provisions of the regulations under sections 452 and 462 in computing the tax liability with the application of such sections, he will be regarded as having reasonably interpreted and applied sections 452 and 462. In this regard, it is not essential that the taxpayer submit with his return the detailed information required by such regulations in support of the deduction claimed under section 462, but such information shall be supplied at the request of the Commissioner.

(c) *Interest for periods prior to June 16, 1955.* No interest shall be imposed with respect to any increase in tax resulting solely from the repeal of sections 452 and 462 for any period prior to June 16,

1955 (the day after the date of the enactment of the Act of June 15, 1955). The preceding sentence does not apply to that part of any increase in tax which is due to the improper application of sections 452 and 462. The provisions of this paragraph shall not apply to interest imposed under section 3779 of the Internal Revenue Code of 1939. (See paragraph (d) of this section.)

(d) *Amounts deferred by corporations expecting carrybacks.* Interest shall be imposed at the rate of 6 percent on so much of the amount of tax deferred under section 3779 of the Internal Revenue Code of 1939 as is not satisfied within the meaning of section 3779(i)(1), notwithstanding the fact that a greater amount would have been satisfied, had sections 452 and 462 not been repealed. Interest will be imposed at such rate until the amount not so satisfied is paid.

§ 1.9000-7 Provisions for estimated tax.

(a) *Additions to tax under section 294(d) of the Internal Revenue Code of 1939.* Any addition to the tax under section 294(d) (relating to estimated tax) of the Internal Revenue Code of 1939 shall be computed as if the tax for the year for which the estimate was made were computed with sections 452 and 462 still applicable to such taxable year. For the purpose of the preceding sentence, it is not necessary for the taxpayer actually to have made an election under section 452 or 462; it is only necessary for the taxpayer to have taken such sections into account in estimating its tax liability for the year. Thus, if in determining the amount of estimated tax, the taxpayer computed his estimated tax liability by applying those sections, that portion of any additions to tax under section 294(d) resulting from the repeal of sections 452 and 462 shall be disregarded.

(b) *Additions to tax under section 6654.* In the case of an underpayment of estimated tax, any additions to the tax under section 6654, with respect to installments due before December 15, 1955, shall be computed without regard to any increase in tax resulting from the repeal of sections 452 and 462. Any additions to the tax with respect to installments due on or after December 15, 1955, shall be imposed in accordance

with the applicable provisions of the Code, and as though sections 452 and 462 had not been enacted. Thus, a taxpayer whose declaration of estimated tax was based upon an estimate of his taxable income for the year of the estimate which was determined by taking sections 452 and 462 into account, must file an amended declaration on or before the due date of the next installment of estimated tax due on or after December 15, 1955. Such amended declaration shall reflect an estimate of the tax without the application of such sections. If the taxpayer bases his estimate on the tax for the preceding taxable year under section 6654(d)(1)(A), an amended declaration must be filed on or before the due date of the next installment due on or after December 15, 1955, if the tax for the preceding taxable year is increased as the result of the repeal of sections 452 and 462. Similarly, if the taxpayer bases his estimate on the tax computed under section 6654(d)(1)(B), he must file an amended declaration on or before the due date of the next installment due on or after December 15, 1955, taking into account the repeal of sections 452 and 462 with respect to the preceding taxable year. Any increase in estimated tax shown on an amended declaration filed in accordance with this paragraph must be paid in accordance with section 6153(c).

(c) *Estimated tax of corporations.* Corporations required to file a declaration of estimated tax under section 6016 for taxable years ending on and after December 31, 1955, shall estimate their tax liability for such year as if sections 452 and 462 had not been enacted. Thus, if the corporation bases its estimated tax liability under section 6655(d)(1) or (2) on its operations for the preceding taxable year, the effect of the repeal of sections 452 and 462 with respect to such year must be taken into account.

§ 1.9000-8 Extension of time for making certain payments.

(a) *Time for payment specified in Code.* (1) If the treatment of any payment (including its allowance as a deduction or otherwise) is dependent upon the making of a payment within a period of time specified in the Code the period within which the payment is to be

made is extended where the amount to be paid is increased by reason of the repeal of sections 452 and 462: *Provided*, That:

(i) The taxpayer, because of a pre-existing obligation, is required to make a payment or an additional payment to another person by reason of such repeal;

(ii) The deductibility of the payment or additional payment is contingent upon its being made within a period prescribed by the Code, which period expires after the close of the taxable year; and

(iii) The payment or additional payment is made on or before December 15, 1955.

If the foregoing conditions are met, the payment or additional payment will be treated as having been made within the time specified in the Code, and, subject to any other conditions in the Code, it shall be deductible for the year to which it relates. The provision of this paragraph may be illustrated by the following examples:

Example 1. Section 267 (relating to losses, expenses and interest between related taxpayers) applies to amounts accrued by taxpayer A for salary payable to B. For the calendar year 1954, A is obligated to pay B a salary equal to 5 percent of A's taxable income for the taxable year. The amount accrued as salary payable to B for 1954 is \$5,000 with the taxable income reflecting the application of section 462. As a result of the repeal of section 462 the salary payable to B for 1954 is increased to \$6,000. The additional \$1,000 is paid to B on December 15, 1955. In recomputing A's tax liability for 1954 the additional deduction of \$1,000 for salary payable to B will be treated as having been made within two and one-half months after the close of the taxable year and will be deductible in that year.

Example 2. On March 1, 1955, Corporation X, a calendar year taxpayer using the accrual method of accounting, makes a payment described in section 404(a)(6) (relating to contributions to an employees' trust) of \$10,000 which is accrued for 1954 and is determined on the basis of the amount of taxable income for that year. The taxpayer filed its return on March 15, 1955. By reason of the repeal of section 462, X's taxable income is increased so that it is required to make an additional contribution of \$2,000 to the employees' trust. The additional payment is made on
