

## Rural Utilities Service, USDA

## § 1778.10

(ii) Quantity of water available from an established system's source of water—20 points; or

(iii) Quality of water available from private individually owned wells or other individual sources of water—30 points; or

(iv) Quality of water available from an established system's source of water—20 points.

(4) *Imminent decline.* The proposed project will attempt to avert an imminent decline expected to occur during the one-year period following the filing of an application—10 points.

(NOTE: If points were assigned above for a significant decline, no points will be awarded for imminent decline.)

(5) *Acute shortage.* Grants made in accordance with §1778.11(b) of this part to assist an established water system remedy an acute shortage of quality water or correct a significant decline in the quantity or quality of water that is available—10 points.

(6) *Discretionary.* In certain cases the Administrator may assign up to 30 points for items such as geographic distribution of funds, rural residents hauling water, severe contamination levels, etc.

### § 1778.8 [Reserved]

### § 1778.9 Uses.

Grant funds may be used for the following purposes:

(a) Waterline extensions from existing systems.

(b) Construction of new waterlines.

(c) Repairs to an existing system.

(d) Significant maintenance to an existing system.

(e) Construction of new wells, reservoirs, transmission lines, treatment plants, and other sources of water.

(f) Equipment replacement.

(g) Connection and/or tap fees.

(h) Pay costs that were incurred within six months of the date an application was filed with the Agency to correct an emergency situation that would have been eligible for funding under this part.

(i) Any other appropriate purpose such as legal fees, engineering fees, recording costs, environmental impact analyses, archaeological surveys, possible salvage or other mitigation meas-

ures, planning, establishing or acquiring rights associated with developing sources of, treating, storing, or distributing water.

(j) Assist rural water systems to comply with the requirements of the Federal Water Pollution Control Act (33 U.S.C. 1251 *et seq.*) (FWPCA) or the SDWA when such failure to comply is directly related to a recent decline in quality of potable water. This would not apply to changes in the requirements of FWPCA or SDWA.

(k) Provide potable water to communities through means other than those covered above for not to exceed 120 days when a more permanent solution is not feasible in a shorter time frame.

### § 1778.10 Restrictions.

(a) Grant funds may not be used to:

(1) Assist any city or town with a population in excess of 10,000 inhabitants according to the most recent decennial census of the United States. Facilities financed by RUS may be located in non-rural areas. However, loan and grant funds may be used to finance only that portion of the facility serving rural areas, regardless of facility location.

(2) Assist a rural area that has a median household income in excess of the statewide nonmetropolitan median household income according to the most recent decennial census of the United States.

(3) Finance facilities which are not modest in size, design, cost, and are not directly related to correcting the potable water quantity or quality problem.

(4) Pay loan or grant finder's fees.

(5) Pay any annual recurring costs that are considered to be operational expenses.

(6) Pay rental for the use of equipment or machinery owned by the rural community.

(7) Purchase existing systems.

(8) Refinance existing indebtedness, except for short-term debt incurred in accordance with §1778.9(h).

(9) Make reimbursement for projects developed with other grant funds.

(10) Finance facilities that are not for public use.

(b) Nothing in paragraph (a)(1) of this section shall preclude rural areas from

submitting joint proposals for assistance under this part. Each entity applying for financial assistance under this part to fund their share of a joint project will be considered individually.

### § 1778.11 Maximum grants.

(a) Grants not to exceed \$500,000 may be made to alleviate a significant decline in quantity or quality of water available to a rural area that occurred within two years of filing an application with the Agency, or to attempt to avoid a significant decline that is expected to occur during the twelve month period following the filing of an application.

(b) Grants made for repairs, partial replacement, or significant maintenance on an established system to remedy an acute shortage or significant decline in the quality or quantity of potable water, or an anticipated acute shortage or significant decline, cannot exceed \$150,000.

(c) Grants under this part, subject to paragraphs (a) and (b) of this section, shall be made for 100 percent of eligible project costs.

### § 1778.12 [Reserved]

### § 1778.13 Set-aside.

(a) At least 70 percent of all grants made under this grant program shall be for projects funded in accordance with §1778.11(a).

(b) At least 50 percent of the funds appropriated for this grant program shall be allocated to rural areas with populations not in excess of 3,000 inhabitants according to the most recent decennial census of the United States.

### § 1778.14 Other considerations.

(a) *Civil rights compliance requirements.* All grants made under this part are subject to Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*) as outlined in subpart E of part 1901 of this title.

(b) *Environmental requirements.* All projects must have appropriate environmental reviews in accordance with RUS requirements.

(c) *Uniform Relocation and Real Property Acquisition Policies Act (42 U.S.C. 4601 *et seq.*).* All projects must comply

## 7 CFR Ch. XVII (1-1-08 Edition)

with the requirements set forth in 7 CFR Part 21.

(d) *Flood and mudslide hazard area precautions.* If the project is located in a flood or mudslide area, then flood or mudslide insurance must be provided as required in subpart A of part 1806 of this title (RD Instruction 426.2).

(e) *Governmentwide debarment and suspension* (nonprocurement) and requirements for drug-free work place. All projects must comply with the requirements set forth in the U.S. Department of Agriculture regulations 7 CFR part 3017 and RD Instruction 1940-M.

(f) *Intergovernmental review.* All projects funded under this part are subject to Executive Order 12372 (3 CFR, 1983 Comp., p. 197), which requires intergovernmental consultation with State and local officials. These requirements are set forth in U.S. Department of Agriculture regulations 7 CFR part 3015, Subpart V, and RD Instruction 1940-J.

### §§ 1778.15-1778.20 [Reserved]

### § 1778.21 Application processing.

(a) The material submitted with the application should include the Preliminary Engineering Report, population and median household income of the area to be served, description of project, and nature of emergency that caused the problem(s) being addressed by the project. The documentation must clearly show that the applicant has had a significant decline in the quantity or quality of potable water or an acute shortage of potable water, or that such a decline or shortage is imminent, and that the proposed project will eliminate or alleviate the problem. For projects to be funded in accordance with §1778.11 (a), evidence must be furnished that a significant decline in quantity or quality occurred within two years before filing the application with the Agency, or is expected to occur within one year after filing the application.

(b) When favorable action will not be taken on an application, the applicant will be notified in writing by the State Program Official of the reasons why the request was not favorably considered. Notification to the applicant will state that a review of this decision by
