

(b) *Minor project.* Minor project means a project costing \$100,000 or less. Such a project qualifies for advance of loan funds even though it may not have been included in an RUS-approved borrower's CWP, amendment to such CWP, or approved loan. Total advances requested shall not exceed the total loan amount. All projects for which loan fund advances are requested must be constructed to achieve purposes permitted by terms of the loan contract between the borrower and RUS.

(c) *Certification.* Pursuant to the applicable provisions of the RUS loan contract, borrowers shall certify with each request for funds to be approved for advance that such funds are for projects in compliance with this section and shall also provide for those that cost in excess of \$100,000, a contract or work order number as applicable and a CWP cross-reference project coded identification number. For a minor project not included in an RUS approved borrower's CWP, the Borrower shall describe the project and do one of the following to satisfy RUS' environmental requirements (see 7 CFR part 1794).

(1) If applicable, state that the project is a categorical exclusion of a type described in §1794.21(b), which normally does not require preparation of an Environmental Report (ER); or

(2) If applicable, state that the project is a categorical exclusion of a type that normally requires an ER and then:

(i) Submit the ER with the request for funds to be approved for advance, or

(ii) If applicable, certify that it has analyzed the minor project with respect to a comprehensive service area environmental map and data base collected and used in preparing the ER for its RUS-approved borrower's CWP, and that on the basis of that information, the minor project will not be located in an environmentally sensitive area or location.

(d) *Noncompliance.* Where insured loan funds are found to have been advanced in noncompliance with this section, borrowers will be required to deposit the appropriate amount of the over-advance in the construction fund-trustee account and pay any accrued and unpaid interest to RUS. The Ad-

ministrator will require borrowers, in order to remedy such noncompliance, to pay an additional amount equal to the interest on the funds over-advanced for the period such funds were outstanding, calculated at a rate equal to the difference between the RUS loan interest rate and the most recent rate at which RUS sold Certificates of Beneficial Ownership (CBO's). While RUS will generally permit the amount of over-advance deposited in the construction fund-trustee account to be subsequently used by the borrower for RUS approved projects, nothing in this section shall be construed to preclude RUS from exercising any rights or remedies which RUS may have pursuant to the loan contract.

### Subpart B—Extensions of Payments of Principal and Interest

SOURCE: 67 FR 485, Jan. 4, 2002, unless otherwise noted.

#### § 1721.100 Purpose.

This subpart contains RUS procedures and conditions under which Borrowers of loans made by RUS may request RUS approval for extensions for the payment of principal and interest.

#### § 1721.101 General.

(a) The procedures in this subpart are intended to provide Borrowers with the flexibility to request an extension of principal and interest as authorized under section 12(a) of the RE Act and section 236 of the Disaster Relief Act of 1970 (Public Law 91-606).

(b) The total amount of interest that has been deferred, including interest on deferred principal, will be added to the principal balance, and the total amount of principal and interest that has been deferred will be reamortized over the remaining life of the applicable note beginning in the first year the deferral period ends.

(c) Payment of principal and interest will not be extended more than 5 years after such payment is due as originally scheduled. However, in cases where the extension is being granted because, at

## § 1721.102

the sole discretion of the Administrator, a severe hardship has been experienced, the Administrator may grant a longer extension provided that the maturity date of any such loan does not extend to a date beyond forty (40) years from the date of the note.

[67 FR 485, Jan. 4, 2002, as amended at 68 FR 37953, June 26, 2003]

### § 1721.102 Definitions.

The definitions contained in 7 CFR 1710.2 are applicable to this subpart unless otherwise stated.

### § 1721.103 Policy.

(a) In reviewing requests for extension of payment of principal and interest, consideration shall be given to the effect of such extensions on the security of the Government's loans, and on the ability of the Borrower to achieve program objectives. It is the policy of RUS to extend the time for payment of principal and interest on the basis of findings that such extension does not impair the security and feasibility of the Government's loans and:

(1) Is essential to the effectiveness of the Borrower's operations in achieving RUS program objectives which include providing reliable, affordable electricity to RE Act beneficiaries;

(2) Is necessary to help a Borrower place its operations on a more stable financial basis and thereby provide assurance of repayment of loans within the time when payments of such loans are due under the terms of the note or notes as extended; or

(3) Is otherwise in the best interest of the Government.

(b) Extensions will be given in the minimum amount to achieve the purpose of the extension.

(c) The maximum interest rate a RUS Borrower can charge on deferments for programs relating to consumer loans, *e.g.*, energy resource conservation (ERC) program, contribution-in-aid of construction (CIAC), etc., will not be more than 300 basis points above the average interest rate on the note(s) being deferred. For example, if the RUS Borrower's average interest rate on the note(s) being deferred is 5

## 7 CFR Ch. XVII (1-1-08 Edition)

percent, the RUS Borrower can charge a maximum interest rate of 8 percent.

[67 FR 485, Jan. 4, 2002, as amended at 68 FR 37953, June 26, 2003]

### § 1721.104 Eligible purposes.

(a) *Deferments for financial hardship.*

(1) In cases of financial hardship, a Borrower may request that RUS defer principal or interest or both. RUS will consider whether the deferral will help a Borrower place its operations on a more stable financial basis and thereby provide assurance of repayment of loans within the time when payment of such loans are due under the terms of the note or notes as extended.

(2) RUS will determine whether a Borrower qualifies for the deferment on a case-by-case basis, considering such factors as the following:

(i) Substantial unreimbursed or uninsured expenses relating to storm damage;

(ii) Loss of large power load (as defined in §1710.7(c)(6)(ii) of this chapter, Large retail power contracts); or

(iii) Substantial loss of consumers or load due to hostile annexations and condemnations, without adequate compensation.

(b) *Deferments for energy resource conservation (ERC) loans.* (1) A Borrower may request that RUS defer principal payments to make funds available to the Borrower's consumers to conserve energy. Amounts deferred under this program can be used to cover the cost of labor and materials for the following energy conservation measures:

(i) Caulking;

(ii) Weather-stripping;

(iii) Heat pump systems (including water source heat pumps);

(iv) Heat pumps, water heaters, and central heating or central air conditioning system replacements or modifications, which reduce energy consumption;

(v) Ceiling insulation;

(vi) Wall insulation;

(vii) Floor insulation;

(viii) Duct insulation;

(ix) Pipe insulation;

(x) Water heater insulation;

(xi) Storm windows;

(xii) Thermal windows;

(xiii) Storm or thermal doors;
