SIZE ELIGIBILITY REQUIREMENTS FOR SBA FINANCIAL ASSISTANCE

§ 121.301 What size standards are applicable to financial assistance programs?

(a) For Business Loans and Disaster Loans (other than physical disaster loans), an applicant business concern must satisfy two criteria:

(1) The size of the applicant alone (without affiliates) must not exceed the size standard designated for the industry in which the applicant is primarily engaged; and

(2) The size of the applicant combined with its affiliates must not exceed the size standard designated for either the primary industry of the applicant alone or the primary industry of the applicant and its affiliates, whichever is higher. These size standards are set forth in § 121.201.

(b) For Development Company programs, an applicant must meet one of the following standards:

(1) The same standards applicable under paragraph (a) of this section; or

(2) Including its affiliates, tangible net worth not in excess of \$7.5 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed fiscal years not in excess of \$2.5 million. If the applicant is not required by law to pay Federal income taxes at the enterprise level, but is required to pass income through to its shareholders, partners, beneficiaries, or other equitable owners, the applicant's "net income after Federal income taxes" will be its net income reduced by an amount computed as follows:

(i) If the applicant is not required by law to pay State (and local, if any) income taxes at the enterprise level, multiply its net income by the marginal State income tax rate (or by the combined State and local income tax rates, as applicable) that would have

applied if it were a taxable corporation.

(ii) Multiply the applicant's net income, less any deduction for State and local income taxes calculated under paragraph (b)(2)(i) of this section, by the marginal Federal income tax rate that would have applied if the applicant were a taxable corporation.

(iii) Sum the results obtained in paragraphs (b)(2)(i) and (b)(2)(ii) of this section.

(c) For the Small Business Investment Company (SBIC) program, an applicant must meet one of the following standards:

(1) The same standards applicable under paragraph (a) of this section; or

(2) Including its affiliates, tangible net worth not in excess of \$18 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed fiscal years not in excess of \$6 million. If the applicant is not required by law to pay Federal income taxes at the enterprise level, but is required to pass income through to its shareholders, partners, beneficiaries, or other equitable owners, the applicant's "net income after Federal income taxes" will be its net income reduced by an amount computed as follows:

(i) If the applicant is not required by law to pay State (and local, if any) income taxes at the enterprise level, multiply its net income by the marginal State income tax rate (or by the combined State and local income tax rates, as applicable) that would have applied if it were a taxable corporation.

(ii) Multiply the applicant's net income, less any deduction for State and local income taxes calculated under paragraph (c)(2)(i) of this section, by the marginal Federal income tax rate that would have applied if the applicant were a taxable corporation.

(iii) Add the results obtained in paragraphs (c)(2)(i) and (c)(2)(ii) of this section.

(d) For Surety Bond Guarantee assistance—

(1) Any construction (general or special trade) concern or concern performing a contract for services is small if, together with its affiliates, its average annual receipts do not exceed \$6.5

§ 121.302

13 CFR Ch. I (1–1–08 Edition)

million, except as provided in § 121.301(d)(3).

(2) Any concern not specified in paragraph (d)(1) of this section must meet the size standard for the primary industry in which it, combined with its affiliates, is engaged.

(3) For any contract or subcontract, public or private, to be performed in the Presidentially-declared disaster areas resulting from the 2005 Hurricanes Katrina, Rita or Wilma, a construction (general or special trade) concern or concern performing a contract for services is small if, together with its affiliates, it meets the size standard for the primary industry in which it, together with its affiliates, is engaged, or if it meets the size standard set forth in paragraph (d)(1), whichever is higher.

(e) The applicable size standards for purposes of SBA's financial assistance programs, excluding the Surety Bond Guarantee assistance program, are increased by 25% whenever the applicant agrees to use all of the financial assistance within a labor surplus area. Labor surplus areas are listed monthly in the Department of Labor publication "Area Trends in Employment and Unemployment."

§ 121.302 When does SBA determine the size status of an applicant?

(a) The size status of an applicant for SBA financial assistance is determined as of the date the application for financial assistance is accepted for processing by SBA, except for applications under the Preferred Lenders Program (PLP), the Disaster Loan program, the SBIC program, and the New Markets Venture Capital (NMCV) program.

(b) For the Preferred Lenders program, size is determined as of the date of approval of the loan by the Preferred Lender.

(c) For disaster loan assistance (other than physical disaster loans), size status is determined as of the date the disaster commenced, as set forth in the Disaster Declaration. For economic injury disaster loan assistance under

disaster declarations for Hurricanes Katrina, Rita, and Wilma, size status is determined as of the date SBA accepts the application for processing, and for applications submitted before December 6, 2005, whether denied because of size status or pending, such applications shall be deemed resubmitted on December 6, 2005. For pre-disaster mitigation loans, size status is determined as of the date SBA accepts a complete Pre-Disaster Mitigation Small Business Loan Application for processing. Refer to § 123.408 of this chapter to find out what SBA considers to be a complete Pre-Disaster Mitigation Small Business Loan Application.

(d) For financial assistance from an SBIC licensee or an NMVC company, size is determined as of the date a concern's application is accepted for processing by the SBIC or the NMVC company.

(e) Changes in size after the applicable date when size is determined will not disqualify an applicant for assistance.

§ 121.303 What size procedures are used by SBA before it makes a formal size determination?

(a) A concern that submits an application for financial assistance is deemed to have certified that it is small under the applicable size standard. SBA may question the concern's status based on information supplied in the application or from any other source.

(b) A small business investment company, a development company, a surety bond company, or a preferred lender may accept as true the size information provided by an applicant, unless credible evidence to the contrary is apparent.

(c) Size is initially considered by the individual with final financial assistance authority. This is not a formal size determination. A formal determination may be requested prior to a denial of eligibility based on size.
