

Farm Credit Administration

§ 614.4200

(4) The bank to provide the agency a complete and accurate annual report summarizing the YBS program operations and achievements of its affiliated direct lender associations.

(c) *Direct lender association YBS programs.* The board of directors of each direct lender association must establish a program to provide sound and constructive credit and services to YBS farmers and ranchers in its territory. Such a program must include the following minimum components:

(1) A mission statement describing program objectives and specific means for achieving such objectives.

(2) Annual quantitative targets for credit to YBS farmers and ranchers that are based on an understanding of reasonably reliable demographic data for the lending territory. Such targets may include:

(i) Loan volume and loan number goals for “young,” “beginning,” and “small” farmers and ranchers in the territory;

(ii) Percentage goals representative of the demographics for “young,” “beginning,” and “small” farmers and ranchers in the territory;

(iii) Percentage goals for loans made to new borrowers qualifying as “young,” “beginning,” and “small” farmers and ranchers in the territory; or

(iv) Goals for capital committed to loans made to “young,” “beginning,” and “small” farmers and ranchers in the territory.

(3) Annual qualitative YBS goals that must include efforts to:

(i) Offer related services either directly or in coordination with others that are responsive to the needs of the “young,” “beginning,” and “small” farmers and ranchers in the territory;

(ii) Take full advantage of opportunities for coordinating credit and services offered with other System institutions in the territory and other governmental and private sources of credit who offer credit and services to those who qualify as “young,” “beginning,” and “small” farmers and ranchers; and

(iii) Implement effective outreach programs to attract YBS farmers and ranchers, which may include the use of advertising campaigns and educational credit and services programs beneficial

to “young,” “beginning,” and “small” farmers and ranchers in the territory, as well as an advisory committee comprised of “young,” “beginning,” and “small” farmers and ranchers to provide views on how the credit and services of the direct lender association could best serve the credit and services needs of YBS farmers and ranchers.

(4) Methods to ensure that credit and services offered to YBS farmers and ranchers are provided in a safe and sound manner and within a direct lender association’s risk-bearing capacity. Such methods could include customized loan underwriting standards, loan guarantee programs, fee waiver programs, or other credit enhancement programs.

(d) *Review and approval of YBS programs.* The YBS program of each direct lender association is subject to the review and approval of its funding bank. However, the funding bank’s review and approval is limited to a determination that the YBS program contains all required components as set forth in paragraph (c) of this section. Any conclusion by the bank that a YBS program is incomplete must be communicated to the direct lender association in writing.

(e) *YBS program and the operational and strategic business plan.* Targets and goals outlined in paragraphs (c)(2) and (c)(3) of this section must be included in each direct lender association’s operational and strategic business plan for at least the succeeding 3 years (as set forth in §618.8440 of this chapter).

(f) *YBS program internal controls.* Each direct lender association must have internal controls that establish clear lines of responsibility for YBS program implementation, YBS performance results, and YBS quarterly reporting to the association’s board of directors.

Subpart E—Loan Terms and Conditions

SOURCE: 55 FR 24884, June 19, 1990, unless otherwise noted.

§ 614.4200 General requirements.

(a) *Terms and conditions.* (1) The terms and conditions of each loan made

§614.4231

12 CFR Ch. VI (1-1-08 Edition)

by a Farm Credit bank or association shall be set forth in a written document or documents, such as a loan agreement, promissory note, or other instrument(s) appropriate to the type and amount of the credit extension, in order to establish loan conditions and performance requirements. Copies of all documents executed by the borrower in connection with the closing of a loan made under titles I or II of the Act shall be provided to the borrower at the time of execution and at any time thereafter that the borrower requests additional copies.

(2) The terms and conditions of all loans shall be adequately disclosed in writing to the borrower not later than loan closing. For loans made under titles I and II of the Act, the institution shall provide prompt written notice of the approval of the loan.

(3) Applicants shall be provided notification of the action taken on each credit application in compliance with the requirements of 12 CFR 202.9.

(b) *Security.* (1) Long-term real estate mortgage loans must be secured by a first lien interest in real estate, except that the loans may be secured by a second lien interest if the institution also holds the first lien on the property. No funds shall be advanced, under a legally binding commitment or otherwise, if the outstanding loan balance after the advance would exceed 85 percent (or 97 percent as provided in section 1.10(a) of the Act) of the appraised value of the real estate, except that a loan on which private mortgage insurance is obtained may exceed 85 percent of the appraised value of the real estate to the extent that the loan amount in excess of 85 percent is covered by such insurance. The real estate that is used to satisfy the loan-to-value limitation must be comprised primarily of agricultural or rural property, including agricultural land and improvements thereto, a farm-related business, a marketing or processing operation, a rural residence, or real estate used as an integral part of an aquatic operation.

(2) Notwithstanding the requirements of paragraph (b)(1) of this section, the lending institution may advance funds for the payment of taxes or insurance premiums with respect to the real es-

tate, reschedule loan payments, grant partial releases of security interests in the real estate, and take other actions necessary to protect the lender's collateral position. Any action taken that results in exceeding the loan-to-value limitation shall be in accordance with a policy of the institution's board of directors and adequately documented in the loan file.

(3) Short- and intermediate-term loans may be secured or unsecured as the documented creditworthiness of the borrower warrants.

(4) In addition to the requirements in paragraph (b)(1) of this section, a long-term, non-farm rural home loan, including a revolving line of credit, shall be secured by a first lien on the property, except that it may be secured by a second lien if the institution also holds the first lien on the property. A short- or intermediate-term loan on a rural home, including a revolving line of credit, must be secured by a lien on the property unless the financing is provided exclusively for repairs, remodeling, or other improvements to the rural home, in which case the loan may be secured by other property or unsecured if warranted by the documented creditworthiness of the borrower.

(5) Except as provided in §614.4231, loans made under title III of the Act may be secured or unsecured, as appropriate for the purpose of the loan and the documented creditworthiness of the borrower.

§614.4231 Certain seasonal commodity loans to cooperatives.

Loans on certain commodities that are part of government programs shall comply with the criteria established for those programs. Security taken on program commodities shall be consistent with prudent lending practices and ensure compliance with the government program. The bank shall provide for periodic review by bank officials of any custodial activities and shall provide notice to the custodians that their activities are subject to review and examination by the Farm Credit Administration.
