

§ 325.102

and review of directives and orders pursuant to section 38.

(c) *Scope.* This subpart implements the provisions of section 38 of the FDI Act as they apply to FDIC-insured state-chartered nonmember banks and insured branches of foreign banks for which the FDIC is the appropriate Federal banking agency. Certain of these provisions also apply to officers, directors and employees of those insured institutions. In addition, certain provisions of this subpart apply to all insured depository institutions that are deemed critically undercapitalized.

(d) *Other supervisory authority.* Neither section 38 nor this subpart in any way limits the authority of the FDIC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act and this subpart may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the FDIC, including issuance of cease and desist orders, capital directives, approval or denial of applications or notices, assessment of civil money penalties, or any other actions authorized by law.

(e) *Disclosure of capital categories.* The assignment of a bank or insured branch under this subpart within a particular capital category is for purposes of implementing and applying the provisions of section 38. Unless permitted by the FDIC or otherwise required by law, no bank may state in any advertisement or promotional material its capital category under this subpart or that the FDIC or any other federal banking agency has assigned the bank to a particular capital category.

§ 325.102 Notice of capital category.

(a) *Effective date of determination of capital category.* A bank shall be deemed to be within a given capital category for purposes of section 38 of the FDI Act and this subpart as of the date the bank is notified of, or is deemed to have notice of, its capital category, pursuant to paragraph (b) of this section.

(b) *Notice of capital category.* A bank shall be deemed to have been notified

12 CFR Ch. III (1–1–08 Edition)

of its capital levels and its capital category as of the most recent date:

(1) A Consolidated Report of Condition and Income (Call Report) is required to be filed with the FDIC;

(2) A final report of examination is delivered to the bank; or

(3) Written notice is provided by the FDIC to the bank of its capital category for purposes of section 38 of the FDI Act and this subpart or that the bank's capital category has changed as provided in § 325.103(d).

(c) *Adjustments to reported capital levels and capital category—(1) Notice of adjustment by bank.* A bank shall provide the appropriate FDIC regional director with written notice that an adjustment to the bank's capital category may have occurred no later than 15 calendar days following the date that any material event has occurred that would cause the bank to be placed in a lower capital category from the category assigned to the bank for purposes of section 38 and this subpart on the basis of the bank's most recent Call Report or report of examination.

(2) *Determination by the FDIC to change capital category.* After receiving notice pursuant to paragraph (c)(1) of this section, the FDIC shall determine whether to change the capital category of the bank and shall notify the bank of the FDIC's determination.

§ 325.103 Capital measures and capital category definitions.

(a) *Capital measures.* For purposes of section 38 and this subpart, the relevant capital measures shall be:

(1) The total risk-based capital ratio;

(2) The Tier 1 risk-based capital ratio; and

(3) The leverage ratio.
