

§ 1434.9

7 CFR Ch. XIV (1-1-08 Edition)

be new or must be used drums that have been reconditioned inside and outside. Drums must be clean, treated inside and outside to prevent rusting, fitted with gaskets that provide a tight seal and have an inside coating suitable for honey storage.

(7) IBC's are bulk containers with a polyethylene inner bottle and a galvanized steel protective cage, a capacity of either 275 or 330 gallons, and are reusable. IBC's must be clean, sound and provide a tight seal.

(b) Honey shall not be eligible to be pledged as collateral for loans if such honey is stored in:

(1) 55-gallon steel drums having a tare weight less than 38 pounds, 30-gallon steel drums having a tare weight less than 26 pounds, or drums having removable liners of polyethylene or other materials;

(2) Bung-type drums;

(3) Bulk tanks;

(4) Containers that do not meet the specified requirements of paragraph (a) of this section or other CCC specifications or requirements.

(5) Steel drums that are severely enough dented as to cause damage to their lining, improper seal, or stacking capabilities; and

(6) Rusted drums with corroded areas.

§ 1434.9 Determination of quantity.

The amount of a marketing assistance loan and loan deficiency payment shall be based on 100 percent of the net weight in pounds of such quantity certified by the producer and verified by the county office representative for honey on Form CCC-633 (Honey) that is eligible to be pledged as security for the loan or LDP Estimates of the quantity of honey shall be made on the basis of 12 pounds for each gallon of rated capacity of the container.

§ 1434.10 Application, availability, disbursement, and maturity.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the appropriate FSA county office responsible for administering the program as provided under part 718 of this title. To re-

ceive loans and loan deficiency payments for honey, a producer shall execute a note and security agreement or loan deficiency payment application on or before March 31 of the year following the year in which the honey was extracted.

(b) A producer must request a loan at the county office of the county where the honey is stored if the honey is stored at the producer's farm. A producer who requests a loan on honey stored in eligible storage other than the producer's farm, may request loans at either the county office of the county where the storage facility is located or at the county office of the county where the producer's main place of business is located. A CMA must request loans at the county office for the county in which the principal office of the CMA is located unless the State committee designates another county office. If the CMA has operations in two or more States, the CMA must file its loan applications at the county office for the county in which its principal office for each State is located.

(c) Loans will be made on the honey as declared and certified by the producer on Form CCC-633 (Honey), (Honey Loan Certification and Worksheet) at the time the honey is pledged as collateral for a loan. The producer is also required to declare and certify on Form CCC-633 (Honey) the class (table or nontable) and floral source of the honey at the time the honey is pledged as collateral for a loan.

(d) The request for a loan shall not be approved until all producers having an interest in the honey sign the note and security agreement and CCC approves such note and security agreement. The disbursement of loans will be made by county offices on behalf of CCC, for honey that:

(1) Has been extracted;

(2) Is in eligible storage; and

(3) Has not been blended or mixed with ineligible honey.

(e) Loans mature on demand but not later than the last day of the ninth calendar month following the month in which the note and security agreement was approved. When the final maturity date falls on a non-workday for county offices, CCC shall extend the final date to the next workday. Before the date

determined in paragraph (a) of this section, a producer may re-offer as loan collateral any eligible honey that has been offered previously for a CCC loan and the loan has been repaid at principal plus interest only.

(f) If, after a loan is made, CCC determines that the producer or the honey collateral is not in compliance with any of the provisions of this part, the producer shall refund the total amount disbursed under loan and charges plus interest, including late payment interest as provided in part 1403 of this title.

[66 FR 15177, Mar. 15, 2001, as amended at 67 FR 64481, Oct. 18, 2002]

§ 1434.11 Fees and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC. The loan service fee shall be the smaller of one-half of 1 percent (.005) times the gross loan amount or \$45 per loan plus \$3 for each storage structure over one.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter.

§ 1434.12 Liens.

(a) CCC's security interest in the honey pledged as collateral is first and superior to all other security interests.

(b) The county office shall file or record, as required by State law, all financing statements needed to perfect a security interest in honey pledged as collateral for a loan. The cost of filing and recording shall be for the account of CCC.

(c) If there are any other security interests, liens, or encumbrances on the honey, CCC shall obtain waivers that fully protect the interest of CCC even though the security interests, liens, or encumbrances are satisfied from the loan proceeds. No additional security interests, liens, or encumbrances shall be placed on the honey after the loan is approved.

§ 1434.13 Transfer of producer's interest prohibited.

Absent written approval from CCC, the producer shall not transfer either the remaining interest in, or right to redeem, the honey pledged as collateral for a loan on honey nor shall anyone acquire such interest or right. Subject to the provisions of §1434.17, a producer

who wishes to liquidate all or part of a loan by contracting for the sale of the honey must obtain written approval from the county office on a form prescribed by CCC to remove a specified quantity of the honey from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office.

§ 1434.14 Loss or damage.

The producer is responsible for any loss in quantity or quality of the honey pledged as collateral for a loan. CCC shall not assume any loss in quantity or quality of the loan collateral.

§ 1434.15 Personal liability of the producer.

(a) When applying for an individual or joint loan or loan deficiency payment, each producer agrees:

(1) When signing Form CCC-633 (Honey), Honey Loan Certification and Worksheet and Form CCC-677, Farm Storage Note and Security Agreement, that the producer will:

(i) Provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest; and

(ii) Not remove or dispose of any amount of the loan quantity without prior written approval from CCC in accordance with this section.

(2) That violation of the terms and conditions of this part and Form CCC-677 will cause harm or damage to CCC in that funds may be disbursed to the producer for a loan quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(b) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification or:

(1) Unauthorized removal of honey, which shall include, but is not limited to, the movement of any loan quantity of honey from the storage structure in the commodity was stored when the loan was approved to any other storage structure whether or not such structure is located on the producer's farm without prior written authorization
