Further, in the event the easement holder dissolves or attempts to terminate the easement, then all right, title, and interest shall revert to the United States of America.

(g) Should this easement be transferred pursuant to this section, all warranties and indemnifications provided for in this Deed shall continue to apply to the United States. Subsequent to the transfer of this easement, the easement holder shall be responsible for conservation planning and implementation and will adhere to the NRCS Field Office Technical Guide for maintaining the viability of grassland and other conservation values.
