

§ 1788.12

(b) Electric borrowers shall also ensure that all architects and engineers working under contract with the borrower have insurance coverage for Errors and Omissions (Professional Liability Insurance) in an amount at least as large as the amount of the architectural or engineering services contract but not less than \$500,000.

(c) The borrower may increase the limits of insurance if desired.

(d) The minimum requirement of \$1 million of public liability insurance does not apply to contractors performing maintenance work, janitorial-type services, meter reading services, rights-of-way mowing, and jobs of a similar nature. However, borrowers shall ensure that the contractor performing the work has public liability coverage at a level determined to be appropriate by the borrower.

(e) If requested by RUS, the borrower shall provide RUS with a certificate from the contractor, engineer, or architect evidencing compliance with the requirements of this section.

§ 1788.12 Contractors' bonds.

Electric borrowers shall require contractors to obtain contractors' bonds when required by part 1726, Electric System Construction Policies and Procedures, of this chapter. Surety companies providing contractors' bonds shall be listed as acceptable sureties in the U.S. Department of Treasury Circular No. 570. The circular is maintained through periodic publication in the FEDERAL REGISTER and is available on the Internet under <ftp://ftp.fedworld.gov/pub/tel/sureties.txt>, and on the Department of the Treasury's computer bulletin board at 202-874-6817.

Subpart C—Insurance for Contractors, Engineers, and Architects, Telecommunications Borrowers

§ 1788.46 General.

This subpart sets forth RUS policies for minimum insurance requirements for contractors, engineers, and architects performing work under contracts which are wholly or partially financed

7 CFR Ch. XVII (1-1-08 Edition)

by RUS loans or guarantees with telecommunications borrowers.

§ 1788.47 Policy requirements.

(a) Contractors, engineers, and architects performing work for borrowers under construction, engineering, and architectural service contracts shall obtain insurance coverage, as required in § 1788.48, and maintain it in effect until work under the contracts is completed.

(b) Contractors entering into construction contracts with borrowers shall furnish a contractors' bond, except as provided for in § 1788.49, covering all of the contractors' undertaking under the contract.

(c) Borrowers shall make sure that their contractors, engineers, and architects comply with the insurance and bond requirements of their contracts.

§ 1788.48 Contract insurance requirements.

Contracts entered into between borrowers and contractors, engineers, and architects shall provide that they take out and maintain throughout the contract period insurance of the following types and minimum amounts:

(a) Workers' compensation and employers' liability insurance, as required by law, covering all their employees who perform any of the obligations of the contractor, engineer, and architect under the contract. If any employer or employee is not subject to the workers' compensation laws of the governing state, then insurance shall be obtained voluntarily to extend to the employer and employee coverage to the same extent as though the employer or employee were subject to the workers' compensation laws.

(b) Public liability insurance covering all operations under the contract shall have limits for bodily injury or death of not less than \$1 million each occurrence, limits for property damage of not less than \$1 million each occurrence, and \$1 million aggregate for accidents during the policy period. A single limit of \$1 million of bodily injury and property damage is acceptable. This required insurance may be in a policy or policies of insurance, primary and excess including the umbrella or catastrophe form.
