

**Internal Revenue Service, Treasury**

**§ 1.9003-2**

regulations as may be necessary to carry out the provisions of this paragraph.

[T.D. 6492, 25 FR 8904, Sept. 16, 1960]

**§ 1.9003-1 Election to have the provisions of section 613(c) (2) and (4) of the 1954 Code, as amended, apply for past years.**

(a) *In general.* Section 4 of the Act of September 14, 1960 (Pub. L. 86-781, 74 Stat. 1017), amended section 302(c) of the Public Debt and Tax Rate Extension Act of 1960 to permit certain taxpayers for taxable years beginning before January 1, 1961, to apply the provisions of section 302(b) of that Act. Section 302(b) of the Act amended section 613(c) (2) and (4) of the Internal Revenue Code of 1954 to read in part as follows:

SEC. 613. *Percentage Depletion.* \* \* \*

(c) *Definition of gross income from property.* For purposes of this section:

\* \* \* \* \*

(2) *Mining.* The term "mining" includes not merely the extraction of the ores or minerals from the ground but also the treatment processes considered as mining described in paragraph (4) (and the treatment processes necessary or incidental thereto), and so much of the transportation of ores or minerals (whether or not by common carrier) from the point of extraction from the ground to the plants or mills in which such treatment processes are applied thereto as is not in excess of 50 miles unless the Secretary or his delegate finds that the physical and other requirements are such that the ore or mineral must be transported a greater distance to such plants or mills.

\* \* \* \* \*

(4) *Treatment processes considered as mining.* The following treatment processes where applied by the mine owner or operator shall be considered as mining to the extent they are applied to the ore or mineral in respect of which he is entitled to a deduction for depletion under section 611:

\* \* \* \* \*

(F) In the case of calcium carbonates and other minerals when used in making cement—all processes (other than preheating of the kiln feed) applied prior to the introduction of the kiln feed into the kiln, but not including any subsequent process;

(b) *Election.* Under section 302(c)(2) of the Act, the taxpayer, in the case of calcium carbonates or other minerals when used by him

in making cement, may elect to apply the provisions of section 613(c) (2) and (4) of the 1954 Code as amended in lieu of the corresponding provisions of prior law. The taxpayer must make the election in accordance with § 1.9003-4 on or before November 15, 1960, and the election shall become irrevocable on November 15, 1960.

(c) *Years to which the election is applicable.*

If the election described in paragraph (b) of this section is made by the taxpayer, the provisions of section 613(c) (2) and (4) as amended by section 302(b) of the Act apply to all taxable years beginning before January 1, 1961, in respect of which:

(1) The assessment of any deficiency,

(2) Refund or credit of any overpayment,

(3) Commencement of a suit for recovery of a refund under section 7405 of the Internal Revenue Code of 1954,

is not prevented on September 14, 1960, by the operation of any law or rule of law. The election also applies to taxable years beginning before January 1, 1961, in respect of which an assessment of a deficiency has been made but not collected on or before September 14, 1960.

[T.D. 6492, 25 FR 8905, Sept. 16, 1960]

**§ 1.9003-2 Effect of election.**

(a) *In general.* If a taxpayer makes the election described in paragraph (b) of § 1.9003-1, he shall be deemed to have consented to the application of section 302(b) of the Act with respect to all taxable years to which the election applies. Thus, subparagraph (F) of section 613(c)(4) of the Internal Revenue Code of 1954 as amended must be applied in determining gross income from mining for the taxable years to which the election applies (including years subject to the Internal Revenue Code of 1939) whether or not the taxpayer is litigating the issue. Further, the election shall apply to all calcium carbonates or other minerals mined and used by the taxpayer in making cement.

(b) *Effect on gross income from mining.* The election is only determinative of what constitutes "mining" for purposes of computing percentage depletion and has no effect on the method employed in determining the amount of gross income from mining. In applying the election to the years affected there shall be taken into account the effect that any adjustments resulting from the election shall have on other items affected thereby, such as charitable contributions, foreign tax credit, net operating loss, and the effect that
