§ 1604.5 Separate service member and civilian accounts.

(a) *Separate accounts.* Service member accounts are maintained separately from civilian accounts. Therefore, service members making both civilian and uniformed services TSP contributions will have two TSP accounts. For those participants, the accounts are treated separately except in the following circumstances:

(1) If a participant contributes to a service member account and a civilian account, the contributions to both accounts together cannot exceed the Internal Revenue Code (26 U.S.C.) contribution limits.

(2) A member of the uniformed services may obtain a loan from his or her account, as described at §1604.10, and the loan will be disbursed from the uniformed services account. If the TSP maintains a service member account and a civilian account for an individual, the TSP will calculate the Internal Revenue Code maximum loan amount using both account balances, as described in §1604.10(a)(3).

(b) *Transfers between TSP accounts.* Service member and civilian TSP account balances may be combined through a transfer (thus producing one account), and the transferred funds will be treated as employee contributions and otherwise invested as described at 5 CFR part 1600. Transfers under this section are subject to the following rules:

(1) An account balance can be transferred once the TSP is informed (by the participant's employing agency) that the participant has separated from either civilian or uniformed services employment.

(2) Combat zone contributions may not be transferred from a uniformed services TSP account to a civilian TSP account.

(3) Transferred funds will be allocated among the TSP Funds according to the contribution allocation in effect

5 CFR Ch. VI (1-1-08 Edition)

for the account into which the funds are transferred.

(4) A service member must obtain the consent of his or her spouse before transferring a uniformed services TSP account balance into a civilian account that is subject to Civil Service Retirement System spousal rights. A request for an exception to the spousal consent requirement will be evaluated under the rules explained in 5 CFR part 1650.

(5) Before the transfer can be accomplished, any outstanding loans from the account to be transferred must be closed as described in 5 CFR part 1655.

§ 1604.6 Error correction.

(a) *General rule.* A service member's employing agency must correct the service member's account if, as the result of employing agency error, a service member does not receive the TSP contributions to which he or she is entitled. Except as provided in paragraph (b) of this section, those corrections must be made in accordance with 5 CFR part 1605.

(b) *Missed bonus contributions.* This paragraph (b) applies when an employing agency fails to implement a contribution election that was properly submitted by a service member requesting that a TSP contribution be deducted from bonus pay. Within 30 days of receiving the employing agency's acknowledgment of the error, a service member may establish a schedule of makeup contributions with his or her employing agency to replace the missed contribution through future payroll deductions. These makeup contributions can be made in addition to any TSP contributions that the service member is otherwise entitled to make.

(1) The schedule of makeup contributions may not exceed four times the number of months it would take for the service member to earn basic pay equal to the dollar amount of the missed contribution. For example, a service member who earns \$29,000 yearly in basic pay and who missed a \$2,500 bonus contribution to the TSP can establish a schedule of makeup contributions with a maximum duration of 8 months. This is because it takes the service member
