

(b) If the DOT decisionmaker does not act in the time period established in paragraph (a) of this section:

(1) in the case of an application for a certificate to engage in foreign air transportation, the recommended decision shall be transmitted to the President of the United States under 49 U.S.C. 41307; or

(2) in the case of an application not subject to review by the President of the United States, the initial decision shall become effective as the final order of the Department.

(c) In the case of a certificate application that has been processed under §302.210(a)(1) or (5), the Department will issue its final order within one hundred eighty (180) days after the order establishing further procedures. If an applicant has failed to meet the procedural schedule established by the Department, the DOT decisionmaker may, by notice, extend the due date for a final decision for a period equal to the period of delay caused by the applicant.

Subpart C—Rules Applicable to Exemption and Certain Other Proceedings

§ 302.301 Applicability.

(a) This subpart sets forth the specific rules applicable to proceedings for exemptions under sections 40109 and 41714 of the Statute, including the granting of emergency exemptions, as well as applications for frequency allocations and other limited authority under international agreements. Except as modified by this subpart, the provisions of subpart A of this part apply.

(b) Proceedings for the issuance of exemptions by regulation are subject to the provisions governing rule-making.

§ 302.302 Filing of applications.

(a) Except as provided in paragraphs (b) and (c) of this section, applications for exemption shall conform to the requirements of §§302.3 and 302.4.

(b) Applications for exemption from section 41101 or 41301 of the Statute (including those that incorporate an exemption from section 41504) that involve ten (10) or fewer flights may be

submitted to the U.S. Air Carrier Licensing Division or the Foreign Air Carrier Licensing Division (as appropriate), Office of International Aviation, on OST Form 4536. However, that form may not be used for:

(1) Applications filed under section 40109(g) of the Statute;

(2) Applications by persons who do not have either:

(i) An effective air carrier certificate or foreign air carrier permit from the Department, or

(ii) A properly completed application for such a certificate or permit, and an effective exemption from the Department for operations similar to those proposed;

(3) Successive applications for the same or similar authority that would total more than ten (10) flights; or

(4) Any other application for which the Department decides the requirements of §§302.3 and 302.4 are more appropriate. Upon a showing of good cause, an application may be filed by cablegram, telegram, facsimile, electronic mail (when available), or telephone; all such telephonic requests must be confirmed by written application within three (3) business days of the original request.

(c) Applications for exemption from Chapter 415 of the Statute, from tariffs (except for waivers filed under subpart Q of part 221 of this chapter), or from Department regulations concerning tariffs may be submitted by letter. Three copies of such applications shall be sent to Department of Transportation Dockets. Upon a showing of good cause, the application may also be filed by cablegram, telegram, facsimile, electronic mail (when available), or telephone; all such requests must be confirmed by written application within three (3) business days of the original request.

(d) Applications filed under paragraph (a) of this section shall be docketed and any additional documents filed shall be identified by the assigned docket number.

(e) Applications filed under paragraph (b) or (c) of this section will normally not be docketed. The Department may require such applications to

§ 302.303

14 CFR Ch. II (1–1–08 Edition)

be docketed if appropriate. The Department will publish a notice of such applications in its Weekly List of Applications Filed.

§ 302.303 Contents of applications.

(a) *Title.* An application filed under § 302.302(a) shall be entitled “Application for . . .” (followed by the type of authority request, e.g., exemption, frequency allocation) and, where applicable, shall state if the application involves renewal and/or amendment of existing exemption authority.

(b) *Factual statement.* Each application shall state:

(1) The section(s) of the Statute or the rule, regulation, term, condition, or limitation from which the exemption is requested;

(2) The proposed effective date and duration of the exemption;

(3) A description of how the applicant proposes to exercise the authority (for example, applications for exemption from section 41101 or 41301 of the Statute should include at least: places to be served; equipment types, capacity and source; type and frequency or service; and other operations that the proposed service will connect with or support); and

(4) Any other facts the applicant relies upon to establish that the proposed service will be consistent with the public interest.

(c) *Supporting evidence.* (1) Each application shall be accompanied by:

(i) A statement of economic data, or other matters or information that the applicant desires the Department to officially notice;

(ii) Affidavits, or statements under penalty of 18 U.S.C. 1001, establishing any other facts the applicant wants the Department to rely upon; and

(iii) Information showing the applicant is qualified to perform the proposed services.

(2) In addition to the information required by paragraph (c)(1) of this section, an application for exemption from section 41101 or 41301 of the Statute (except exemptions under section 40109(g)) shall state whether the authority sought is governed by a bilateral agreement or by principles of comity and reciprocity. Applications by foreign carriers shall state whether the

applicant’s homeland government grants U.S. carriers authority similar to that requested. If so, the application shall state whether the fact of reciprocity has been established by the Department and cite the pertinent finding. If the fact of reciprocity has not been established by the Department, the application shall include documentation to establish such reciprocity.

(d) *Emergency cabotage.* Applications under section 40109(g) of the Statute shall, in addition to the information required in paragraphs (b) and (c) of this section, contain evidence showing that:

(1) Because of an emergency created by unusual circumstances not arising in the normal course of business, traffic in the markets requested cannot be accommodated by air carriers holding certificates under section 41102 of the Statute;

(2) All possible efforts have been made to accommodate the traffic by using the resources of such air carriers (including, for example, the use of foreign aircraft, or sections of foreign aircraft, under lease or charter to such air carriers, and the use of such air carriers’ reservation systems to the extent practicable);

(3) The authority requested is necessary to avoid unreasonable hardship for the traffic in the market that cannot be accommodated by air carriers; and

(4) In any case where an inability to accommodate traffic in a market results from a labor dispute, the grant of the requested exemption will not result in an unreasonable advantage to any party in the dispute.

(e) *Renewal applications.* An application requesting renewal of an exemption or other limited authority under this subpart that is intended to invoke the automatic extension provisions of 5 U.S.C. 558(c) shall comply with, and contain the statements and information required by part 377 of this chapter.

(f) *Record of service.* An application shall list the parties served as required by § 302.304.
