

§ 831.503 Retirement based on involuntary separation.

(a) *General.* An employee who would otherwise be eligible for retirement based on involuntary separation from the service is not entitled to an annuity under section 8336(d)(1) of title 5, United States Code, if the employee has declined a reasonable offer of another position.

(b) *Criteria for reasonable offer.* For the purposes of determining entitlement to annuity based on such involuntary separation, the offer of a position must meet all of the following conditions to be considered a reasonable offer:

(1) The offer must be made in writing;

(2) The employee must meet established qualification requirements; and

(3) The offered position must be—

(i) In the employee's agency, including an agency to which the employee with his or her function is transferred in a transfer of functions between agencies;

(ii) Within the employee's commuting area as defined in § 831.1202 of this part, unless geographic mobility is a condition of the employee's employment;

(iii) Of the same tenure and work schedule; and

(iv) Not lower than the equivalent of two grades or pay levels below the employee's current grade or pay level, without consideration of the employee's eligibility to retain his or her current grade or pay under part 536 of this chapter or other authority. In movements between pay schedules or pay systems, the representative rate of the grade or pay level that is two grades below that of the current position shall be compared with the representative rate of the grade or pay level of the offered position. For this purpose, "representative rate" has the meaning given that term in § 536.103 of this chapter.

§ 831.603 Definitions.

As used in this subpart—

CSRS means subchapter III of chapter 83 of title 5, United States Code.

Current spouse means a living person who is married to the employee, Member, or retiree at the time of the employee's, Member's, or retiree's death.

Current spouse annuity means a recurring benefit under CSRS that is payable (after the employee's, Member's, or retiree's death) to a current spouse who meets the requirements of § 831.642.

Deposit means a deposit required by the Civil Service Retirement Spouse Equity Act of 1984, Pub. L. 98-615, 98 Stat. 3195. *Deposit*, as used in this subpart does not include a service credit deposit or redeposit under sections 8334(c) or (d) of title 5, United States Code.

First regular monthly payment means the first annuity check payable on a recurring basis (other than an estimated payment or an adjustment check) after OPM has initially adjudicated the regular rate of annuity payable under CSRS and has paid the annuity accrued since the time of retirement. The "first regular monthly payment" is generally preceded by estimated payments before the claim can be adjudicated and by an adjustment check (including the difference between the estimated rate and the initially adjudicated rate).

Former spouse means a living person who was married for at least 9 months to an employee, Member, or retiree who performed at least 18 months of creditable service in a position covered by CSRS and whose marriage to the employee was terminated prior to the death of the employee, Member, or retiree. Except in §§ 831.682 and 831.683, *former spouse* includes only persons who were married to an employee or Member on or after May 7, 1985, or who were the spouse of a retiree who retired on or after May 7, 1985, regardless of the date of termination of the marriage.

Former spouse annuity means a recurring benefit under CSRS that is pay-

able to a former spouse after the employee's, Member's, or retiree's death.

Fully reduced annuity means the recurring payments under CSRS received by a retiree who has elected the maximum allowable reduction in annuity to provide a current spouse annuity and/or a former spouse annuity or annuities.

Insurable interest annuity means the recurring payments under CSRS to a retiree who has elected a reduction in annuity to provide a survivor annuity to a person with an insurable interest in the retiree.

Marriage means a marriage recognized in law or equity under the whole law of the jurisdiction with the most significant interest in the marital status of the employee, Member, or retiree unless the law of that jurisdiction is contrary to the public policy of the United States. If a jurisdiction would recognize more than one marriage in law or equity, the Office of Personnel Management (OPM) will recognize only one marriage, but will defer to the local courts to determine which marriage should be recognized.

Member means a Member of Congress.

Net annuity means the net annuity as defined in § 838.103 of this chapter.

Partially reduced annuity means the recurring payments under CSRS to a retiree who has elected less than the maximum allowable reduction in annuity to provide a current spouse annuity or a former spouse annuity.

Present value factor means the amount of money (earning interest at an assumed rate) required at the time of retirement to fund an annuity that starts out at the rate of \$1 a month and is payable in monthly installments for the annuitant's lifetime based on mortality rates for non-disability annuitants under the Civil Service Retirement System; and increases each year at an assumed rate of inflation. Interest, mortality, and inflation rates used in computing the present value are those used by the Board of Actuaries of the Civil Service Retirement System for valuation of the System, based on dynamic assumptions. The present value factors are unisex factors obtained by averaging six distinct present value factors, weighted by the
