

§ 704.19

12 CFR Ch. VII (1-1-08 Edition)

§ 704.19 Wholesale corporate credit unions.

(a) *General.* Wholesale corporate credit unions are subject to the preceding requirements of this part, except as set forth in this section.

(b) *Earnings retention requirement.* A wholesale corporate credit union must increase retained earnings if the prior month-end retained earnings ratio is less than 1 percent.

(1) Its retained earnings must increase:

(i) During the current month, by an amount equal to or greater than the monthly earnings retention amount; or

(ii) During the current and prior two months, by an amount equal to or greater than the quarterly earnings retention amount.

(2) Earnings retention amounts are calculated as follows:

(i) The monthly earnings retention amount is determined by multiplying the earnings retention factor by the prior month-end moving daily average net assets; and

(ii) The quarterly earnings retention amount is determined by multiplying the earnings retention factor by moving daily average net assets for each of the prior three month-ends.

(3) The earnings retention factor is determined as follows:

(i) If the prior month-end retained earnings ratio is less than 1 percent and the core capital ratio is less than 3 percent, the earnings retention factor is .15 percent per annum; or

(ii) If the prior month-end retained earnings ratio is less than 1 percent and the core capital ratio is equal to or greater than 3 percent, the earnings retention factor is .075 percent per annum.

(4) The OCCU Director may approve a decrease to the earnings retention amount set forth in this section if it is determined a lesser amount is necessary to avoid a significant adverse impact upon a wholesale corporate credit union.

(5) Operating management of the wholesale corporate credit union must notify its board of directors, supervisory committee, OCCU Director and, if applicable, the state regulator within 10 calendar days of determining the retained earnings ratio has declined

below 1 percent. If the decline in the retained earnings ratio is due in full or in part, to a decline in the dollar amount of retained earnings and the retained earnings ratio is not restored to at least 1 percent by the next month end, a retained earnings action plan is required to be submitted within 30 calendar days.

(6) The retained earnings action plan must be submitted to the OCCU Director and, if applicable, the state regulator and, at a minimum, include the following:

(i) Reasons why the dollar amount of retained earnings has decreased;

(ii) Description of actions to be taken to increase the dollar amount of retained earnings within specific time frames; and

(iii) Monthly balance sheet and income projections, including assumptions for the ensuing 12-month period.

APPENDIX A TO PART 704—MODEL FORMS

This appendix contains sample forms intended for use by corporate credit unions to aid in compliance with the membership capital account and paid-in capital disclosure requirements of § 704.3.

Sample Form 1

Terms and Conditions of Membership Capital Account

(1) A membership capital account is not subject to share insurance coverage by the NCUSIF or other deposit insurer.

(2) A membership capital account is not releasable due solely to the merger, charter conversion or liquidation of the member credit union. In the event of a merger, the membership capital account transfers to the continuing credit union. In the event of a charter conversion, the membership capital account transfers to the new institution. In the event of liquidation, the membership capital account may be released to facilitate the payout of shares with the prior written approval of NCUA.

(3) A member credit union may withdraw membership capital with three years' notice.

(4) Membership capital cannot be used to pledge borrowings.

(5) Membership capital is available to cover losses that exceed retained earnings and paid-in capital.

(6) Where the corporate credit union is liquidated, membership capital accounts are
