§ 1209.30

Tennessee, North Carolina, South Carolina, Florida, and the Commonwealth of Puerto Rico—1 Member.

(c) Importers shall be represented by a single, separate region, referred to as Region 5, consisting of the United States as defined in §1209.21(b) when imports, on average, equal or exceed 35,000,000 pounds of mushrooms annually.

(d) At least every five years, and not more than every three years, the Council shall review changes in the geographic distribution of mushroom production volume throughout the United States and import volume, using the average annual mushroom production and imports over the preceding four years, and, based on such review, shall recommend to the Secretary reapportionment of the regions established in paragraph (b), or modification of the number of members from such regions, as determined under the rules established in paragraph (e), or both, as necessary to best reflect the geographic distribution of mushroom production volume in the United States and representation of imports, if applicable.

(e) Subject to the nine-member maximum limitation, the following procedure will be used to determine the number of members for each region to serve on the Council under paragraph (d):

(1) Each region that produces, on average, at least 35,000,000 pounds of mushrooms annually shall be entitled to one representative on the Council.

(2) As provided in paragraph (c), importers shall be represented by a single, separate region, which shall be entitled to one representative, if such region imports, on average, at least 35,000,000 pounds of mushrooms annually.

(3) Each region shall be entitled to representation by an additional Council member for each 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000 pounds required to qualify the region for representation.

(4) Should, in the aggregate, regions be entitled to levels of representation under paragraphs (e) (1), (2) and (3) that would exceed the nine-member limit on the Council under the Act, the regions

shall be entitled to representation on the Council as follows:

(i) Each region first shall be assigned one representative on the Council pursuant to paragraphs (e) (1) and (2).

(ii) Then, each region with 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000 pounds required to qualify the region for representation shall be assigned one additional representative on the Council, except that if under such assignments all five regions, counting importers as a region, if applicable, would be entitled to additional representatives, that region with the smallest on-average volume, in terms of production or imports, will not be assigned an additional representative.

(iii) After members are assigned to regions under paragraphs (e)(4) (i) and (ii), if less than the entire nine seats on the Council have been assigned to regions, the remaining seats on the Council shall be assigned to each region for each 50,000,000 pound increment of annual production or import volume, on average, in excess of 85,000,000 pounds until all the seats are filled. If for any such 50,000,000 pound increment, more regions are eligible for seats than there are seats available, the seat or seats assigned for such increment shall be assigned to that region or those regions with greater on-average production or import volume than the other regions otherwise eligible at that increment level.

(f) In determining the volume of mushrooms produced in the United States or imported into the United States for purposes of this section, the Council and the Secretary shall:

(2) All producers or importers within the region may participate in the caucus. However, if a producer is engaged in the production of mushrooms in more than one region or is also an importer, such person's participation within a region shall be limited to one vote and shall only reflect the volume of such person's production or imports within the applicable region.

(3) The regional caucus shall conduct the selection process for the nominees in accordance with procedures to be adopted at the caucus subject to the following requirements:

(i) There shall be two individuals nominated for each open position.

(ii) Each nominee shall meet the qualifications set forth in the call.

(iii) If a producer nominee is engaged in the production of mushrooms in more than one region or is also an importer, such individual shall participate within the region that such individual so elects in writing to the Council and such election shall remain controlling until revoked in writing to the Council.
